MOES WiFi Smart Curtain Switch User Manual

Model: White Smart Curtain Switch

INTRODUCTION

The MOES WiFi Smart Curtain Switch is designed to provide intelligent control over your motorized roller blinds, shutters, and curtains. This device integrates seamlessly with your smart home ecosystem, offering convenient operation through touch, mobile application, and voice commands. Enhance your living space with automated curtain management, improving comfort and energy efficiency.

KEY FEATURES

- **Touch Control:** Sensitive glass panel for direct operation.
- **Timing and Remote Control:** Schedule curtain opening/closing and control from anywhere via smartphone.
- **Multi-scenario Matching:** Compatible with various curtain types (window blinds, rolling blinds, venetian blinds) and suitable for different rooms.
- **Voice Control:** Seamless integration with Amazon Alexa and Google Assistant for hands-free operation.
- **Group Control & Device Sharing:** Control multiple switches as a group and share access with family members via the Smart Life app.

Multiple Non-interfering Control Modes

SETUP GUIDE

1. Installation

Important Safety Note: Installation should be performed by a qualified electrician. Ensure power is disconnected at the circuit breaker before beginning any wiring work.

1. Turn off power at the main circuit breaker.
2. Remove your existing curtain switch.
3. Connect the MOES Smart Curtain Switch according to the wiring diagram provided in the product packaging. **A neutral wire is required for operation.**
4. Secure the switch into the wall box.
5. Attach the glass panel.
6. Restore power at the circuit breaker.

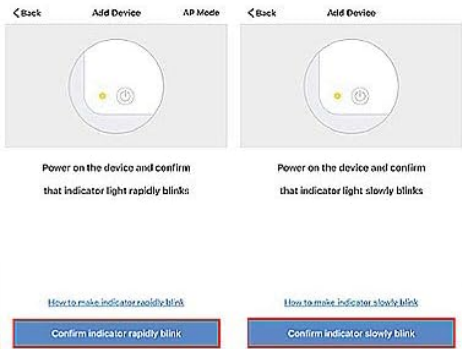

2. App Pairing

The MOES Smart Curtain Switch uses the Smart Life or Tuya Smart app for configuration and remote control. Ensure your Wi-Fi network is 2.4GHz.

1. Download the 'Smart Life' or 'Tuya Smart' app from your smartphone's app store.
2. Register or log in to your account.
3. Open the app and tap '+' to add a new device.
4. Select 'Curtain Switch' from the device list.
5. Follow the in-app instructions to put the switch into pairing mode (usually by pressing and holding a button until the indicator light blinks rapidly).
6. Confirm the indicator status in the app and enter your Wi-Fi credentials.
7. The app will automatically discover and connect to the switch. Once connected, you can rename the device.

So disgusting!

Why fails to connect again!

I am crazy about the complex operations!

Who can help me?

- ✓ 1. With WiFi+Bluetooth connected for automatic identification and easy configuration.
- ✓ 2. No more need to do so many complicated steps for pairing.
- ✓ 3. Quick and easy connection within 8 seconds.

OPERATING INSTRUCTIONS

1. Touch Control

The switch features three touch buttons on its glass panel:

- **Open Button (Up Arrow):** Tap to open the curtains.
- **Pause Button (Two Vertical Lines):** Tap to pause the curtains at their current position.
- **Close Button (Down Arrow):** Tap to close the curtains.

