3. Operating (How to Play)

The objective of Monopoly: My Hero Academia is to be the last player remaining with money, properties, and 'Rewards'/'Trophies' after all other players have gone bankrupt. The game follows the classic Monopoly rules with a My Hero Academia theme.

3.1 Gameplay Basics

1. Players roll two six-sided dice to move their token around the board.
2. Landing on an unowned property allows the player to buy it. If they decline, it goes up for auction.
3. Landing on an owned property requires paying rent to the owner.

4. Collecting all properties in a color group allows the owner to build 'Rewards' (houses) and 'Trophies' (hotels), increasing rent.
5. Landing on 'Go Beyond!' or 'Plus Ultra!' spaces requires drawing a card from the respective deck and following its instructions.
6. Other spaces include 'Detention' (Jail), 'Just Visiting', 'Free Parking', and 'Collect 200' when passing 'GO'.

3.2 Special Game Elements

- **Properties:** Instead of traditional streets, properties feature iconic students and teachers from My Hero Academia, such as Izuku Midoriya, Shoto Todoroki, and Tsuyu Asui.
- **'Go Beyond!' Cards:** These cards replace Community Chest cards and introduce various events, challenges, or rewards related to the My Hero Academia universe.
- **'Plus Ultra!' Cards:** Replacing Chance cards, these provide unexpected opportunities or setbacks, often reflecting the unpredictable nature of hero work.
- **'Rewards' and 'Trophies':** These replace houses and hotels, representing the growth and achievements of your hero team.

- Wipe the game board and plastic components with a soft, dry cloth to remove dust or fingerprints.
- Avoid using abrasive cleaners or solvents, as these can damage the printed surfaces and materials.
