Bedsure BED-L-49

Bedsure Elevated Cooling Dog Bed Instruction Manual

Model: BED-L-49

Product Overview

The Bedsure Elevated Cooling Dog Bed provides a comfortable and cool resting place for your pet. Its elevated design promotes airflow, making it suitable for all seasons. Constructed with durable Teslin mesh and a sturdy metal frame, this pet cot is designed for both indoor and outdoor use, offering support and reducing pressure on joints.

Assembly Instructions

Assembly of your Bedsure Elevated Cooling Dog Bed is quick and straightforward, typically taking only a few minutes. Follow these steps:

1. Unpack all components and verify that all parts are present according to the included parts list.
2. Connect the frame pieces (A, B, C, E, F) as indicated in the diagram, ensuring they click securely into place.
3. Slide the Teslin mesh fabric onto the assembled frame, making sure the Bedsure logo is facing upwards.
4. Attach the legs to the frame using the provided screws and Allen wrench (D), tightening them until stable.
5. Ensure all connections are firm before allowing your pet to use the bed.

Usage Guidelines

This elevated dog bed is designed for versatile use, providing comfort and support for your pet.

- **Cooling Comfort:** The elevated design and breathable Teslin mesh fabric allow air to circulate underneath and around your pet, preventing overheating and providing a cool surface, especially beneficial during warmer weather.
- **Indoor & Outdoor Use:** The weather-resistant materials make this bed suitable for various environments, including your home, backyard, patio, or during camping trips.
- **Joint Support:** The firm, elevated surface provides even pressure distribution, which can help alleviate joint and muscle pain, making it ideal for puppies, senior dogs, or pets with orthopedic needs.
- **Weight Capacity:** This large-sized bed is designed to support pets up to 85 lbs. Ensure your pet's weight does not exceed this limit for optimal performance and safety.

Image: The ventilated mesh surface helps ease joint strain by distributing pressure, making it suitable for pets with arthritis.

Care and Maintenance

Proper care ensures the longevity and hygiene of your pet's bed.

- **Routine Cleaning:** For light cleaning, wipe the Teslin mesh fabric with a damp cloth or rinse with tap water.
- **Deep Cleaning:** For more thorough cleaning, use a mild soap or a natural all-surface cleaner. Rinse the fabric thoroughly with water and allow it to air dry completely before use.
- **Durability:** The heavy-duty Teslin mesh is designed to resist scratching and chewing. The frame features non-slip foot mats for stability.

Troubleshooting

If you encounter any issues with your Bedsure Elevated Cooling Dog Bed, please consider the following:

- **Instability:** Ensure all frame connections are securely fastened and the legs are fully tightened. Check that the bed is placed on a flat, even surface.
- **Mesh Sagging:** Verify that the mesh fabric is correctly installed and stretched taut across the frame. Over time, minor stretching may occur, but significant sagging could indicate incorrect assembly or exceeding the weight limit.
- **Damage:** Inspect the mesh and frame for any signs of damage. While durable, extreme chewing or impact can cause wear.

For persistent problems or concerns, please contact Bedsure customer support.

Product Specifications

Model Number	BED-L-49
Product Dimensions	49"L x 31.5"W x 8"Th
Material	Teslin mesh, Metal (Iron frame)
Color	Grey
Maximum Weight Recommendation	85 Pounds
Special Features	Elevated, Cooling, Portable, Breathable, Lightweight, Weather Resistant, Non-Skid Bottom
Recommended Uses	Indoor, Outdoor
UPC	841745138418
