4. MAINTENANCE

To ensure the longevity and cleanliness of your LEGO set, follow these maintenance guidelines:

- **Cleaning:** Use a soft brush or a damp cloth with mild soap and water to clean LEGO bricks. Rinse thoroughly and air dry. Avoid hot water or harsh chemicals, as these can damage the plastic.
- **Storage:** Store the set in a cool, dry place away from direct sunlight to prevent discoloration and warping of plastic elements. Keep small pieces in a container to prevent loss.
- **Handling:** Handle the assembled model with care to avoid accidental disassembly.

5. TROUBLESHOOTING

Should you encounter any issues during assembly or play, consider the following:

- Missing Pieces:** If you discover a missing piece, first double-check all packaging and surrounding areas. LEGO offers a service for replacing missing bricks.
- Assembly Difficulties:** Refer back to the instruction manual. Ensure each step is followed precisely. Sometimes, a small error in an earlier step can affect later assembly.
- Loose Connections:** If parts feel loose, ensure they are pressed firmly together. LEGO bricks are designed to fit snugly.
