Casaria Sydney

Casaria Sydney FSC® Certified Acacia Wood Folding Garden Chairs

Instruction Manual

1. INTRODUCTION

Thank you for choosing the Casaria Sydney FSC® Certified Acacia Wood Folding Garden Chairs. This manual provides essential information for the safe assembly, operation, and maintenance of your new garden chairs. Please read these instructions carefully before use and retain them for future reference.

The Casaria Sydney chairs are designed for outdoor use, offering a comfortable and robust seating solution for your garden, patio, or balcony. Made from FSC® certified acacia wood, these chairs are pre-oiled for weather resistance and feature a practical folding function for easy storage.

2. SAFETY INSTRUCTIONS

- **Read all instructions:** Before assembly and use, carefully read and understand all instructions in this manual.
- **Adult assembly required:** Assembly should be performed by adults. Keep children away during assembly.
- **Check all fasteners:** Ensure all bolts, screws, and nuts are securely tightened before each use. Periodically check and re-tighten as necessary.
- **Weight limit:** Do not exceed the maximum weight capacity of 160 kg (approximately 350 lbs) per chair.
- **Stable surface:** Always place the chairs on a flat, stable, and level surface to prevent tipping.
- **Avoid extreme weather:** While weather-resistant, prolonged exposure to extreme weather conditions (heavy rain, snow, strong sun) can affect the wood. Consider storing indoors or covering during harsh weather.
- **Pinch points:** Be aware of pinch points when folding or unfolding the chairs. Keep hands and fingers clear of moving parts.

- **Cleaning:** Use only mild soap and water for cleaning. Avoid harsh chemicals or abrasive cleaners that can damage the wood finish.

3. PACKAGE CONTENTS

Verify that all components are present before beginning assembly. If any parts are missing or damaged, please contact customer support.

- 4 x Casaria Sydney Folding Garden Chairs (disassembled)
- 1 x Assembly Instructions
- Hardware pack (screws, bolts, washers, nuts)

4. SETUP AND ASSEMBLY

The Casaria Sydney chairs require some assembly. Follow these steps carefully. It is recommended to

assemble the chairs on a soft, clean surface to prevent scratching the wood.

1. **Unpack Components:** Carefully remove all parts from the packaging. Lay them out on a clean, flat surface.
2. **Identify Parts:** Refer to the included assembly diagram (if provided in the physical manual) to identify each component and hardware piece. Pay close attention to different types of washers or screws.
3. **Assemble Chair Frame:** Begin by connecting the main frame components. Insert bolts through the designated holes and secure them with washers and nuts. Do not fully tighten all fasteners until the chair is fully assembled.
4. **Attach Seat and Backrest:** Secure the seat and backrest slats to the frame using the appropriate screws. Ensure the slats are evenly spaced and aligned.
5. **Install Armrests:** Attach the armrests to the chair frame. Ensure they are securely fastened and allow for smooth folding operation.
6. **Final Tightening:** Once all components are assembled, place the chair on a level surface. Gently sit on the chair to settle the components, then fully tighten all bolts and screws. Do not overtighten.
7. **Test Folding Mechanism:** Carefully fold and unfold the chair to ensure the mechanism operates smoothly and without obstruction.

Note: Some reviews indicate that there might be different types of plastic washers that look similar. Ensure you use the correct washer for each connection point as per the assembly diagram to ensure proper function and stability.

5. OPERATING INSTRUCTIONS

5.1 Unfolding the Chair

1. Hold the folded chair by the top of the backrest and the front of the seat.
2. Gently pull the seat downwards and outwards until the chair legs extend and lock into place.
3. Ensure all four legs are firmly on the ground and the chair is stable before sitting.

5.2 Folding the Chair for Storage

1. Stand in front of the chair.
2. Lift the front edge of the seat upwards. The chair will begin to collapse.
3. Continue to push the seat towards the backrest until the chair is fully folded.
4. Store the folded chairs in a dry, protected area to prolong their lifespan.

