JBL JBLGO2BLKAM

JBL GO2 - Waterproof Ultra-Portable Bluetooth Speaker User Manual

Model: JBLGO2BLKAM | Brand: JBL

INTRODUCTION

The JBL Go 2 is a full-featured waterproof Bluetooth speaker designed for portability. It allows you to wirelessly stream music for up to 5 hours of continuous JBL quality sound. Its IPX7 waterproof design makes it suitable for use by the poolside or at the beach. The Go 2 also includes a built-in noise-cancelling speakerphone for clear phone calls. Crafted in a compact design, it is available in various colors to suit personal style.

PRODUCT OVERVIEW

Front view of the JBL GO2 speaker in black, showcasing the JBL logo and speaker grille.

Angled view of the JBL GO2 speaker, highlighting its compact size and textured finish.

Side view of the JBL GO2 speaker, showing the covered Micro USB charging port and 3.5mm audio input.

SETUP

1. Charging the Speaker

Before first use, fully charge your JBL GO2 speaker. The charging port is located on the side, protected by a waterproof flap. Use the included Micro USB cable to connect the speaker to a power source. A full charge takes approximately 2.5 hours.

The Micro USB charging port and 3.5mm audio input are located under a protective flap on the side of the speaker.

2. Powering On/Off

To power on the speaker, press the power button located on the top panel. You will hear an audible sound indicating it's powered on. To power off, press the power button again.

Audio Cable Input

For devices without Bluetooth, the JBL GO2 features a 3.5mm audio cable input. Simply connect your device using a standard audio cable (not included) to enjoy music.

KEY FEATURES

- **IPX7 Waterproof Design:** The JBL GO2 is fully waterproof, making it ideal for poolside, beach, or even shower use. It can be submerged in up to 1 meter of water for 30 minutes.
- **Ultra-Portable:** Its compact size and lightweight design allow you to easily carry it anywhere.
- **5 Hours of Playtime:** Enjoy extended music playback on a single charge.
- **Noise-Cancelling Speakerphone:** Take crystal clear calls with the integrated speakerphone.

MAINTENANCE

To ensure the longevity and optimal performance of your JBL GO2 speaker, follow these maintenance guidelines:

- **Cleaning:** Wipe the speaker with a soft, damp cloth. Do not use harsh chemicals or abrasive materials.
- **Water Exposure:** While waterproof, ensure the charging port and audio input are completely dry before opening the protective flap or charging.
- **Storage:** Store the speaker in a cool, dry place away from direct sunlight and extreme temperatures.
- **Battery Care:** For optimal battery life, avoid fully discharging the battery frequently. Charge it regularly, even if not in use for extended periods.

TROUBLESHOOTING

If you encounter issues with your JBL GO2 speaker, refer to the common troubleshooting tips below. For a comprehensive guide, please consult the official [Troubleshooting Guide \(PDF\)](#).

- **No Power:** Ensure the speaker is charged. Connect it to a power source and wait a few minutes before attempting to power on.
- **Cannot Pair Bluetooth:**
 - Ensure the speaker is in pairing mode (flashing blue LED).
 - Turn off and on Bluetooth on your device.
 - Forget "JBL GO2" from your device's Bluetooth settings and try pairing again.
 - Ensure no other devices are currently connected to the speaker.
- **No Sound:**
 - Check the volume level on both the speaker and your connected device.
 - Ensure the speaker is properly paired via Bluetooth or the audio cable is securely connected.
 - Try playing audio from a different source or device.
- **Distorted Sound:**
 - Reduce the volume on both the speaker and your connected device.
 - Ensure the speaker is not too far from your Bluetooth device (within 10 meters).
