INTRODUCTION

This manual provides essential information for the proper setup, operation, and maintenance of your Yamaha YDP103 Arius Series Digital Piano. Please read these instructions carefully to ensure safe and optimal use of your instrument.

The Yamaha YDP103 is an entry-level digital piano featuring GHS (Graded Hammer Standard) weighted action keys, designed to replicate the feel of an acoustic piano with heavier touch in the low keys and lighter touch in the high keys. The matte black key tops are engineered to absorb moisture, maintaining tactile response during extended play.

SETUP

Unpacking and Assembly

Carefully unpack all components from the packaging. It is recommended to have assistance during assembly due to the size and weight of the main piano unit.

Included Components:

- Yamaha YDP103 Digital Piano Unit
- Bench
- Music Rest
- Power Supply
- Owner's Manual (this document)
- Quick Operation Guide

Follow the detailed assembly instructions provided in the Quick Operation Guide to correctly assemble the piano stand, pedal unit, and attach the main piano unit. Ensure all connections are secure before powering on the

instrument.

OPERATING INSTRUCTIONS

Key Features and Functions

- **GHS Weighted Action:** The 88 keys provide a realistic acoustic piano feel, with a heavier touch in the lower register and a lighter touch in the higher register.
- **Matte Black Key Tops:** Designed to absorb moisture, these key tops ensure a consistent tactile experience even during extended playing sessions.
- **Advanced Wave Memory (AWM) Stereo Sampling:** This technology recreates the natural sound of acoustic

instruments in stereo, offering rich and expressive tones.

- **Dual Mode:** Combine two different voices, such as piano and strings, to create layered sounds and expand your musical expression.
- **iOS Controller App:** For enhanced control and navigation, connect your iOS device to the piano. The dedicated app provides a graphical user interface for quick adjustments and configuration.
- **Headphone Jacks:** Two standard stereo phone jacks allow for silent practice or duet playing with headphones.
- **Pedals:** The YDP103 includes three pedals (Sustain, Sostenuto, Soft) for expressive control, similar to an acoustic grand piano.

Voice Selection and Settings

Refer to the Quick Operation Guide for detailed instructions on selecting different instrument voices (10 available), adjusting volume, applying reverb, and other sound settings. The piano's maximum polyphony is 64 notes.

MAINTENANCE

Cleaning

To clean the piano's surface, use a soft, dry cloth. For stubborn dirt, slightly dampen the cloth with water and a mild, non-abrasive cleaner, then wipe dry immediately. Avoid using harsh chemicals, solvents, or abrasive materials, as

these can damage the finish.

Key Care

The matte black key tops are designed to absorb moisture. To maintain their tactile quality, wipe them gently with a dry cloth after playing. Avoid excessive moisture on the keys.

Storage and Environment

Store the piano in a stable environment, away from direct sunlight, extreme temperatures, and high humidity. These conditions can affect the instrument's components and finish. Ensure the piano is placed on a level surface.

TROUBLESHOOTING

If you encounter issues with your Yamaha YDP103, please review the following common troubleshooting steps before contacting support:

- **No Sound:**
 - Check if the power adapter is securely connected to both the piano and the power outlet.
 - Ensure the volume knob is turned up.
 - If headphones are connected, disconnect them to check speaker output.
 - Verify that no cables are loose or damaged.
- **Keys Not Responding:**
 - Ensure the piano is powered on.
 - If specific keys are not responding, gently clean around the keys to remove any debris.
- **Distorted Sound:**
 - Check the volume level; excessive volume can cause distortion.
 - Ensure all audio cables (if external speakers are used) are properly connected.
- **Connectivity Issues (USB/App):**
 - Ensure the USB cable is correctly connected to both the piano and your device.
 - Restart the connected device and the piano.
 - Verify that the latest drivers (if applicable for computer connection) or app version is installed.

For more detailed troubleshooting, please consult the full Owner's Manual or contact Yamaha customer support.

SPECIFICATIONS

Brand	Yamaha
Model Name	YDP103
