4. OPERATING INSTRUCTIONS

The NERF Bulls-Eye Digital Target features an LCD screen for score tracking and multiple game modes to challenge your skills.

4.1 Game Modes

- **Point Counter:** Track your total score as you hit the various targets. Each target has a designated point value (e.g., 5, 10, 15, 25, 50, 75), and the bullseye awards 100 points.
- **Stack 'Em:** A game mode designed to test your speed and accuracy.
- **Accuracy Test:** Focus on hitting specific targets to improve your precision.

The target allows for both solo and multiplayer gameplay, making it versatile for individual practice or competitive fun.

5. MAINTENANCE

- **Cleaning:** Wipe the target surface with a soft, dry cloth. Do not use abrasive cleaners or immerse the unit in water.
- **Battery Replacement:** If the target's lights, sounds, or LCD screen begin to malfunction, replace the AA batteries. Ensure proper polarity during installation.
- **Storage:** Store the target in a cool, dry place away from direct sunlight and extreme temperatures when not in use.

6. TROUBLESHOOTING

- **Target Not Responding:** Check if the batteries are correctly installed and have sufficient charge. Replace batteries if necessary. Ensure targets are manually reset after being hit.
- **No Sound/Lights:** Verify battery power. If issues persist, ensure no debris is obstructing the sensors or speakers.
- **Inaccurate Scoring:** Ensure darts are hitting the targets directly and with sufficient force to register. Check for any physical obstructions or damage to the target mechanisms.
- **Volume Control:** Please note that this model does not feature a dedicated volume control.