Image: Two Casaria Sydney folding garden chairs are shown in an outdoor patio setting, positioned around a white round table on a light-colored rug.

6. MAINTENANCE

Proper maintenance will ensure the longevity and appearance of your acacia wood chairs.

- **Regular Cleaning:** Wipe down the chairs regularly with a soft, damp cloth to remove dust and dirt. For more stubborn grime, use a mild soap solution and rinse thoroughly with clean water. Dry immediately with a clean cloth.
- **Avoid Harsh Cleaners:** Do not use abrasive cleaners, solvents, or harsh chemicals, as these can damage the wood finish.
- **Re-oiling:** Acacia wood benefits from periodic re-oiling to maintain its color and weather resistance. The chairs are pre-oiled from the factory, but depending on exposure to elements, re-oiling may be necessary every 6-12 months. Use a suitable outdoor wood oil, following the product manufacturer's instructions.
- **Protection from Elements:** Although weather-resistant, storing the chairs indoors or covering them with a protective cover during prolonged periods of rain, snow, or intense sunlight will significantly extend their lifespan.

- **Check Fasteners:** Periodically check all bolts and screws and tighten them if they have loosened due to use or temperature changes.

Image: A close-up of the Casaria Sydney chair, emphasizing its weatherproof and easy-care properties, made from high-quality, FSC®-certified acacia wood that is pre-oiled.

7. TROUBLESHOOTING

Problem	Possible Cause	Solution
Chair feels wobbly or unstable.	Loose fasteners; uneven surface.	Ensure all bolts and screws are fully tightened. Move the chair to a flat, level surface.
Folding mechanism is stiff.	Dust/debris in joints; lack of lubrication.	Clean joints thoroughly. Apply a small amount of silicone spray or wood-friendly lubricant to the pivot points.

Problem	Possible Cause	Solution
Wood color fading or appearing dry.	Exposure to sun and weather; natural aging of wood.	Re-oil the chairs with a suitable outdoor wood oil. Regular re-oiling helps maintain the wood's appearance and protection.
Minor cracks or splits in wood.	Natural expansion/contraction of wood due to humidity/temperature changes.	Small cracks are normal for natural wood products. Ensure proper maintenance (re-oiling) to minimize. For significant damage, contact customer support.

8. SPECIFICATIONS

Feature	Detail
Brand	Casaria
Model Name	Sydney
Material	FSC® Certified Acacia Wood
Color	Brown (Natural Wood)
Product Dimensions (Unfolded)	51D x 51W x 92H Centimeters
Seat Height	40 Centimetres
Seat Back Interior Height	50 Centimetres
Chair Backrest Width	51 Centimetres
Foldable	Yes
Weight Capacity	160 kg
Indoor/Outdoor Usage	Outdoor
Item Weight (per chair)	Approximately 2.95 kg (11.8 kg / 4 chairs)
Item Part Number	994017

9. WARRANTY AND SUPPORT

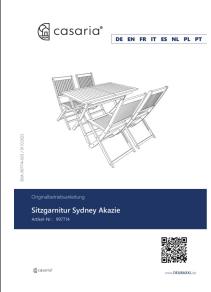

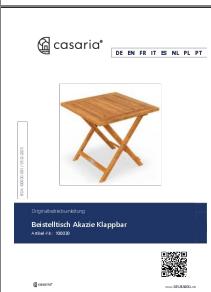

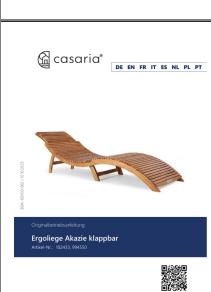

Casaria products are manufactured with quality and durability in mind. For specific warranty information, please refer to the documentation included with your purchase or visit the official Casaria website.

If you encounter any issues or have questions regarding your Casaria Sydney chairs, please contact Casaria

customer support. Have your model number (Sydney) and item part number (994017) ready when contacting support.

Contact Information: Please refer to your purchase documentation or the Casaria official website for the most up-to-date customer support contact details.
