

Sulion Marcony

Sulion Marcony 132 cm Ceiling Fan with LED Lamp User Manual

Model: Marcony | Part No: 75066

1. INTRODUCTION

Thank you for choosing the Sulion Marcony 132 cm Ceiling Fan with LED Lamp. This manual provides essential information for the safe installation, operation, and maintenance of your new ceiling fan. Please read these instructions carefully before installation and retain them for future reference.

The Sulion Marcony ceiling fan is designed to provide efficient air circulation and integrated LED lighting for your living space. It features a 132 cm diameter, a maximum power consumption of 80W, and comes with a remote control for convenient operation. The housing and blades are finished in white.

2. SAFETY INSTRUCTIONS

- **Electrical Safety:** Always disconnect power at the main circuit breaker before attempting any installation, maintenance, or repair. Ensure the electrical installation complies with local wiring regulations.
- **Professional Installation:** Installation should be performed by a qualified electrician to ensure safety and proper functioning.
- **Mounting:** The ceiling fan must be mounted to a structure capable of supporting its weight (6.2 kg) and the dynamic load during operation. Ensure the mounting location is free from obstructions.
- **Blade Clearance:** Maintain a minimum clearance of 2.3 meters (7.5 feet) from the floor to the bottom of the fan blades and at least 0.5 meters (1.6 feet) from the wall to the blade tips.
- **Integrated LED:** The LED lamps in this luminaire are not replaceable. Do not attempt to replace them.
- **Cleaning:** Use a soft, damp cloth for cleaning. Do not use abrasive cleaners or solvents.

3. PACKAGE CONTENTS

Carefully unpack the box and ensure all components are present and undamaged. If any parts are missing or damaged, contact your retailer immediately.

- Ceiling Fan Motor Housing

- Fan Blades (typically 3 or 4 for this size)
- Downrod and Canopy
- Mounting Bracket
- LED Light Kit
- Remote Control with Wall Mount (if applicable)
- Hardware Pack (screws, washers, wire nuts)
- Instruction Manual

4. SETUP AND INSTALLATION

This ceiling fan requires assembly and professional installation. Follow the detailed instructions provided in the separate installation guide (e.g., 75066_SULION_2019_manuel.pdf, if available) or consult a qualified electrician.

1. **Prepare the Mounting Location:** Ensure the electrical box is securely mounted to the ceiling joist and can support the fan's weight. Run electrical wiring to the mounting location.
2. **Install Mounting Bracket:** Secure the mounting bracket to the electrical box using the provided screws.
3. **Assemble Downrod:** Attach the downrod to the fan motor housing. The fan uses a Downrod mounting type.
4. **Wire the Fan:** Connect the fan's electrical wires to the household wiring according to the wiring diagram in the installation guide. Ensure all connections are secure and insulated.
5. **Hang the Fan:** Carefully lift the fan assembly and hang it from the mounting bracket.
6. **Attach Blades:** Securely attach the fan blades to the motor housing.
7. **Install Light Kit:** Connect and install the integrated LED light kit.
8. **Secure Canopy:** Slide the canopy up to the ceiling and secure it to cover the wiring and mounting bracket.

5. OPERATING INSTRUCTIONS

The Sulion Marcony ceiling fan is operated using the included remote control.

5.1 Fan Operation

- **Power On/Off:** Press the fan power button on the remote control to turn the fan on or off.
- **Speed Control:** The fan offers three speed settings (Low, Medium, High). Use the speed control buttons on the remote to adjust the airflow.
- **Direction:** This model does not feature a reverse rotation function. The fan operates in a single direction for cooling.

5.2 LED Light Operation

- **Light On/Off:** Press the light button on the remote control to turn the LED light on or off.
- **Color Temperature Adjustment:** The LED light offers three color temperatures. Press the light button repeatedly to cycle through the available color options. The fan will memorize the last used color temperature.
- **Integrated LED:** As per the energy label, this luminaire contains built-in LED lamps that are not replaceable.

Figure 1: Energy efficiency label for the integrated LED lamp. This luminaire contains built-in LED lamps that are not replaceable. The label indicates the luminaire is compatible with LED lamps of energy classes A++ to E, with the product's integrated LED likely falling into the higher efficiency categories.

6. MAINTENANCE

- **Cleaning:** Periodically clean the fan and blades with a soft, dry, or slightly damp cloth. Do not use water directly on the fan motor or electrical components.
- **Blade Balance:** If the fan wobbles, check that all blade screws are tight and that the blades are not bent or damaged.
- **No Lubrication Required:** The motor is permanently lubricated and does not require additional oiling.
- **Integrated LED:** The LED lamps are not designed to be replaced. If the LED light fails, consult a qualified technician or contact customer support.

7. TROUBLESHOOTING

Problem	Possible Cause	Solution
---------	----------------	----------

Problem	Possible Cause	Solution
Fan does not start	No power supply; Loose wiring; Remote control battery low.	Check circuit breaker; Verify all wire connections; Replace remote control batteries.
Fan wobbles	Loose blade screws; Unbalanced blades; Loose mounting bracket.	Tighten all blade screws; Check for bent blades; Ensure mounting bracket is secure.
Light does not work	No power to light kit; Loose wiring; LED failure.	Check power supply; Verify light kit wiring; Contact customer support if LED fails (non-replaceable).
Remote control not working	Low battery; Obstruction between remote and receiver; Remote not paired.	Replace batteries; Ensure clear line of sight; Refer to remote pairing instructions (if applicable, not provided in source).

8. SPECIFICATIONS

Brand:	Sulion
Model Number:	Marcony
Part Number:	75066
ASIN:	B07PPC662P
Diameter:	132 cm
Max. Power Consumption (Fan):	80 W
Light Power (LED):	18 W
Voltage:	240 Volts
Material:	Acrylic, Metal
Housing Color:	White
Blade Color:	White
Power Source:	Electric cable
Special Feature:	Integrated LED Lighting (3 color temperatures)
Number of Light Sources:	1
Controller Type:	Remote Control
Mounting Type:	Downrod Mounting
Product Weight:	6.2 Kilograms
Assembly Required:	Yes
Recommended Use:	Ventilation
LED Lamps:	Built-in, non-replaceable

9. WARRANTY AND SUPPORT

For warranty information, please refer to the documentation provided with your purchase or contact your retailer. For technical support or inquiries regarding your Sulion Marcony ceiling fan, please contact Sulion customer service or your local distributor.
