Atlantic Viper 3000

Atlantic Viper 3000 Gaming Desk Instruction Manual

Model: Viper 3000 (PN 33906164)

1. INTRODUCTION

Thank you for choosing the Atlantic Viper 3000 Gaming Desk. This manual provides essential information for the proper assembly, operation, and maintenance of your new gaming desk. Please read these instructions carefully before beginning assembly and retain them for future reference.

The Atlantic Viper 3000 features a generous one-piece, ¾ inch thick satin laminated desktop designed for precise and confident mouse movement. Its heavy-duty powder-coated all-steel X-legs provide a sturdy and stable platform, supporting up to 88 lbs. The desk includes a smart device slot for securely holding and charging tablets and smartphones via a 3-port USB 3.0 station. Integrated electric blue LEDs enhance your gaming environment, and a dedicated surge protector tray helps keep cables organized. Convenient detachable cup holders and two headphone hooks complete the design, aiming to reduce clutter and enhance your gaming or work experience.

2. SAFETY INFORMATION

WARNING: Failure to follow these safety instructions may result in injury or damage to the product.

- Do not exceed the maximum weight recommendation of 88 pounds (40 kg) on the desktop.
- Ensure proper assembly using the provided tools and instructions. Verify all fasteners are securely tightened before use.
- Be cautious when handling electrical components. Follow all safety guidelines for electrical devices, especially when connecting the USB hub and LED lights.
- Keep all small parts and packaging materials away from children and pets to prevent choking hazards.
- Place the desk on a level and stable surface to prevent tipping.

3. PACKAGE CONTENTS

Before beginning assembly, please verify that all components listed below are present and undamaged. If any parts are missing or damaged, do not proceed with assembly. Contact customer support for assistance.

- Desktop
- Legs (X-frame)
- Braces
- USB station/cable
- Surge Protector Tray
- Storage Tray
- Cup Holder
- Headphone Hooks (2)
- Assembly hardware (screws, washers, etc.)
- User's Guide (this document)

4. ASSEMBLY INSTRUCTIONS

Assembly of the Atlantic Viper 3000 Gaming Desk is designed to be straightforward. All necessary tools are included. It is recommended that two people assemble the desk for ease and safety.

1. **Unpack Components:** Carefully remove all parts from the packaging and lay them out on a clean, soft surface to prevent scratches.

2. **Attach Legs to Desktop:** Align the X-frame legs with the pre-drilled holes on the underside of the desktop. Secure them using the provided screws and the included hex key. Do not overtighten initially.

3. **Install Braces:** Connect the cross braces between the X-frame legs to enhance stability. Tighten all leg and brace fasteners once all components are loosely attached.

4. **Mount Accessories:** Attach the surge protector tray, storage tray, cup holder, and headphone hooks to their designated locations on the desk frame or desktop edges.

5. **Connect USB Hub and LED Lights:** Insert the USB 3.0 hub into its slot on the desktop and connect its cable to your computer. Connect the LED light power cable to a suitable USB power source (not included).

6. **Final Check:** Ensure all screws are tightened and the desk is stable before placing any equipment on it.

6. OPERATING INSTRUCTIONS

6.1. USB 3.0 Charging Station

The integrated USB 3.0 station provides three ports for charging your smart devices and for data transfer. Simply plug your device's USB cable into one of the available ports. For data transfer, connect the main USB cable from the desk's hub to a USB 3.0 port on your Windows-based computer. Please note that data transfer functionality is not supported for Apple/Mac devices.

6.2. Integrated LED Lights

The 48 electric blue LED lights are designed to provide ambient lighting. To activate the lights, connect the LED power cable to a standard USB power source (e.g., a USB port on your computer, a USB wall adapter). The lights will illuminate once power is supplied.

6.3. Smart Device Slot

The central slot on the desktop is designed to securely hold your tablet or smartphone. This allows for convenient viewing and charging while keeping your main desktop clear.

7. MAINTENANCE

To ensure the longevity and appearance of your Atlantic Viper 3000 Gaming Desk, follow these simple maintenance guidelines:

- **Cleaning:** Wipe the desktop and frame with a dry, soft cloth. Avoid using abrasive cleaners, harsh chemicals, or excessive moisture, as these can damage the satin laminate finish and steel components.
- **Inspection:** Periodically check all screws and fasteners to ensure they remain tight. Retighten if necessary to maintain stability.
- **Weight Distribution:** Distribute weight evenly across the desktop. Avoid placing heavy items on the edges or corners.

8. TROUBLESHOOTING

If you encounter any issues with your Atlantic Viper 3000 Gaming Desk, please refer to the following common solutions:

- **Desk Wobbles:** Ensure all assembly screws are fully tightened. Verify the desk is placed on a flat, level surface. Adjust any leveling feet if present (check included components for details).
- **LED Lights Not Working:** Check that the USB power cable for the LEDs is securely connected to a functioning USB power source. Try a different USB port or power adapter.
- **USB Charging Station Not Functioning:** Ensure the USB hub's main cable is securely connected to your computer or a powered USB hub. Try connecting a different device to confirm the issue is with the port or your device.
- **Missing Parts:** If you discover any missing components during assembly, do not attempt to substitute parts. Contact Atlantic customer support immediately.
