Aigoss T826

Aigoss Bluetooth Car Speakerphone User Manual

Model: T826 | Brand: Aigoss

INTRODUCTION

Thank you for choosing the Aigoss Bluetooth Car Speakerphone. This device is designed to provide a safe and convenient hands-free communication and music experience while driving. It features Bluetooth connectivity, a built-in microphone, TF card support, and voice assistant compatibility. Please read this manual carefully before use to ensure proper operation and to maximize the product's performance.

SAFETY INFORMATION

CAUTION: This device is designed for use while driving. Always keep your eyes on the road and hands on the wheel. Do not use the device in a way that distracts you from driving safely. Battery: Charge using the provided charger only. Do not attempt to charge the battery with any other charger. Keep the battery away from extreme temperatures and humidity. Do not dispose of the battery in fire or water. Follow local regulations for battery disposal.

- Bluetooth In-Car Speakerphone x 1
- USB Cable x 1
- Magnetic Basement x 1
- Lanyard x 1
- User Manual x 1

PRODUCT OVERVIEW

Image: Front view of the Aigoss Bluetooth Car Speakerphone.

The Aigoss Bluetooth Car Speakerphone is a compact and portable device designed for in-car use. It features intuitive controls for managing calls and music, and a powerful speaker for clear audio. The device is equipped with a magnetic base for easy attachment and removal.

Key Features:

- Bluetooth connectivity for hands-free calls and music streaming.
- Built-in microphone for clear communication.
- Support for Siri & Google Assistant voice commands.
- TF Card Player for direct music playback.
- Intelligent connection: Supports connecting two phones simultaneously and automatic re-connection.
- Easy setup with a magnetic clip for car sun visor attachment.
- 3W powerful speaker for loud and clear sound.
- Auto power-off feature to conserve battery.

SETUP

1. Charging the Device:

Before first use, fully charge the speakerphone. Connect the provided USB cable to the charging port on the device and the other end to a USB power adapter (not included) or a computer USB port. The indicator light will show charging status and turn off when fully charged.

2. Mounting and Placement:

Wherever you are, enjoy your life

Image: Magnetic attachment mechanism for the speakerphone.

The speakerphone comes with a magnetic clip designed for easy attachment to your car's sun visor. Simply attach the clip to the sun visor, and the speakerphone will magnetically snap onto the clip. This allows for convenient removal for charging or portability without detaching the clip.

OPERATING INSTRUCTIONS

1. Power On/Off:

- To Power On: Press and hold the Power button until the indicator light turns on.
- To Power Off: Press and hold the Power button until the indicator light turns off.
- The device features an auto power-off function to save battery when not in use.

2. Bluetooth Pairing:

1. Ensure the speakerphone is powered on and in pairing mode (indicator light flashing).

2. On your mobile phone, enable Bluetooth and search for available devices.
3. Select "Aigoss T826" (or similar name) from the list of devices.
4. Once connected, the indicator light will stop flashing and remain solid.
5. The speakerphone will automatically re-connect to the last paired device when powered on and within range.
6. The device supports connecting to two phones simultaneously.

3. Call Handling:

Image: Hands-free calling with the Aigoss speakerphone.

- **Answer Call:** Press the Call button (phone icon) once.
- **End Call:** Press the Call button once during a call.
- **Reject Call:** Press and hold the Call button for 2 seconds.
- **Redial Last Number:** Double-press the Call button.

4. Music Playback:

- **Play/Pause:** Press the Play/Pause button (usually the Call button when not on a call).

- **Next Track:** Press the '+' button.
- **Previous Track:** Press the '-' button.
- **Volume Up:** Press and hold the '+' button.
- **Volume Down:** Press and hold the '-' button.

5. Voice Assistant (Siri & Google Assistant):

Image: Using voice commands with Siri or Google Assistant via the speakerphone.

Press the 'M' button (Mode/Multi-function button) once to activate your phone's voice assistant (Siri for iOS, Google Assistant for Android). You can then issue voice commands to control your phone, such as making calls or getting directions.

6. TF Card Player:

MAGNETIC BASEMENT EASILY ATTACH TO METAL SURFACE

Ultra lightweight for convenient carrying

Image: TF card slot on the Aigoss speakerphone.

Insert a TF (microSD) card with your favorite music files into the designated slot on the speakerphone. The device will automatically switch to TF card playback mode. Use the music playback controls (Play/Pause, Next/Previous Track, Volume) to manage your audio.

MAINTENANCE

- Keep the device dry. Do not expose it to moisture or extreme temperatures.
- Clean the device with a soft, dry cloth. Do not use harsh chemicals or abrasive cleaners.
- Store the device in a cool, dry place when not in use for extended periods.
- Avoid dropping or subjecting the device to strong impacts.

TROUBLESHOOTING

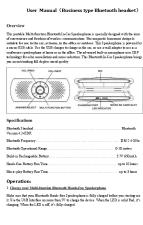

Problem	Possible Cause	Solution
Device does not power on.	Low battery.	Charge the device fully.
Cannot pair with phone.	Bluetooth is off on phone; device not in pairing mode; too far from phone.	Ensure Bluetooth is on, device is in pairing mode, and within 1 meter of phone. Restart both devices.
No sound or low sound.	Volume too low; device not connected; poor signal.	Increase volume on both speakerphone and phone. Re-establish Bluetooth connection. Move closer to phone.
Callers cannot hear me clearly.	Microphone obstructed; excessive background noise.	Ensure microphone is not covered. Reduce background noise if possible.
Device does not auto-connect.	Auto-connect feature not active; device was manually disconnected.	Ensure the device was not manually disconnected from the phone. Some older phones may require manual re-connection.
Battery drains quickly.	Continuous use; device not powering off automatically.	Ensure the auto power-off feature is functioning. Charge regularly.
