

Legami HANG0001

Legami HANG0001 Unisex Maps Bag Hook Instruction Manual

Model: HANG0001

1. INTRODUCTION

Thank you for choosing the Legami HANG0001 Unisex Maps Bag Hook. This portable accessory is designed to keep your bag off the floor and within easy reach, providing a convenient and hygienic solution for various settings. Please read this manual carefully before use to ensure proper operation and longevity of your product.

2. SAFETY INFORMATION

- **Weight Limit:** Do not exceed the maximum weight recommendation of 4 kilograms (8.8 pounds). Overloading may cause the hook to fail, resulting in damage to your bag or its contents.
- **Surface Stability:** Ensure the surface where the hook is placed is stable, flat, and strong enough to support the weight of your bag. Avoid placing on uneven, slippery, or fragile surfaces.
- **Placement:** Position the hook carefully to prevent accidental dislodgement. Ensure the bag is balanced and not swinging excessively.
- **Children:** Keep out of reach of small children. This product is not a toy.

3. PACKAGE CONTENTS

- 1 x Legami HANG0001 Unisex Maps Bag Hook

4. SETUP AND OPERATION

The Legami HANG0001 Bag Hook is designed for simple and quick deployment.

1. **Unfold the Hook:** Gently unfold the hook mechanism from its compact, closed position. The hook will extend outwards, forming a 'C' shape or similar structure.
2. **Position on Surface:** Place the flat, decorative disc part of the hook onto a stable, flat surface such

as a table edge, desk, or counter. Ensure the non-slip backing (if present) is in full contact with the surface.

3. **Secure Placement:** Allow the extended hook arm to hang freely downwards from the edge of the surface. The weight of the bag will create a counterbalance, securing the hook in place.
4. **Hang Your Bag:** Carefully hang your bag's strap or handle onto the extended hook arm. Distribute the weight evenly if possible.

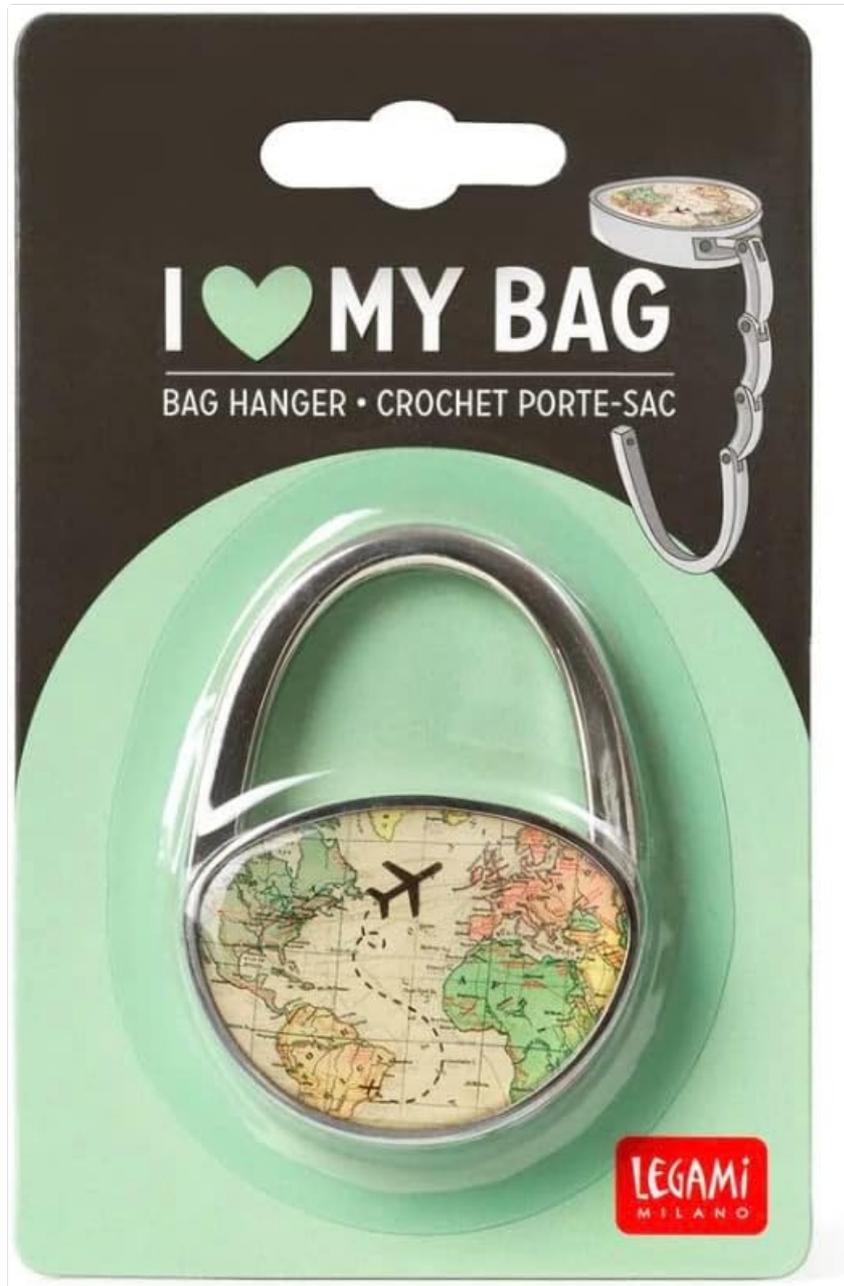

Image: The Legami HANG0001 Unisex Maps Bag Hook unfolded and ready for use, demonstrating how it hangs from a surface edge.

5. MAINTENANCE

- **Cleaning:** Wipe the hook with a soft, damp cloth. Avoid abrasive cleaners or solvents that may damage the finish or decorative surface.
- **Storage:** When not in use, fold the hook into its compact form for easy storage and to protect it from damage.
- **Inspection:** Periodically check the hook for any signs of wear, damage, or loose parts. Discontinue use if any damage is observed.

6. TROUBLESHOOTING

- **Hook is slipping:** Ensure the surface is clean, dry, and non-slippery. Verify that the decorative disc is fully on the surface and not partially hanging off. Reduce the weight of the bag if it exceeds the maximum recommendation.
- **Bag is falling:** Check that the bag's strap is securely placed on the hook and not just resting precariously. Ensure the hook itself is stable on the surface and not overloaded.
- **Hook mechanism is stiff:** If the folding mechanism feels stiff, ensure no debris is obstructing the hinge. Do not force it.

7. SPECIFICATIONS

Feature	Detail
Model Number	HANG0001
Brand	Legami
Mounting Type	Surface Mount (Table Edge)
