## SETUP & ASSEMBLY

Follow the step-by-step instructions provided in the included booklet to assemble your Lincoln Logs Sawmill Express Train Set. The logs are designed to interlock easily, and the track pieces connect securely to form various layouts.

1. **Unpack Components:** Carefully remove all logs, track pieces, figures, and accessories from the packaging.
2. **Review Instructions:** Consult the instruction booklet for detailed diagrams and building suggestions for the sawmill, station, and other structures.
3. **Assemble Structures:** Begin by stacking the real wood logs to form the walls of the buildings. Insert doors, windows, and roof eaves as indicated in the instructions.
4. **Connect Track:** Lay out the plastic track pieces on a flat surface. Connect them by aligning the tabs and slots, pressing firmly until they click into place. Experiment with different track configurations.
5. **Place Train and Figures:** Position the train engine and car onto the assembled track. Place the cowgirl, train engineer, and horse figures in desired locations to complete your scene.

## OPERATING INSTRUCTIONS

---

Once assembled, the Sawmill Express Train Set offers various play possibilities:

- **Train Movement:** The train engine and car are designed for manual push-and-go play on the tracks. Load the train car with the included log pieces for a realistic sawmill experience.
- **Figure Play:** Use the cowgirl, train engineer, and horse figures to create narratives and interact with the built structures and train.
- **Creative Building:** Beyond the suggested designs, encourage children to use the Lincoln Logs to construct their own unique buildings, bridges, or other structures. The interlocking design allows for endless architectural creativity.
- **Track Layouts:** The track pieces can be reconfigured into different shapes and sizes, providing varied routes for the train.

## PRODUCT FEATURES

---

- **Real Wood Logs:** All Lincoln Logs sets include meticulously crafted, beautifully stained real wood logs, manufactured to strict quality standards.
- **Build & Play:** Recreate a charming railroad scene with buildable track pieces, a train engine and car, plus fun play figures - a train engineer, a cowgirl, and a horse.
- **Easy to Build:** Lincoln Logs easily stack together, allowing preschoolers as young as 3 to hone their fine motor skills, hand-eye coordination, and manual dexterity.
- **Instructions Included:** Use the easy-to-follow, step-by-step building instructions or encourage imaginative builders to design their own creations.
- **Nostalgic Toy:** Invented in 1916 by John Lloyd Wright, Lincoln Logs have been America's National Toy for generations, delivering quality toys that stand the test of time.

## MAINTENANCE & CARE

---

To ensure the longevity of your Lincoln Logs Sawmill Express Train Set, follow these care guidelines:

- **Cleaning:** Wipe wooden logs and plastic pieces with a damp cloth and mild soap if necessary. Avoid harsh chemicals or abrasive cleaners.
- **Storage:** Store all components in a dry place, away from direct sunlight or extreme temperatures, to prevent warping or damage to the wood. The original packaging can be used for storage.
- **Inspection:** Periodically inspect all pieces for any signs of wear or damage. Discard any broken pieces to prevent potential hazards.

## TROUBLESHOOTING

---

If you encounter any issues during assembly or play, consider the following:

- **Pieces Not Fitting:** Ensure you are using the correct logs and track pieces as indicated in the instruction booklet. Sometimes, a gentle rotation or slight adjustment is needed for a snug fit.
- **Track Disconnecting:** Verify that all track connections are firmly pressed together. Ensure the play surface is flat and stable.
- **Missing Parts:** If any parts are missing upon opening the box, please contact customer support (see Warranty & Support section).
