GTRACING GT890MF

GTRACING Gaming Chair with Footrest Speakers

INSTRUCTION MANUAL

Introduction

The GTRACING Gaming Chair with Footrest Speakers is designed to provide a comfortable and immersive experience for gaming, office work, or studying. Its ergonomic design, robust construction, and integrated audio features make it an ideal choice for extended use.

This image displays the GTRACING Gaming Chair in red and black, highlighting its ergonomic shape and integrated features.

ADJUSTABLE MULTI-DIRECTIONAL ARMRESTS

Allows the gamer to adjust to the position that best suits the game.

A diagram illustrating the chair's construction with multi-layered leather and a high-intensity thicker steel frame for durability and stability.

Safety Information

This chair is designed to support up to 300 pounds. Please adhere to the weight limit for safe operation and longevity of the product.

Package Contents

Your GTRACING Gaming Chair package includes all necessary components for assembly and operation. Please verify all parts against the provided list before beginning installation.

- Seat
- Mechanism
- Gas Lift Cover
- Headrest Pillow
- Angle Adjustor
- Casters
- Armrests

- Base
- Lumbar Pillow
- Gas Lift
- Connector
- Bluetooth Receiver
- Charging Cable (Type-C)
- Speaker Extension Cable
- Footrest
- Allen Wrench
- Extra Parts (screws, rubber rings, caps)

All screws and tools required for assembly are included, with extra parts provided for convenience. It is recommended to keep the original packaging and any unused parts for future reference or potential returns.

Setup and Installation

For detailed step-by-step instructions, please refer to the included Installation Manual (PDF) or the visual guides below. Assembly is recommended to be carried out by two people for ease and safety.

1. Place the chair base upside down. Insert the tip of the part into the base and fix with M6*20 screws.
2. Insert the casters into the bottom of the base. Install the gas lift and insert the gas lift cover.
3. Install the mechanism, armrests, and footrest connector to the seat.
4. Place the seat onto the gas lift.
5. Attach the headrest and lumbar pillows using their straps.

This diagram provides detailed product dimensions, including height, width, and depth, along with maximum load capacity.

Operating Instructions

Chair Adjustments

- **Reclining:** The chair backrest can be reclined between 90 and 160 degrees. Use the lever on the side to adjust and lock at any desired position.
- **Seat Height:** The seat height is adjustable to suit your desk and comfort needs.
- **Swivel:** The chair features a 360-degree swivel for full mobility.
- **Armrests:** The armrests are multi-directional and adjustable, allowing you to find the most comfortable position for your arms.

- **Footrest:** A retractable footrest is integrated for added comfort, especially when reclining.

PREMIUM LEATHER & THICKENED STEEL MORE SOFT AND STABLE

This image illustrates the various recline angles of the chair, from 90 degrees for work to 155 degrees for resting.

ERGONOMIC DESIGN ENJOY THE HIGH-CLASS EXPERIENCE

Imitate the design of racing seats to provide players with a customized sitting experience

