3. OPERATING INSTRUCTIONS

3.1. Bedside Sleeper Mode

To use the CoZee as a bedside sleeper, ensure it is securely attached to your adult bed using the safety straps. Lower the side panel by unzipping it and securing it underneath the bassinet. This allows for close proximity to your baby while maintaining a separate sleeping space. Always ensure the gap between the bassinet and the adult mattress is minimal.

3.2. Standalone Bassinet Mode

For standalone use, ensure the side panel is fully zipped up and secured. The bassinet can be placed anywhere in the room, providing a safe and comfortable sleeping environment for your baby.

3.3. Mattress Height Adjustment

The bassinet features 6 adjustable mattress height levels. To change the height, locate the adjustment mechanisms on the legs. Follow the instructions provided with the product to safely raise or lower the mattress to your desired level. Always ensure both sides are adjusted to the same height.

3.4. Incline Mode

The CoZee bassinet can be tilted to help soothe babies experiencing reflux or congestion. To activate the incline mode, adjust one side of the bassinet to a higher mattress height level than the other. Ensure the incline is gentle and safe for your infant. Consult a medical professional if you have concerns about your baby's health.

4. MAINTENANCE

Proper care and maintenance will extend the life of your CoZee bassinet.

- **Cleaning:** The product care instructions specify "Hand Wash Only." Refer to the fabric care labels for detailed washing instructions. Do not machine wash or tumble dry.
- **Frame:** Wipe the aluminum frame with a damp cloth and mild soap. Dry thoroughly.
- **Mattress:** The corn fiber mattress can be spot cleaned with a damp cloth. Ensure it is completely dry before placing it back in the bassinet.
- **Regular Checks:** Periodically inspect all parts for wear, damage, or loose fasteners. Tighten any loose screws or connections. Replace any damaged parts immediately.
- **Storage:** When not in use, fold the bassinet and store it in its carry bag in a dry, cool place away from direct sunlight.

5. TROUBLESHOOTING

If you encounter any issues with your CoZee bassinet, please refer to the following common solutions:

- **Bassinet not stable:** Ensure all legs are fully unfolded and locked into position. Check that the height adjustment mechanisms on both sides are securely engaged and set to the same level (unless intentionally in incline mode).
- **Difficulty folding/unfolding:** Ensure all locking mechanisms are disengaged before attempting to fold or unfold. Refer to the setup instructions for the correct sequence.
- **Side panel not lowering/raising smoothly:** Check for any obstructions in the zipper track or fabric. Ensure the zipper is aligned correctly.
- **Bassinet not attaching securely to adult bed:** Re-read the safety strap instructions carefully. Ensure the straps are threaded correctly and pulled taut, and that the bassinet is positioned flush against the adult mattress.

If the problem persists or if you have any other concerns, please contact Tutti Bambini customer support for assistance.
