6. MAINTENANCE

To ensure optimal performance and longevity of your SMARTDEVIL fan, follow these simple maintenance guidelines:

- **Cleaning:** Regularly wipe the exterior of the fan with a soft, dry cloth to remove dust. For deeper cleaning, ensure the fan is unplugged and gently clean the fan blades and grille with a soft brush or compressed air. Do not use harsh chemicals or abrasive materials.
- **Storage:** When not in use for extended periods, store the fan in a cool, dry place away from direct sunlight and extreme temperatures.

7. TROUBLESHOOTING

If you encounter any issues with your SMARTDEVIL fan, please refer to the following common problems and solutions:

Problem	Possible Cause	Solution
Fan does not turn on.	No power supply or loose connection.	Ensure the USB cable is securely plugged into both the fan and a working USB power source. Try a different USB port or adapter.
Weak or no airflow.	Fan blades are obstructed or dust buildup. Incorrect speed setting.	Check for any obstructions around the fan blades. Clean the fan blades and grille. Increase the speed setting by pressing the power button.
Unusual noise during operation.	Dust buildup or fan not on a stable surface.	Ensure the fan is placed on a flat, stable surface. Clean any dust from the fan blades.
