## Festive Lights BL110WW

# Festive Lights BL110WW Outdoor Festoon Lights User Manual

Model: BL110WW | Brand: Festive Lights

## INTRODUCTION

This manual provides detailed instructions for the safe and efficient use of your Festive Lights BL110WW Outdoor Festoon Lights. Please read this manual thoroughly before installation and operation, and retain it for future reference.

## PRODUCT OVERVIEW

The Festive Lights BL110WW is a set of battery-operated LED festoon lights designed for decorative illumination. It features 10 frosted LED bulbs on a 4.5-meter black cable, suitable for both indoor and outdoor use with an IP44 rating.

## SETUP INSTRUCTIONS

---

### 1. Battery Installation

1. Locate the battery compartment on the string lights.
2. Unscrew the cap of the battery compartment.
3. Insert 3 x AA batteries (not included), ensuring correct polarity (+/-).
4. Securely screw the cap back onto the battery compartment to ensure water resistance.

### 2. Placement and Hanging

- The lights are designed for both indoor and outdoor use, with an IP44 rating for water and dirt resistance.
- Each bulb features a practical hook for easy hanging.
- Hang the lights along pergolas, fences, walls, or other desired structures. Ensure the battery pack is positioned in a location that allows for easy access and protection from extreme weather conditions.

## OPERATING INSTRUCTIONS

---

### Power On/Off and Timer Function

The battery compartment includes a switch for controlling the lights and activating the timer function.

- **OFF:** Slide the switch to the "OFF" position to turn the lights off.
- **ON:** Slide the switch to the "ON" position to turn the lights on continuously.
- **TIMER:** Slide the switch to the "TIMER" position to activate the built-in timer. When the timer is active, the lights will automatically turn on for 6 hours, then turn off for 18 hours, and repeat this cycle daily.

For optimal battery life, it is recommended to use the timer function.

## MAINTENANCE

---

- **Cleaning:** The lights are resistant to water and dirt (IP44 rated). To clean, gently wipe the bulbs and cable with a damp cloth. Do not immerse the battery compartment in water.
- **Battery Replacement:** When the lights dim or stop working, replace all 3 AA batteries with new ones, following the battery installation steps.
- **Storage:** If storing the lights for an extended period, remove the batteries to prevent leakage and corrosion. Store in a cool, dry place.

TROUBLESHOOTING

Problem	Possible Cause	Solution
Lights do not turn on.	<ul style="list-style-type: none"> <li>Batteries are dead or incorrectly inserted.</li> <li>Switch is in "OFF" position.</li> <li>Timer is active and lights are in off cycle.</li> </ul>	<ul style="list-style-type: none"> <li>Replace batteries with new ones, ensuring correct polarity.</li> <li>Slide switch to "ON" or "TIMER".</li> <li>Wait for the timer cycle to turn lights on, or switch to "ON".</li> </ul>
Lights are dim.	Batteries are low.	Replace batteries with new ones.
Lights turn off unexpectedly.	Timer function is active.	This is normal operation for the timer function (6 hours on, 18 hours off). If continuous light is desired, switch to "ON".
