IMC Toys 95212

IMC Toys Baby Wow-Alice Interactive Doll (Model 95212) Instruction Manual

1. INTRODUCTION

The IMC Toys Baby Wow-Alice is an interactive doll designed to learn and speak in stages, mimicking a real baby's language development. This manual provides essential information for setting up, operating, and maintaining your Baby Wow-Alice doll.

2. WHAT'S INCLUDED

- 1 Baby Wow-Alice Interactive Doll
- 1 Mobile Phone accessory
- 4 x LR6 AA 1.5V Batteries (pre-installed or included separately)

Image 2: Baby Wow-Alice doll shown in its original packaging.

3. SETUP AND BATTERY INSTALLATION

1. Locate the battery compartment on the back of the doll.
2. Using a screwdriver, open the battery compartment cover.
3. Insert 4 x LR6 AA 1.5V batteries, ensuring correct polarity (+/-).
4. Replace the battery compartment cover and secure it with the screw.
5. Turn the doll ON using the power switch, usually located on the back or bottom of the doll.

Note: Batteries are typically included with the doll. If the doll does not respond, check battery installation or replace with new batteries.

4. OPERATING INSTRUCTIONS

4.1 Learning Stages

Baby Wow-Alice learns to speak in 3 progressive stages. Initially, she will repeat simple words. As the child interacts more with her, she will advance to saying complete phrases. The more interaction she receives, the faster her language

development will progress.

- **Stage 1:** Repeats simple words (e.g., "Hello," "Mommy").
- **Stage 2:** Begins to form short sentences.
- **Stage 3:** Speaks complete phrases and responds to more complex commands.

Alice can learn up to 150 words and phrases and responds to 20 voice commands.

4.2 Interacting with the Mobile Phone

Alice comes with a toy mobile phone. To activate her phone interaction, bring the mobile phone close to her left ear. She will respond with various phrases, simulating a phone conversation.

Image 3: A child interacting with the Baby Wow-Alice doll using the included mobile phone.

4.3 Voice Commands and Responses

Speak clearly to Alice. She will respond to various voice commands. Experiment with different phrases to discover all her responses. Her head and lips move realistically as she speaks.

Example interactions:

- Say "Hello" or "Coo-coo" (French for peek-a-boo).
- Ask her questions.
- Give her a "Kiss" command.

Watch the official product video for a demonstration of Alice's interactive features:

Video 1: Demonstration of Baby Wow-Alice's interactive features, including speech and phone interaction.

Video 2: Promotional video showcasing Baby Wow-Alice's learning capabilities and interaction with children.

5. MAINTENANCE AND CARE

- **Cleaning:** Wipe the doll's surface with a soft, damp cloth. Do not immerse the doll in water.
- **Storage:** Store the doll in a cool, dry place away from direct sunlight when not in use.
- **Battery Care:** Remove batteries if the doll will not be used for an extended period to prevent leakage.

6. TROUBLESHOOTING

- **Doll not responding:**
 - Ensure the power switch is in the ON position.
 - Check battery installation and replace batteries if necessary.
 - Speak clearly and close to the doll's microphone.
- **Language Issue:** The product specifications indicate the doll's default language is Spanish. If you received a doll speaking a different language or wish to change it, please refer to the specific instructions on the product packaging or contact IMC Toys customer support for language change options, if available.
- **Head/Lips not moving:** Check for any obstructions. Ensure batteries are fresh.
