

Amazon Basics L6LEP002-CS-H

Amazon Basics Earphones with Lightning Connector (Model L6LEP002-CS-H) User Manual

Apple MFi Certified, Black

INTRODUCTION

Thank you for choosing the Amazon Basics Earphones with Lightning Connector. These earphones are designed to provide a high-quality audio experience with your Apple devices. Featuring a Lightning connector, they ensure seamless compatibility and reliable performance. This manual provides essential information for the proper use and care of your earphones.

PACKAGE CONTENTS

Please check the package for the following items:

- Amazon Basics Earphones with Lightning Connector

Note: The earphones are designed with an integrated cable.

SETUP

Follow these steps to set up your earphones:

1. **Compatibility Check:** Ensure your Apple device (iPod Touch, iPad, or iPhone) is running iOS 10 or later. These earphones are specifically designed for Lightning-enabled devices.
2. **Connect to Device:** Locate the Lightning port on your Apple device. Carefully insert the Lightning connector of the earphones into the device's Lightning port until it clicks into place.
3. **Wear Earphones:** Place the earbuds comfortably into your ears. The earphones are designed for an in-ear fit.

OPERATING INSTRUCTIONS

These earphones offer convenient control over your audio and calls.

Audio Playback

- **Music and Video:** Once connected, audio from your device will automatically play through the earphones.
- **Volume Control:** Use the in-line remote control to adjust the volume. Press the '+' button to increase volume and '-' button to decrease volume.
- **Play/Pause:** Press the center button on the in-line remote once to play or pause audio.
- **Skip Tracks:** Double-press the center button to skip to the next track. Triple-press to go back to the previous track.

Call Management

- **Answer/End Call:** Press the center button on the in-line remote once to answer an incoming call or end an active call.
- **Decline Call:** Press and hold the center button for approximately two seconds to decline an incoming call.
- **Microphone:** The built-in microphone allows for hands-free calling.

MAINTENANCE

Proper care will extend the life and performance of your earphones.

- **Cleaning:** Gently wipe the earbuds and cable with a soft, dry cloth. Avoid using harsh chemicals or abrasive materials.
- **Storage:** When not in use, store the earphones in a clean, dry place, away from extreme temperatures. Avoid tangling the cable.
- **Moisture Protection:** These earphones feature enhanced moisture protection to resist sweat and splashes. However, they are not waterproof. Avoid submerging them in water or exposing them to heavy rain.
- **Cable Care:** Do not pull on the cable to disconnect the earphones from your device. Always grasp the Lightning connector directly.

TROUBLESHOOTING

If you encounter issues with your earphones, refer to the following common problems and solutions:

Problem	Solution
No sound or low volume	Ensure the Lightning connector is fully inserted into your device. Check the volume settings on your device and using the in-line remote. Test with another audio source or device to rule out device-specific issues. Clean any debris from the Lightning port on your device.
Microphone not working	Ensure the earphones are fully connected. Check privacy settings on your device to ensure the app has microphone access. Test the microphone with another application or device.
In-line controls unresponsive	Disconnect and reconnect the earphones. Restart your Apple device. Ensure your device's iOS is up to date.
