1. Place the **Cloud Game Board** in the center of the playing area.
2. Assemble the **Cloud Castle** and place it in the designated slot on the game board.
3. Place all **10 Cloud Crystals** next to the game board, forming a supply pile.
4. Distribute the **16 Cloud Tiles** randomly around the game board, face down.

4. How to Play (Operating Instructions)

The game is played cooperatively, meaning all players work together to achieve a common goal. The objective is to successfully stack all 5 unicorns (including Rosalie) and all 10 wooden clouds onto the Cloud Castle, and collect all 10 Cloud Crystals before the rain symbol appears on the die too many times.

Game Flow:

1. The youngest player starts the game. Play proceeds clockwise.
2. On your turn, roll the **Wooden Die**.
3. Based on the die roll, perform the corresponding action:
    - **Cloud Symbol:** Take one wooden cloud piece (either white or blue) and carefully stack it onto the Cloud Castle. If any pieces fall, they are returned to the supply, and your turn ends.
    - **Unicorn Symbol:** Take one unicorn (either one of the player unicorns or Baby Unicorn Rosalie) and carefully stack it onto the Cloud Castle. If any pieces fall, they are returned to the supply, and your turn ends.
    - **Crystal Symbol:** Take one Cloud Crystal from the supply and add it to the collected crystals pile.
    - **Rain Cloud Symbol:** This symbol indicates impending rain. If this symbol appears, place one of the collected Cloud Crystals back into the supply. If there are no crystals to return, nothing happens.
4. After performing the action, your turn ends, and the next player takes their turn.

Winning the Game:

All players win together if they successfully:

- Stack all 5 unicorns (4 player unicorns + Rosalie) onto the Cloud Castle.

- Stack all 10 wooden clouds (5 white + 5 blue) onto the Cloud Castle.
- Collect all 10 Cloud Crystals.

All these conditions must be met. If pieces fall during stacking, they must be restacked on a subsequent turn.

Losing the Game:

The players lose if the rain symbol appears on the die and there are no Cloud Crystals left to return to the supply, indicating the rain has washed away their progress.
