Key Features

- **Bluetooth 5.2:** For stable and efficient wireless connectivity.
- **Qualcomm QCC3040 Chip & aptX-HD:** Delivers high-quality audio with immersive bass.
- **10mm Dynamic Drivers:** Provides clear and powerful sound reproduction.
- **IPX5 Water Resistance:** Protects against sweat and light splashes, suitable for sports.
- **Magnetic Earbuds:** Allows earbuds to clasp together for secure wearing around the neck.
- **In-line Control with Microphone:** For easy management of music and calls.
- **Up to 12 Hours Playtime:** Extended battery life for prolonged use.
- **USB Type-C Charging:** Modern and convenient charging interface.

Setup

1. Charging the Headphones

Before first use, fully charge the headphones. Connect the provided Type-C charging cable to the charging port on the in-line remote control and a USB power source (e.g., computer, wall adapter). The LED indicator will show charging status.

- **Charging Time:** Approximately 1.5 hours.
- **Note:** When charging with an adapter, ensure the current does not exceed 1A.

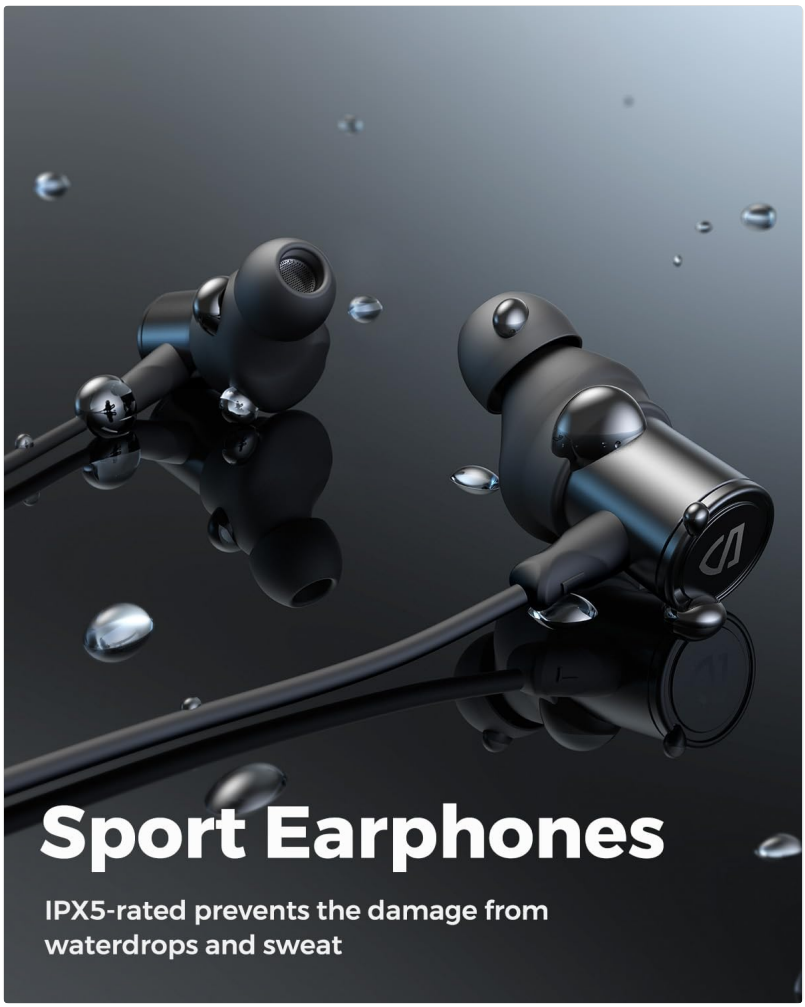

Image: The USB Type-C charging port located on the in-line remote.

2. Powering On/Off

- **Power On:** Press and hold the Multi-function Button (MFB) for 3 seconds until the blue LED flashes.
- **Power Off:** Press and hold the MFB for 3 seconds until the red LED flashes.

3. Bluetooth Pairing

1. Ensure the headphones are powered off.
2. Press and hold the MFB for approximately 5 seconds until the LED indicator flashes red and blue alternately. This indicates the headphones are in pairing mode.
3. Activate Bluetooth on your device (e.g., smartphone, tablet, laptop).
4. Look for 'SoundPEATS Q30 HD+' in the list of available Bluetooth devices.
5. Select 'SoundPEATS Q30 HD+' to connect. Once connected, the LED will flash blue slowly.
6. If pairing fails, clear the pairing record on your device and repeat the steps.

4. Wearing the Headphones

Select the ear tips that provide the most comfortable and secure fit. The headphones come with 5 pairs of different sized ear tips (3 normal, 2 additional XL, XS) to ensure a proper seal for optimal sound quality and noise reduction.

Operation

1. Button Controls

The in-line remote control allows for easy management of music playback and phone calls.

