Meliconi Fully 8.1

Meliconi Fully 8.1 Universal Remote Control User Manual

Model: Fully 8.1 (808003)

INTRODUCTION

This manual provides comprehensive instructions for the Meliconi Fully 8.1 Universal Remote Control. Designed to consolidate up to 8 different remote controls into one, this device offers compatibility with over 80,000 devices from 1,500 brands, including TVs, Decoders, SKY boxes, DVD/Blu-Ray players, Multimedia Boxes, and IPTV systems. Please read this manual carefully to ensure proper setup and operation.

PRODUCT OVERVIEW

Figure 1: Front view of the Meliconi Fully 8.1 Universal Remote Control, showcasing its ergonomic design and button layout. The remote is dark grey with clearly labeled buttons for various functions and device selection.

Figure 2: Angled view of the Meliconi Fully 8.1 Universal Remote Control, highlighting its slim profile and comfortable grip. This perspective shows the slight curvature of the remote.

Figure 3: Packaging of the Meliconi Fully 8.1 Universal Remote Control, illustrating key features and compatibility information as presented on the retail box.

SETUP

1. Battery Installation

The Meliconi Fully 8.1 remote control requires two (2) AA batteries. To install:

1. Open the battery compartment cover on the back of the remote control.
2. Insert two AA batteries, ensuring correct polarity (+ and -) as indicated inside the compartment.
3. Close the battery compartment cover securely.

2. Programming the Remote Control

The remote control can be programmed to operate up to 8 different devices. A quick guide is included in the product package. For detailed programming instructions, refer to the official Meliconi support resources or the comprehensive manual provided with the product.

Generally, programming involves:

- Identifying the device type (TV, DVD, SAT, etc.) you wish to control.
- Entering a specific code for your device's brand.
- Testing the remote's functions with the device.
- If the initial code does not work, try alternative codes or use the automatic search function.

The remote is compatible with 80,000 devices from 1,500 different brands. All original infrared functions are available once programmed correctly.

OPERATING INSTRUCTIONS

Once programmed, the Meliconi Fully 8.1 operates similarly to your original remote controls. Ensure the remote is pointed directly at the device you wish to control.

Device Selection

Use the dedicated device buttons (e.g., **TV**, **DVD**, **SAT**, **TER**) located at the top of the remote to switch between controlling different devices. The selected device's indicator light may illuminate briefly.

Common Functions

- **Power Button:** Located at the bottom right, used to turn devices on/off.
- **Number Pad (0-9):** For direct channel entry or numerical input.
- **Volume Control (+/-):** Adjusts the volume of the selected audio device.
- **Channel Control (P+/P-):** Changes channels on TV or decoder.
- **Navigation Buttons (Up, Down, Left, Right, OK):** For menu navigation and selection.
- **Menu/Guide/Exit/Back:** Standard control buttons for device menus and functions.
- **Colored Buttons (Red, Green, Yellow, Blue):** Often used for specific interactive functions on Smart TVs or decoders.
- **Playback Controls (Play, Pause, Stop, Rewind, Fast Forward):** For controlling media playback on DVD/Blu-Ray players or multimedia boxes.

Refer to your device's original manual for specific functions that may be mapped to the universal remote's buttons.

MAINTENANCE

To ensure the longevity and optimal performance of your Meliconi Fully 8.1 Universal Remote Control, follow these maintenance guidelines:

- **Cleaning:** Wipe the remote control with a soft, dry cloth. For stubborn dirt, slightly dampen the cloth with water. Do not use abrasive cleaners, solvents, or alcohol, as these can damage the surface and buttons.
- **Battery Replacement:** Replace batteries when the remote's response becomes sluggish or if the indicator light does not illuminate. Always replace both batteries simultaneously with new AA batteries. Dispose of old batteries responsibly.
- **Storage:** Store the remote in a cool, dry place away from direct sunlight and extreme temperatures. Avoid placing heavy objects on the remote.
- **Avoid Drops:** While durable, repeated drops can damage internal components. Handle the remote with care.

TROUBLESHOOTING

| Problem | Possible Cause | Solution |
|--|--|---|
| Remote does not work at all. | Dead or incorrectly installed batteries. | Check battery polarity. Replace batteries with new ones. |
| Remote does not control a specific device. | Incorrect programming code or device not selected. | Ensure the correct device button is selected. Re-program the remote for that device using the correct code. Try alternative codes. |
| Some functions do not work. | Incomplete programming or specific function not supported. | Ensure all functions were tested during programming. Some advanced functions may not be universally mapped. Consult the original device manual. |
| Short operating range. | Low batteries or obstruction. | Replace batteries. Ensure no objects are blocking the line of sight between the remote and the device's IR receiver. Maximum range is 4 meters. |

SPECIFICATIONS

- **Model Name:** Fully 8.1
- **Item Model Number:** 808003
- **Brand:** Meliconi
- **Connectivity Technology:** Infrared (IR)
- **Max Number of Supported Devices:** 8
- **Compatible Devices:** TV, Decoder, SKY, DVD/Blu-Ray, Multimedia Box, IPTV, Streaming Devices, and more.