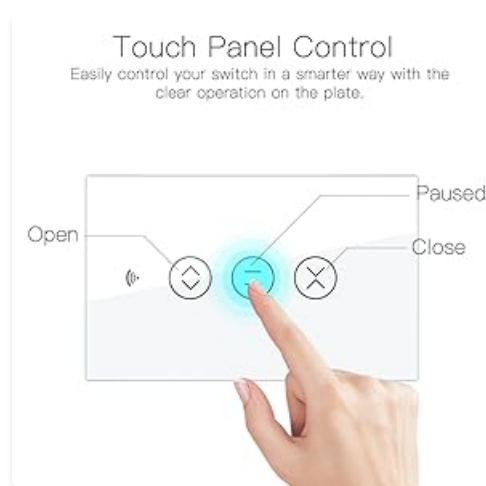

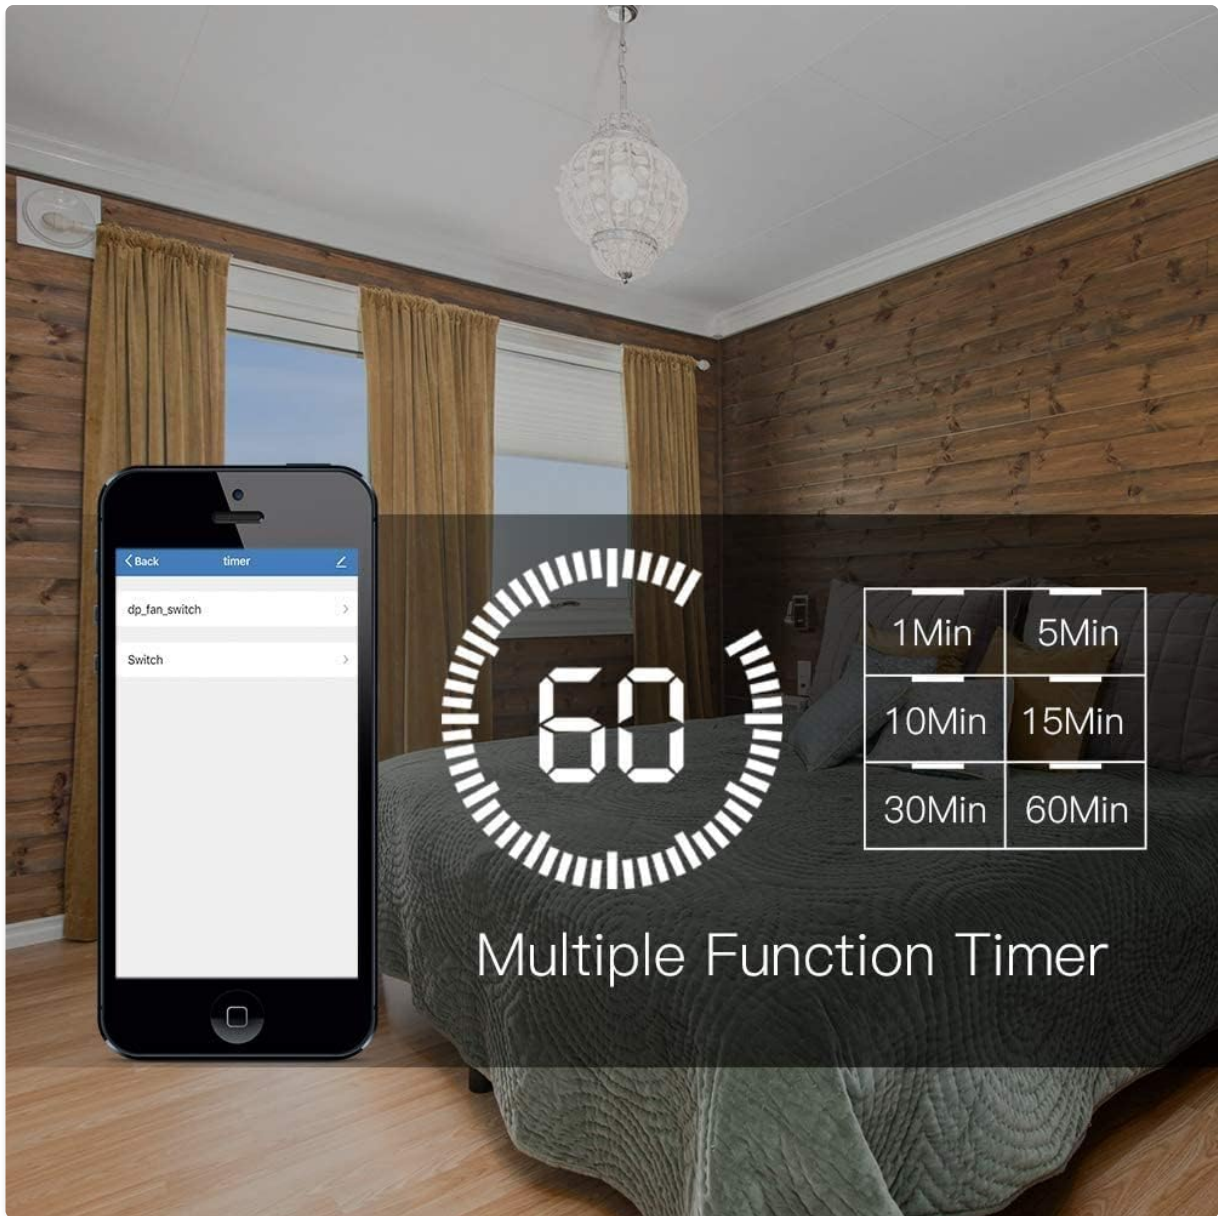

Diagram illustrating the touch panel controls for opening, pausing, and closing curtains.

2. App Control

Use the Smart Life/Tuya Smart app to control your curtains remotely from anywhere with an internet connection.

- Open the app and select your curtain switch.
- You will see virtual buttons to open, close, or pause your curtains.
- **Timing Function:** Set schedules for automatic opening and closing at specific times. This is ideal for daily routines or vacation mode.
- **Countdown Timer:** Set a countdown for the curtains to open or close after a specified duration.
- **Backlight Control:** The app allows you to turn off the backlight of the switch, which can be useful for bedrooms.

3. Voice Control

Integrate your MOES Smart Curtain Switch with Amazon Alexa or Google Home for convenient voice commands.

1. Ensure your switch is successfully paired with the Smart Life/Tuya Smart app.
2. Open the Alexa or Google Home app.
3. Enable the 'Smart Life' or 'Tuya Smart' skill/service.
4. Link your Smart Life/Tuya Smart account.
5. Discover devices. Your curtain switch should appear.
6. You can now use voice commands such as:
 - "Alexa, open the living room curtains."
 - "Hey Google, close the bedroom blinds."
 - "Alexa, pause the kitchen shutter."

MAINTENANCE

- **Cleaning:** Wipe the glass panel with a soft, dry cloth. Avoid abrasive cleaners or solvents.
- **Firmware Updates:** Regularly check the Smart Life/Tuya Smart app for firmware updates to ensure optimal performance and security.
- **Network Stability:** Ensure your Wi-Fi network is stable and strong in the area of the switch for reliable operation.