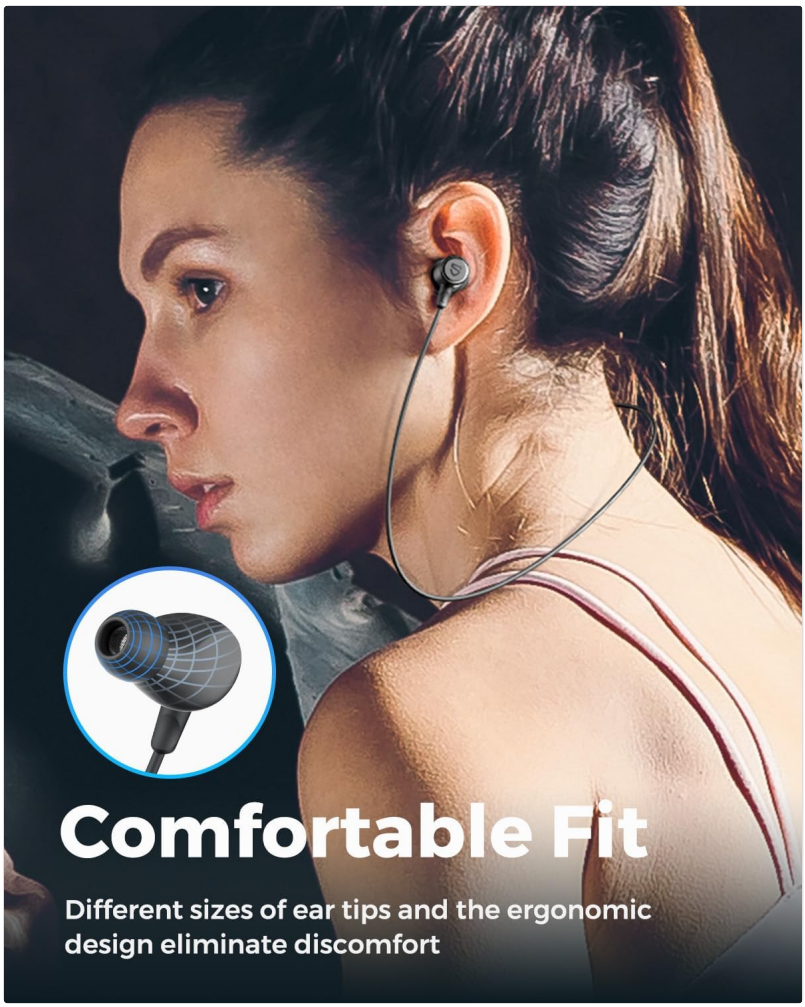

Image: Functions of the in-line remote buttons.

Function	Operation
Power On	Press and hold MFB for 3 seconds
Power Off	Press and hold MFB for 3 seconds
Play/Pause	Single press MFB
Volume Up	Single press '+' button
Volume Down	Single press '-' button
Next Track	Press and hold '+' button for 2 seconds
Previous Track	Press and hold '-' button for 2 seconds
Answer/End Call	Single press MFB
Reject Call	Press and hold MFB for 1.5 seconds
Activate Voice Assistant	Double press MFB

2. Magnetic Feature

The earbuds are designed with built-in magnets. When not in use, the earbuds can be clasped together, allowing them to hang securely around your neck and preventing tangling.

3. Water Resistance (IPX5)

The SoundPEATS Q30 HD+ headphones are IPX5-rated, meaning they are resistant to sweat and light water splashes. This makes them suitable for workouts and outdoor activities. However, they are not designed for submersion in water.

Maintenance

Cleaning

- Regularly clean the earbuds and ear tips with a soft, dry, lint-free cloth.
- Remove ear tips and clean them with mild soap and water if necessary. Ensure they are completely dry before reattaching.
- Avoid using harsh chemicals, cleaning solvents, or strong detergents.

Storage

- Store the headphones in the provided carrying case when not in use to protect them from dust and damage.
- Avoid storing in extreme temperatures (hot or cold) or in areas with high humidity.

Troubleshooting

1. Headphones not turning on

- Ensure the headphones are fully charged. Connect them to a power source and check the charging indicator.
- Press and hold the MFB for 3 seconds to power on.

2. Unable to pair with device

- Make sure the headphones are in pairing mode (LED flashing red and blue alternately).
- Ensure Bluetooth is enabled on your device and it is within 10 meters of the headphones.
- Clear previous pairing records for 'SoundPEATS Q30 HD+' on your device and try pairing again.
- Restart both your device and the headphones.

3. No sound or poor sound quality

- Check the volume level on both the headphones and your connected device.
- Ensure the headphones are properly connected to your device.
- Try different ear tips to ensure a proper seal in your ear canal.
- Move closer to your device to avoid interference or range issues.
- Test with a different audio source or device.

4. Microphone not working

- Ensure the headphones are properly connected and selected as the audio input device on your phone/computer.
- Check for any obstructions on the microphone.
