52TOYS BEAST BOX BB-09 ECHOBLASTER Robotic Macaw Instruction Manual

Model: BB-09

1. INTRODUCTION

The 52TOYS BEAST BOX BB-09 ECHOBLASTER is a unique collectible figure designed to transform between a compact cube form and a detailed robotic macaw. This manual provides essential information for safe handling, transformation, and maintenance of your ECHOBLASTER figure.

Important Safety Information

- This product is ONLY suitable for individuals aged 15 years and older.
- Product contains small parts which may pose a choking hazard. Keep away from young children.
- Exercise caution when unpacking and handling, as some parts may have sharp edges.
- DO NOT insert fingers into slotted sections during transformation to prevent pinching.
- Avoid inappropriate twisting or bending with excessive force, as this may damage components.

2. PACKAGE CONTENTS

Verify that all components are present in your package:

- 1 x 52TOYS BEAST BOX BB-09 ECHOBLASTER Figure
- 1 x Display Stand
- Instruction Manual (this document)

3. INITIAL SETUP AND TRANSFORMATION GUIDANCE

Your ECHOBLASTER figure arrives in its cube form. For the first transformation, it is highly recommended to carefully follow the included transformation guide (often a separate diagram or detailed steps within the manual) to familiarize yourself with the mechanism. The transformation process involves intricate movements and precise alignment of parts.

4. OPERATING INSTRUCTIONS: TRANSFORMATION

The core function of the ECHOBLASTER is its ability to transform between a 5cm cube and a robotic macaw. This process requires careful manipulation of its various joints and panels.

General Transformation Steps:

1. **Review the Transformation Diagram:** Always refer to the detailed diagram provided with your product for specific step-by-step instructions.
2. **Identify Key Joints:** Locate the main pivot points and hinges on the figure.
3. **Apply Gentle Pressure:** When moving parts, apply steady, gentle pressure. Avoid forcing any components.

4. **Align Panels:** Ensure all panels and tabs are correctly aligned and securely locked into place in both cube and robotic forms.
5. **Utilize the Stand:** The included stand can be used to display the ECHOBLASTER in its robotic macaw form.

5. MAINTENANCE

Cleaning

To clean your ECHOBLASTER figure, gently wipe it with a soft, dry cloth. For stubborn dirt, a slightly damp cloth can be used, followed by immediate drying. Avoid using harsh chemicals, abrasive cleaners, or excessive moisture, as these can damage the paint or plastic.

Storage

Store the figure in a cool, dry place away from direct sunlight and extreme temperatures. Prolonged exposure to sunlight can cause discoloration. When not on display, storing the figure in its cube form can help protect delicate parts.

6. TROUBLESHOOTING

Difficulty Transforming

- **Refer to the Manual:** Double-check the transformation steps in the provided diagram. Small details can be easily missed.
- **Check for Obstructions:** Ensure no parts are catching or misaligned.
- **Apply Gentle Wiggling:** Sometimes a slight wiggle can help parts disengage or align. Do not force.

Loose Joints

- **Inspect Joints:** Check if any screws are loose (if applicable) or if the joint mechanism appears damaged.
- **Contact Support:** If a joint is excessively loose and affects stability, contact customer support for assistance.
