WENKO Bahari Shelving Unit with Two Storage Baskets - Instruction Manual

Model: 62216100

1. INTRODUCTION

Thank you for choosing the WENKO Bahari Shelving Unit. This manual provides essential information for the proper unpacking, placement, usage, and maintenance of your new shelving unit. Please read these instructions carefully before use and retain them for future reference.

2. UNPACKING AND PLACEMENT

The WENKO Bahari Shelving Unit is designed for minimal setup. It arrives pre-assembled, requiring only careful unpacking and positioning.

2.1 Unpacking

1. Carefully remove the shelving unit from its packaging.
2. Inspect all components for any signs of damage. If any damage is found, do not proceed with placement and contact customer support.
3. Remove all packing materials and dispose of them responsibly.

2.2 Placement

- Place the shelving unit on a flat, stable, and level surface to ensure stability and prevent tipping.
- Avoid placing the unit in areas with direct sunlight or high humidity, as this may affect the bamboo material over time.
- Ensure adequate space around the unit for easy access to the baskets and top shelf.

3. USAGE GUIDELINES

The WENKO Bahari Shelving Unit is designed to provide versatile storage in various rooms such as bathrooms, bedrooms, and living rooms.

- **Top Shelf:** Use the top bamboo shelf for displaying decorative items, holding toiletries, or other frequently accessed small items.
- **Storage Baskets:** The two gray polyester baskets are ideal for storing towels, laundry, clothing, bathroom accessories, or other household items.
- **Weight Distribution:** Distribute weight evenly across the shelves and baskets. Avoid overloading any single basket or the top shelf to maintain stability and prevent damage.
- **Intended Use:** This unit is intended for indoor household use only.

4. CARE AND MAINTENANCE

Proper care will ensure the longevity and appearance of your WENKO Bahari Shelving Unit.

- **Frame Cleaning:** Wipe the bamboo frame with a dry cloth. For stubborn dirt, a slightly damp cloth can be used, followed immediately by a dry cloth to prevent moisture damage.
- **Basket Cleaning:** The gray polyester baskets can be spot cleaned with a mild detergent and a damp cloth. Allow them to air dry completely. Do not machine wash or tumble dry the baskets.
- **Avoid Harsh Chemicals:** Do not use abrasive cleaners, solvents, or harsh chemicals on any part of the unit, as these can damage the materials.
- **Moisture Protection:** While bamboo is naturally resistant, prolonged exposure to excessive moisture should be avoided. Ensure the unit is kept dry.

5. TROUBLESHOOTING

If you encounter any issues with your shelving unit, refer to the following common solutions:

- **Unit is Unstable:**
 - Ensure the unit is placed on a completely flat and level surface.

- Check that all structural connections are secure.
- **Baskets Do Not Sit Properly:**
 - Verify that the baskets are correctly inserted into their designated slots on the bamboo frame.
- **Damage to Materials:**
 - If the bamboo shows signs of wear, light sanding and re-oiling with a suitable wood oil can help restore its appearance.
 - For significant damage, contact customer support.
