# Exerz 5.5-inch Black World Globe with Metal Base - Instruction Manual

Model: B07PR3XW9L | Brand: Exerz

## INTRODUCTION

Thank you for choosing the Exerz 5.5-inch Black World Globe. This mini educational globe features high-quality, clear printing of countries, political boundaries, capital cities, major cities, and more. Designed with a sleek metallic finish and a sturdy metal base, it serves as both an educational tool and a modern decorative piece for any home or office environment. This manual provides essential information for setting up, operating, and maintaining your globe.

## FEATURES

- **High-Quality Cartography:** The globe features fine and clear printing, making geographical details easy to read and explore.
- **Educational Tool:** Encourages children and adults to learn about world geography, political boundaries, and major cities.
- **Durable Construction:** Equipped with a shiny, rust-free stainless steel arc and base for stability and longevity.
- **Modern Aesthetic:** Metallic black and silver design offers a stylish and contemporary look suitable for various decor styles.
- **Compact Size:** With a 5.5-inch diameter and 7.5-inch height (including stand), it's ideal for desks, bookshelves, or coffee tables.
- **Smooth Rotation:** The globe rotates smoothly on its axis, allowing for easy exploration of all regions.

## MAINTENANCE

To ensure the longevity and appearance of your Exerz World Globe, follow these simple maintenance guidelines:

- **Cleaning:** Wipe the globe and its base with a soft, dry, or slightly damp cloth. Avoid using abrasive cleaners, solvents, or harsh chemicals, as these can damage the surface and printing.
- **Dusting:** Regularly dust the globe to prevent accumulation, which can dull its finish.
- **Handling:** Handle the globe by its base or the metal arc to avoid leaving fingerprints on the sphere.
- **Storage:** When not in use for extended periods, store the globe in a cool, dry place away from direct sunlight to prevent fading or material degradation.

## TROUBLESHOOTING

If you encounter any issues with your Exerz World Globe, please refer to the following common solutions:

Problem	Possible Cause	Solution
Globe does not spin smoothly.	Dust or debris in the rotation mechanism; tight fitting.	Gently clean around the axis points with a soft cloth. Ensure no foreign objects are obstructing rotation. Avoid forcing the spin.
Surface appears smudged or dull.	Fingerprints or dust accumulation.	Wipe the surface with a soft, dry microfiber cloth. For stubborn smudges, use a slightly damp cloth and dry immediately.
Globe is unstable on its base.	Uneven surface; loose connection to base.	Ensure the globe is placed on a completely flat and stable surface. Check if the globe is securely attached to its metal base.
