# Amazon Basics A19 Red LED Light Bulbs (60W Equivalent, 9W, E26 Base, Non-Dimmable) - Instruction Manual

Brand: Amazon Basics | Model: FG-03484

### PRODUCT OVERVIEW

The Amazon Basics A19 Red LED Light Bulbs are designed to provide a vibrant red illumination, ideal for creating a specific ambiance in various indoor and outdoor settings. These bulbs are energy-efficient, consuming only 9 watts while delivering light equivalent to a 60-watt incandescent bulb. Featuring a standard E26 base and a non-dimmable design, they offer a long operational lifespan of approximately 10,000 hours.

## IMPORTANT SAFETY INSTRUCTIONS

- **Electrical Safety:** Always turn off the power to the fixture before inspecting, installing, or removing the bulb.
- **Indoor/Outdoor Use:** These bulbs are suitable for both indoor and outdoor use. Ensure fixtures are rated for the intended environment.
- **Non-Dimmable:** These LED bulbs are explicitly non-dimmable. Attempting to use them with dimmer switches may cause damage to the bulb or the dimmer, and will void the warranty.
- **Operating Temperature:** Do not use in enclosed fixtures that restrict airflow, as this may shorten the bulb's lifespan.
- **Disposal:** Dispose of used bulbs according to local regulations. Do not dispose of in general household waste.

## INSTALLATION GUIDE

Follow these steps to safely install your Amazon Basics A19 Red LED Light Bulb:

1. **Verify Power Off:** Ensure the power supply to the light fixture is completely turned off at the circuit breaker or wall switch before beginning installation.
2. **Remove Old Bulb:** Carefully unscrew the existing light bulb from the fixture. Allow it to cool if it has been recently in use.
3. **Insert New Bulb:** Gently screw the Amazon Basics A19 Red LED Light Bulb into the E26 standard

base socket. Do not overtighten.

4. **Restore Power:** Once the bulb is securely installed, restore power to the light fixture.
5. **Test Functionality:** Turn on the light switch to confirm the bulb is working correctly.

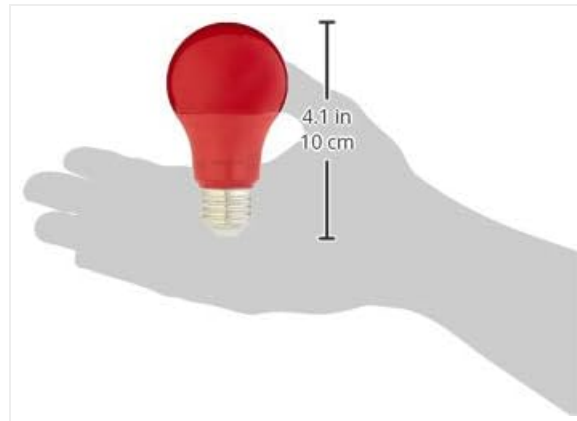

Figure 3: A hand holding an A19 bulb, illustrating its approximate size and standard form factor for easy replacement.

## OPERATION

Operating your Amazon Basics A19 Red LED Light Bulb is straightforward:

- **Power On/Off:** Use the standard wall switch connected to your light fixture to turn the bulb on or off.
- **Non-Dimmable:** As these bulbs are non-dimmable, they will operate at full brightness when powered on. They are not compatible with dimmer switches.
- **Ambiance:** The red light output is designed to create a specific atmosphere, suitable for parties, decorative lighting, or environments where blue and green light suppression is desired for melatonin protection.

Video 1: This video demonstrates the benefits of 625nm red light for melatonin promotion and sleep enhancement, illustrating a key application for these red LED bulbs.

## CARE AND MAINTENANCE

To ensure the longevity and optimal performance of your LED light bulbs, follow these simple maintenance guidelines:

- **Cleaning:** Before cleaning, ensure the power is off and the bulb is cool. Wipe the bulb with a soft, dry cloth. Do not use liquid cleaners or abrasive materials.
- **Replacement:** While designed for a long lifespan, if a bulb needs replacement, ensure the power is off and the bulb is cool before carefully unscrewing and replacing it with a new one.
- **Storage:** If storing bulbs, keep them in their original packaging or a protective container in a cool, dry place to prevent damage.

## TROUBLESHOOTING

If you encounter issues with your Amazon Basics A19 Red LED Light Bulbs, refer to the table below for common problems and solutions:

Problem	Possible Cause	Solution
Bulb does not light up	No power to fixture, loose connection, faulty bulb	Check power supply/switch. Tighten bulb in socket. Test bulb in another working fixture.
Bulb flickers	Incompatible dimmer switch, loose connection, power fluctuations	Ensure no dimmer switch is used. Tighten bulb. Check household wiring for stability.
Bulb is not red	Incorrect bulb type purchased	Verify the product packaging and bulb markings to ensure it is the red variant.

## PRODUCT SPECIFICATIONS

Feature	Detail
Brand	Amazon Basics
Model Number	FG-03484
Light Type	LED
Special Feature	Non-Dimmable
Wattage	9 watts
Bulb Shape Size	A19
Bulb Base	E26 Medium
Incandescent Equivalent	60 Watts
Light Color	Red
