To begin, locate the seams on the spherical capsule. The capsule is designed to split into five segments. Gently peel back the outer layers or twist the capsule halves to reveal the individual compartments. Each compartment will contain a wrapped miniature item.

Operating

Once the capsule is open, unwrap each of the five surprises. You will discover miniature replicas of various brands. These can include common items, rare metallic versions, glow-in-the-dark minis, or super rare gold minis. A collector's guide is often included to help you track your collection.

Some capsules may also contain miniature shopping accessories such as baskets, carts, or shelves. These accessories can be used to display your collection and create a miniature shopping world.

Maintenance

To maintain the condition of your Mini Brands collectibles, keep them clean and free from dust. Wipe them gently with a dry, soft cloth if necessary. Store them in a dry place away from direct sunlight to prevent discoloration or damage. These items are not intended for use with liquids or food.

Troubleshooting

- **Receiving Duplicate Items:** As a collectible product, receiving duplicate items is a normal part of the collection process. Continue collecting to find new and rare items.
- **Items are Too Small:** The product consists of miniature replicas. They are intentionally small and are not full-sized versions of the brands they represent.
- **Capsule Difficult to Open:** Ensure you are twisting or peeling along the designated seams. If resistance is met, apply gentle, even pressure.
