4. SETUP INSTRUCTIONS

1. **Unpack the Lamp:** Carefully remove all components from the packaging.
2. **Position the Lamp:** Place the lamp on a stable, flat surface where you intend to use it. Ensure the power cord can reach an electrical outlet without strain.
3. **Connect Power:** Insert the power cable into the lamp's power input port, typically located at the back of the base. Plug the other end of the power cable into a standard electrical outlet.
4. **Adjust Flexible Neck:** Gently adjust the flexible neck to position the light head as desired for your task.

5. OPERATING INSTRUCTIONS

1. **Power On/Off and Brightness Adjustment:** The lamp features a touch-sensitive switch, usually located on the base.
 - Tap once to turn the lamp on at the lowest brightness setting.
 - Tap again to cycle through the three brightness levels (low, medium, high).
 - Tap a fourth time to turn the lamp off.
2. **Using the USB Charging Port:** The 5V, 2.1A USB charging port is located on the back of the lamp's base.

- Connect your device's USB charging cable to the lamp's USB port.
- Ensure your device begins charging. The lamp does not need to be on for the USB port to function, as long as it is plugged into a power outlet.

6. MAINTENANCE

To ensure the longevity and optimal performance of your OttLite Organize LED Desk Lamp, follow these simple maintenance guidelines:

- **Cleaning:** Disconnect the lamp from the power outlet before cleaning. Use a soft, dry cloth to wipe down the lamp's surfaces. Avoid abrasive cleaners or solvents, as they may damage the finish.
- **LEDs:** The LEDs in this lamp are designed for long-term use and are not user-replaceable. Do not attempt to open the light head.
- **Storage:** If storing the lamp for an extended period, ensure it is clean and dry. Store it in a cool, dry place away from direct sunlight.

7. TROUBLESHOOTING

If you encounter any issues with your OttLite Organize LED Desk Lamp, please refer to the following common troubleshooting steps:

- **Lamp Does Not Turn On:**
 - Ensure the power cable is securely plugged into both the lamp and a working electrical outlet.
 - Test the outlet with another device to confirm it is receiving power.

- **USB Port Not Charging:**
 - Verify the lamp is plugged into a live electrical outlet.
 - Check that your device's USB cable is fully inserted into the lamp's USB port and your device.
 - Try a different USB cable or device to rule out cable or device issues.
- **Inconsistent Brightness:**
 - Ensure the touch-sensitive switch area is clean and free from debris.
 - Cycle through the brightness levels by tapping the switch multiple times.

If these steps do not resolve the issue, please contact OttLite customer support for further assistance.