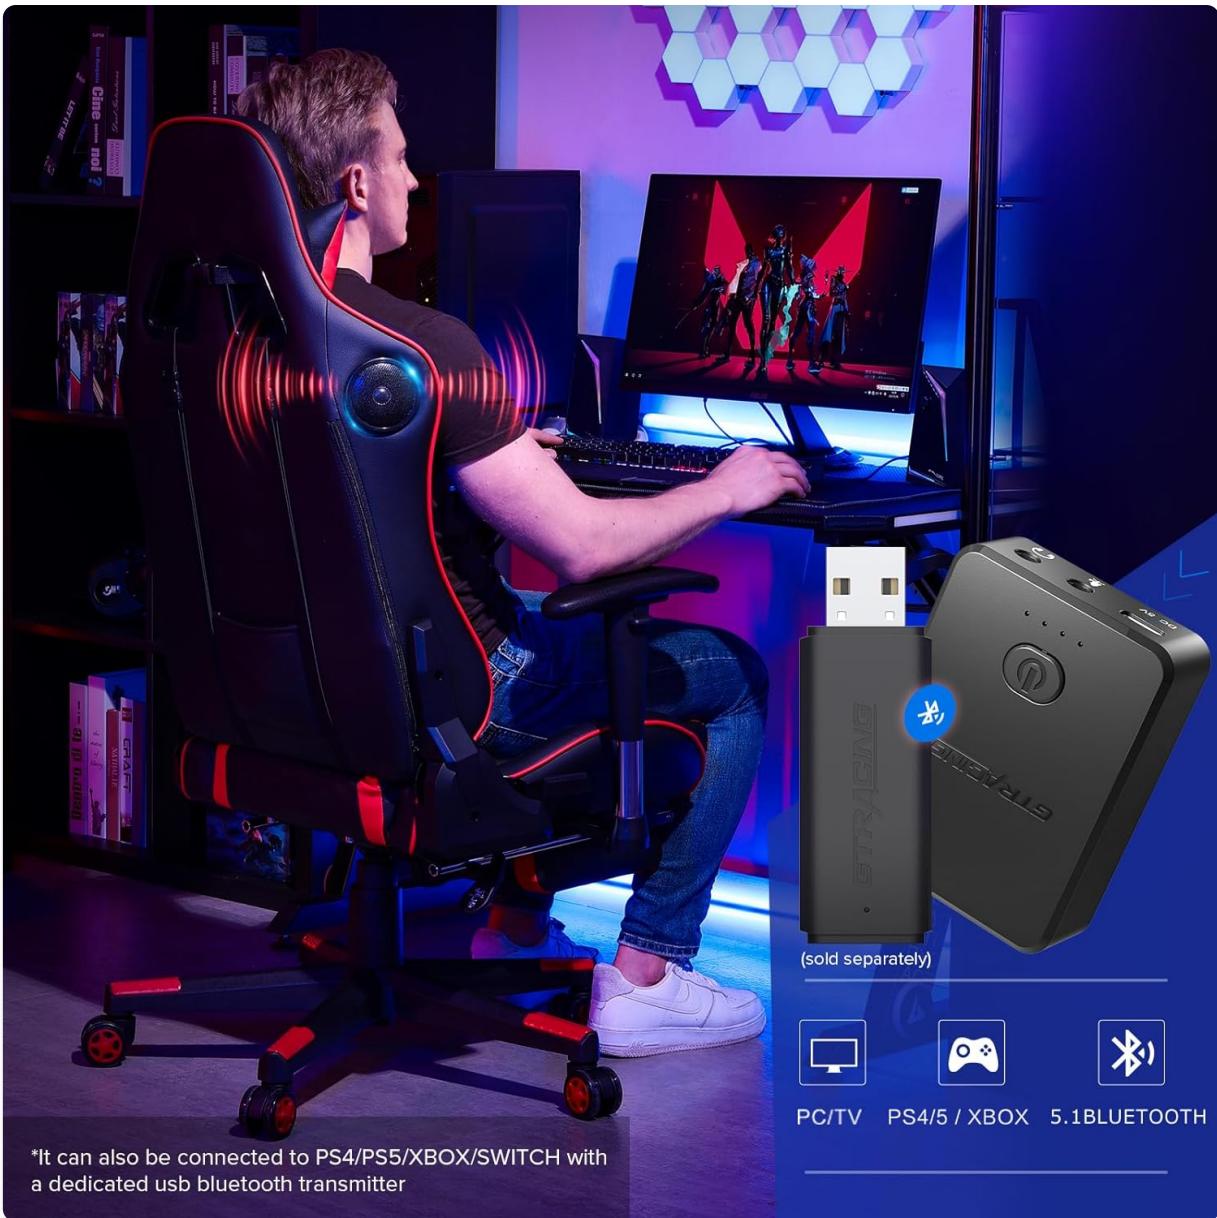

A diagram highlighting the adjustable multi-directional armrests, allowing users to customize their position.

Bluetooth Speaker Operation

The GTRACING Gaming Chair is equipped with dual Bluetooth speakers for an immersive audio experience. The speakers are designed with a back stereo channel to reflect sound from the ceiling and walls, creating a surround sound effect.

- **Connecting:** Long press the power button on the Bluetooth receiver for 2 seconds to turn it on. The LED indicator light will flash red and blue, indicating it's ready for pairing.
- Activate the Bluetooth function on your smartphone or other wireless device and search for "GTRACING".
- After successful pairing, a voice prompt will say "Pairing completed".
- If the connection is broken, you will hear a voice prompt that "The Bluetooth device has been disconnected and the device will be ready to pair again".
- If there is no connection, the Bluetooth receiver will automatically turn off after 5 minutes to save energy.
- **Charging:** Charge the Bluetooth receiver with the provided Type-C charging cable for 90 minutes for a full charge, providing up to 16 hours of music playback. The LED indicator light flashes blue when charging, and 4 blue lights indicate a full charge.

*It can also be connected to PS4/PS5/XBOX/SWITCH with a dedicated usb bluetooth transmitter

A diagram illustrating the dual Bluetooth 5.1 speakers, emphasizing clear treble and stereo sound for an enhanced audio experience.

This image shows a user sitting in the chair, with a Bluetooth dongle and icons indicating compatibility with PC/TV, PS4/PS5/XBOX/SWITCH, and Bluetooth devices.

This video demonstrates the GTRACING Gaming Chair with Footrest Speakers, showcasing its features and design from the seller's perspective.

Massager (Lumbar Pillow)

The lumbar pillow includes a massager feature for added comfort. To operate the massager, connect its USB cable to a power source such as a USB port on your computer, a wall adapter, or a portable battery pack. The massager does not have an on/off switch; it activates upon connection. To turn it off, simply disconnect the USB cable.

This video highlights the ultimate comfort features of the gaming chair, including the massager in the lumbar pillow, and how it can level up your seating experience.

Maintenance

- Cleaning:** Wipe clean with a damp cloth. Avoid harsh chemicals that may damage the PU leather upholstery.
- Screw Tightening:** Periodically check and re-tighten all screws to ensure the chair remains stable and secure.

Troubleshooting

- **Speakers Not Working:** Ensure the Bluetooth receiver is fully charged and properly paired with your device. Check the speaker extension cable connection. If issues persist, try re-pairing the device.
- **Chair Instability:** Verify that all screws are securely tightened. Ensure the gas lift is properly installed and functioning.

This video from a customer addresses issues with the chair's speakers not working, demonstrating troubleshooting steps for connectivity.

Specifications

- **Model Name:** GT890MF
- **Color:** Red
- **Product Dimensions:** 20.87"D x 21.65"W x 53.15"H
- **Maximum Weight Recommendation:** 300 Pounds
