## SETUP

1. **Charge the Device:** Before first use, fully charge the toothbrush using the wireless charging dock. Ensure the toothbrush is dry when placed on the charging dock.
2. **Attach Brush Head:** Once fully charged, install the desired brush head (U-shaped or regular) onto the toothbrush handle.

## OPERATING INSTRUCTIONS

1. **Apply Toothpaste:** Shake liquid toothpaste (if using foam toothpaste) and evenly apply it to the U-shaped brush head. For regular toothpaste, apply a small amount to the bristles.
2. **Position Brush:** Put the brush head into your mouth and relax your bite on the U-shaped brush head, ensuring it covers all teeth.
3. **Select Mode:** Press the power button to turn on the toothbrush and select the desired frequency mode (Strong, Comfortable, or Whitening).
4. **Brush Teeth:** Gently brush your teeth. For the U-shaped head, move your hands back and forth, left to right, to ensure a deeper clean across all surfaces. The toothbrush has a built-in timer for optimal brushing duration.
5. **Rinse:** After brushing, remove the toothbrush and rinse your mouth thoroughly.

## BRUSHING MODES

The V-WHITE toothbrush offers three distinct brushing modes:

- **Strong Mode:** Provides powerful vibrations for thorough teeth brushing, ideal for removing long-lasting stains.
- **Medium Mode:** Offers a comfortable, medium firmness vibration, suitable for bedtime brushing or sensitive gums.
- **Whitening Mode:** Utilizes the blue LED light in conjunction with vibrations to assist in teeth whitening.

## CHARGING

The V-WHITE toothbrush features ultra-fast wireless charging. Place the toothbrush handle onto the wireless charging dock. The indicator light on the dock will confirm charging status. A full charge takes approximately 30 minutes and provides up to 10 days of use.

## MAINTENANCE

1. **Cleaning the Brush Head:** After each use, rinse the brush head thoroughly under running water.
2. **Cleaning the Handle:** Use a wet cloth to clean the toothbrush handle and remove any water or toothpaste residue. The device is IPX7 waterproof, allowing for easy rinsing.
3. **Storage:** Store the toothbrush in a clean, dry place, preferably on its charging dock.
4. **Brush Head Replacement:** Replace the brush head every 3 months, or sooner if the bristles appear frayed or worn, to maintain optimal cleaning performance and hygiene.

## TROUBLESHOOTING

If you encounter any issues with your V-WHITE Ultrasonic U-Shaped Toothbrush, please consider the following:

- **Device not turning on:** Ensure the toothbrush is fully charged. Place it on the wireless charging dock for at least 30 minutes.
- **Weak vibrations:** Check the battery level. If low, recharge the device. Ensure the brush head is securely attached.
- **Ineffective cleaning:** Ensure you are applying toothpaste evenly and moving the brush head gently across all tooth surfaces. Replace the brush head if it is old or worn.
- **Charging issues:** Verify that the wireless charging dock is properly connected to a power source. Ensure the toothbrush is dry before placing it on the dock.

For persistent issues, please contact customer support.
