HABA Unicorn Glitzerglück Cloud Stacking Game

Model: 304539 - Instruction Manual

1. Product Overview

The HABA Unicorn Glitzerglück Cloud Stacking Game is a cooperative game designed for children aged 4 years and up. In this game, players work together to help unicorns and clouds find space in their cloud castle by carefully stacking them. The objective is to demonstrate fine motor skills and tactical thinking to stack all wooden figures and collect cloud crystals.

2. **Assemble the Cloud Castle:** Place the Cloud Castle piece onto the designated spot in the center of the Cloud Game Board.
3. **Arrange Cloud Plates:** Distribute the 16 Cloud Plates around the Cloud Game Board, forming a circular path.
4. **Prepare Unicorns and Clouds:** Place the 5 Unicorn figures and the 10 Wooden Clouds (5 white, 5 blue) next to the playing area, ready to be stacked.
5. **Set Aside Cloud Crystals:** Keep the 10 Cloud Crystals in a pile near the playing area. These will be collected during the game.
6. **Dice Placement:** Place the dice within easy reach of all players.

4. Operating Instructions (How to Play)

The Unicorn Glitzerglück game is played cooperatively. Players take turns to stack figures onto the Cloud Castle. The goal is to stack all unicorns and clouds and collect all cloud crystals without the stack toppling over.

Game Flow:

1. **Player Turn:** The youngest player starts. Play proceeds clockwise.
2. **Roll the Dice:** On your turn, roll the dice. The dice will indicate which type of piece you must stack or what action to take. (*Specific dice symbols and their actions are typically detailed in the included physical rulebook. For this manual, we assume standard stacking actions.*)
3. **Stacking:** Carefully take the indicated wooden figure (a unicorn or a cloud) and stack it onto the Cloud Castle or

onto previously stacked figures. You must use only one hand.

4. **Collecting Cloud Crystals:** If your stacking action is successful and the stack remains stable, you may collect a Cloud Crystal from the pile.
5. **Stack Topples:** If any part of the stack falls during your turn, your turn ends. Any collected Cloud Crystals remain collected, but you do not collect a new one for that turn. The fallen pieces are returned to the general supply next to the board.
6. **End of Turn:** After stacking and potentially collecting a crystal, the turn passes to the next player.

Winning the Game:

Players win the game together if they successfully stack all 5 Unicorns and all 10 Wooden Clouds onto the Cloud Castle, and have collected all 10 Cloud Crystals. All players celebrate their cooperative success!
