# BABY born Sleep Well Bed for 43 cm Doll Instruction Manual

Model: 827420

## 1. INTRODUCTION

---

Thank you for choosing the BABY born Sleep Well Bed. This interactive doll bed is designed to provide an engaging play experience for children aged 3 years and up. It features a canopy, comfortable bedding, and a special Bruno bear that interacts with the doll to create realistic sleep sounds. This manual provides essential information for the safe assembly, operation, and maintenance of your product.

## 2. SAFETY INFORMATION

---

- **Age Recommendation:** This product is not suitable for children under 3 years of age.
- **Adult Supervision:** Always ensure the product is used under adult supervision.
- **Battery Safety:**
  - Requires 2 x AAA batteries (not included).
  - Do not mix old and new batteries.
  - Do not mix alkaline, standard (carbon-zinc), or rechargeable (nickel-cadmium) batteries.
  - Insert batteries with correct polarity (+ and -).
  - Remove exhausted batteries from the product.
  - Remove batteries if the product is not to be used for an extended period.

## 3. PACKAGE CONTENTS

## 4. SETUP AND ASSEMBLY

---

The BABY born Sleep Well Bed is designed for easy assembly using a plug-in system. No tools are typically required.

1. **Unpack Components:** Carefully remove all parts from the packaging and verify against the package contents list.
2. **Assemble Bed Frame:** Connect the headboard, footboard, and side rails. The parts are designed to slot together securely.
3. **Install Batteries:** Locate the battery compartment, usually on the underside of the bed. Insert 2 x AAA batteries, ensuring correct polarity. Close the compartment securely.
4. **Attach Canopy:** Secure the fabric canopy to the designated points on the bed frame.
5. **Place Bedding:** Arrange the mattress, pillow, and blanket inside the assembled bed.

## 5. OPERATING INSTRUCTIONS

---

The BABY born Sleep Well Bed features interactive sound functions to enhance playtime.

1. **Power On/Off:** Locate the power switch, typically near the battery compartment, to turn the sound functions on or off.
2. **Activating Crying Sound:** Place your BABY born doll (up to 43 cm) into the bed. Ensure the doll's head rests on the designated sensor area (often a 'big button' or pressure point) within the bed. This action will trigger a crying sound from the bed.
3. **Activating Sleep Sounds:** While the doll is crying, place the cuddly Bruno bear next to the doll in the bed. The Bruno bear contains a magnetic function that interacts with the bed's sensor. This will cause the crying sound to stop, and soothing sleep music and snoring sounds will begin, indicating the doll is 'falling asleep'.

## 6. MAINTENANCE

- **Cleaning:** Wipe the bed frame and plastic parts with a soft, damp cloth. Do not immerse electronic components in water.

- **Bedding:** The fabric canopy and bedding can be hand-washed or machine-washed on a gentle cycle with cold water. Air dry only.
- **Battery Replacement:** When sounds become faint or stop working, replace the AAA batteries as described in the Setup section.
- **Storage:** Store the product in a clean, dry place away from direct sunlight when not in use.

## 7. TROUBLESHOOTING

Problem	Possible Cause	Solution
No sound or crying when doll is placed in bed.	Batteries are dead or incorrectly installed. Power switch is off. Doll's head not on sensor.	Check and replace batteries if necessary. Ensure batteries are inserted with correct polarity. Turn the power switch to 'On'. Reposition the doll's head to ensure it makes contact with the sensor.
Only crying sound, no sleep music or snoring.	Bruno bear not placed correctly or missing.	Ensure the Bruno bear is placed directly next to the doll in the bed to activate its magnetic function.
Sounds are distorted or faint.	Low battery power.	Replace the AAA batteries with new ones.
