Hot Wheels GMY09

Hot Wheels Color Shifters 5-Pack Instruction Manual

Model: GMY09

1. Introduction and Overview

The Hot Wheels Color Shifters 5-Pack offers an exciting play experience with vehicles that change color when exposed to different water temperatures. Each pack contains five unique 1:64 scale vehicles designed for dynamic transformations. This manual provides essential information for setup, operation, and care to ensure optimal enjoyment of your Color Shifters cars.

2. Safety Information

This product is recommended for ages 3 years and older. No specific safety warnings are provided by the manufacturer for this product beyond the recommended age. Always supervise young children during play, especially when using water.

3. What's Included

- 5 Hot Wheels Color Shifters vehicles (1:64 scale)

4. Setup

1. Unpack the Hot Wheels Color Shifters 5-Pack from its packaging.
2. Prepare two separate containers of water: one with icy cold water and another with very warm water. The temperature difference is crucial for the color-changing effect.
3. Ensure a clean play area, preferably one that can tolerate water spills.

5. Operating Instructions

The core feature of Hot Wheels Color Shifters cars is their ability to change color based on water temperature. Follow these steps for dynamic transformations:

1. **Initial Color:** Observe the current color and design of your Color Shifters vehicle.
2. **Change to New Color (Icy Cold Water):** Dip the car completely into icy cold water. The vehicle's color and design will rapidly transform to a new appearance.

Image: Hot Wheels Color Shifters cars displayed in their initial colors, illustrating the instruction to dunk them in icy cold water for a color change.

3. **Change Back (Very Warm Water):** To revert the car to its original color and design, dip it into very warm water. The transformation will occur quickly.

Image: Hot Wheels Color Shifters cars shown in their transformed colors, demonstrating the effect of warm water in reverting them to their original state.

4. **Repeat Play:** You can repeat this process as many times as desired for continuous color-changing fun.
5. **Compatibility:** Hot Wheels Color Shifters cars are compatible with most Hot Wheels tracks and playsets, allowing for extended play scenarios.

Image: A hand interacting with a Hot Wheels car within a water-themed playset, illustrating how the Color Shifters can be integrated for enhanced play.

6. Maintenance

- **Cleaning:** After play, rinse the cars with clean water to remove any residue.

- **Drying:** Allow the cars to air dry completely before storing to prevent water spots or potential damage.
- **Storage:** Store the cars in a dry, cool place away from direct sunlight to preserve their color-changing properties and overall condition.

7. Troubleshooting

Problem	Solution
Cars not changing color effectively.	Ensure the water temperatures are sufficiently different. Icy cold water should be very cold (consider adding ice cubes), and warm water should be noticeably warm, but not hot enough to cause burns.
Color change is slow or incomplete.	Ensure the entire car is submerged in the water. Allow a few seconds for the full transformation to occur.

8. Specifications

Feature	Detail
Product Dimensions	9.06 x 1.77 x 5.91 inches
Item Weight	8.6 ounces
Model Number	GMY09
Scale	1:64
Recommended Age	3 years and up
Manufacturer	Mattel
Release Date	January 6, 2019

9. Warranty and Support

For information regarding product warranty, returns, or additional support, please refer to the official Hot Wheels or Mattel customer service channels. You can often find detailed information on their official websites.
