FOREVER Pederà 500th Limited - Natural Maple Wood User Manual

Brand: Pininfarina | Model: PIUMA500TH

1. INTRODUCTION

The FOREVER Pederà 500th Limited is a unique writing instrument designed by Pininfarina, celebrating the 500th anniversary of Leonardo da Vinci. This special edition features a body crafted from natural maple wood and utilizes an innovative Ethergraf tip, allowing you to write without ink or graphite. The pen comes complete with a stylish stainless steel base for display.

2. SETUP

Your FOREVER Pecera 500th Limited pen is designed for immediate use. The package includes the pen and a stainless steel base. To set up your writing instrument for display:

1. Carefully remove the pen and the stainless steel base from their packaging.
2. Place the stainless steel base on a flat, stable surface.
3. Gently rest the maple wood body of the pen into the curved groove of the stainless steel base. The design ensures the pen is securely held and beautifully displayed.

3. OPERATING INSTRUCTIONS

The FOREVER Pederal 500th Limited utilizes an Ethergraf tip, which allows it to write without ink or refills. The writing sensation is comparable to that of a pencil, producing a light, silvery line.

- **Writing Surface:** For best results, use the pen on paper or other suitable writing surfaces. The Ethergraf tip works by oxidizing the paper, creating a permanent mark.
- **Pressure:** Apply light to moderate pressure, similar to how you would use a traditional pencil. Experiment with different pressures to achieve desired line thickness and darkness.
- **Line Appearance:** The line produced is typically a light silver or gray, resembling a pencil mark. It is permanent and smudge-proof.

Figure 4: The Ethergraf tip in action, producing a distinct mark.

Figure 5: Example of writing and drawing with the Ethergraf pen.

4. MAINTENANCE

To ensure the longevity and aesthetic appeal of your FOREVER Pendera 500th Limited pen, follow these maintenance guidelines:

- **Cleaning the Maple Wood Body:** Wipe the maple wood body with a soft, dry cloth to remove dust or fingerprints. Avoid using abrasive cleaners or excessive moisture, which could damage the wood finish.
- **Cleaning the Ethergraf Tip:** The Ethergraf tip generally requires no special cleaning. If any residue accumulates, gently wipe it with a dry, soft cloth. Do not use chemical cleaners or sharp objects on the tip.
- **Stainless Steel Base:** The stainless steel base can be cleaned with a soft, damp cloth and then dried thoroughly to prevent water spots.
- **Storage:** When not in use, store the pen on its provided stainless steel base or in a protective case to prevent

scratches and damage. Avoid exposing the pen to extreme temperatures or direct sunlight for prolonged periods.

5. TROUBLESHOOTING

While the FOREVER Pecera 500th Limited is a robust writing instrument, you may encounter minor issues. Here are some common concerns and their solutions:

- **Faint or No Mark:**
 - Ensure you are using the pen on a suitable surface. The Ethergraf tip works best on paper.
 - Apply slightly more pressure. The tip requires contact with the paper to create a mark.
- **Double Line or Uneven Mark:**
 - This can sometimes occur if the tip is not making even contact with the paper. Try adjusting your writing angle or pressure.
 - Ensure the tip is clean and free of any debris. Gently wipe with a dry, soft cloth.
- **Wood Body Appears Rough:**
 - The natural maple wood may have slight variations in texture. This is normal and part of the product's unique character.
 - Avoid harsh chemicals or abrasive materials that could alter the wood's surface.

If you experience persistent issues not covered here, please refer to the Warranty and Support section for contact information.

6. SPECIFICATIONS

Feature	Detail
Manufacturer	Forever
Brand	Pininfarina
Model Number	PIUMA500TH
Product Dimensions	15.5 x 1 x 15.5 cm
Item Weight	240 grams