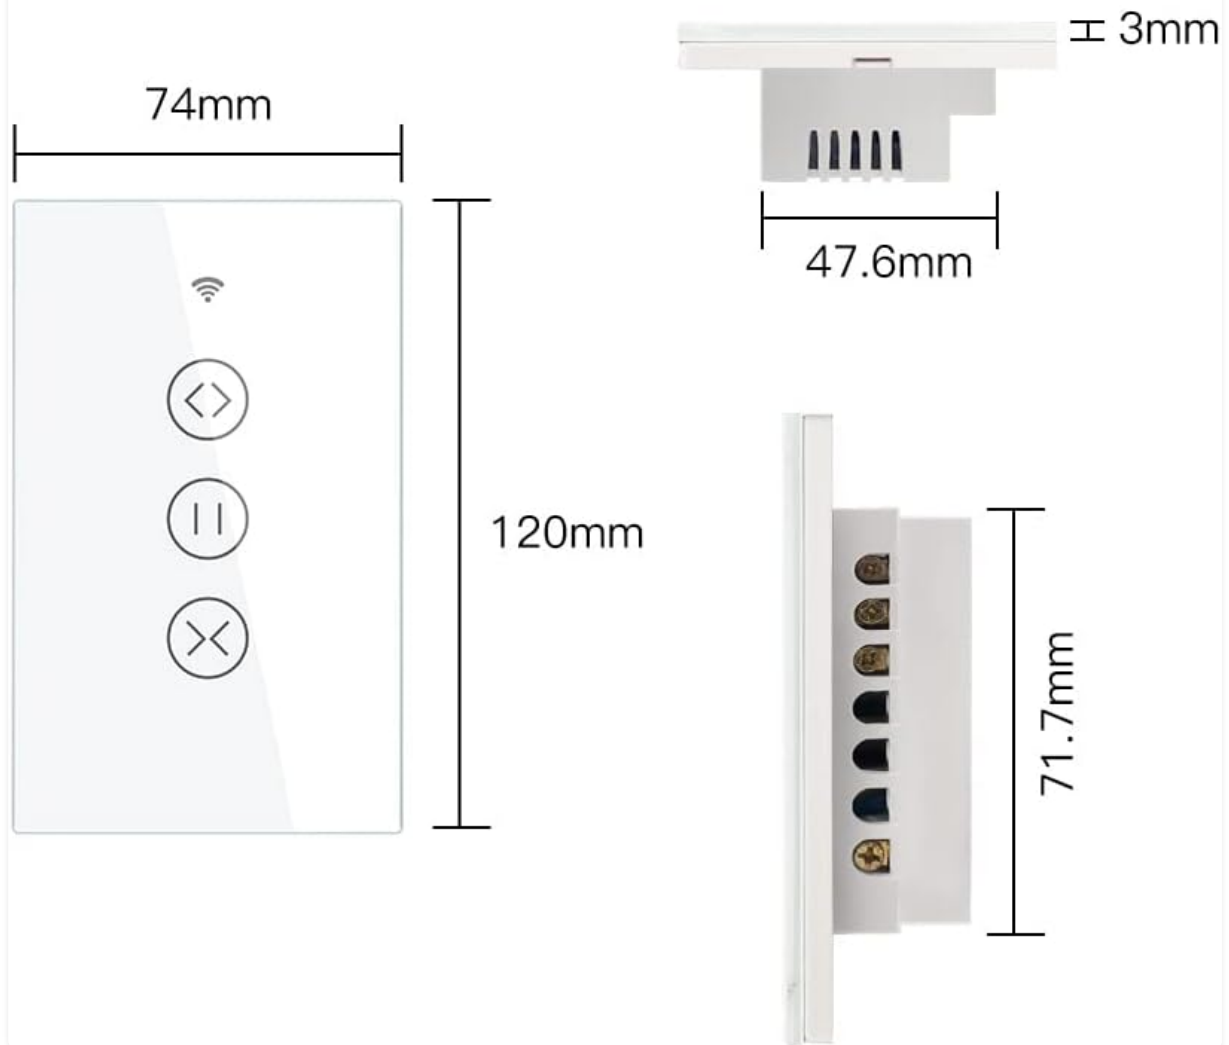

TROUBLESHOOTING

- **Switch Not Responding:** Check if the circuit breaker is on. Ensure the switch is properly wired, especially the neutral wire. Try restarting the switch by turning off and on the power at the breaker.
- **Cannot Pair with App:** Ensure your Wi-Fi network is 2.4GHz. Move closer to the router during pairing. Reset the switch to factory settings (refer to the specific reset procedure in the app or included manual) and try pairing again.
- **Voice Control Issues:** Verify that the Smart Life/Tuya Smart skill is enabled and linked correctly in your Alexa/Google Home app. Ensure the device name is simple and easily recognizable by voice assistants.
- **Intermittent Connectivity:** This may indicate a weak Wi-Fi signal. Consider relocating your Wi-Fi router or adding a Wi-Fi extender.

SPECIFICATIONS

Attribute	Value
Operation Mode	ON-OFF-ON
Operating Voltage	240 Volts
Contact Type	Normally Open
Connector Type	Screw
Terminal	Screw
Item Dimensions (L x W x H)	4.72 x 2.91 x 1.5 inches
Circuit Type	1-way
Actuator Type	Push Button
Contact Material	Brass
International Protection Rating	IP65
Number of Positions	2
Controller Type	Google Assistant, Amazon Alexa
Control Method	Remote
Connectivity Protocol	Wi-Fi
Color	Onecolor
