YATWIN F8

YATWIN Wireless Earbuds User Manual

Model: F8

INTRODUCTION

Thank you for choosing YATWIN Wireless Earbuds. These true wireless stereo earphones are designed to provide a superior audio experience with advanced Bluetooth 5.0 technology, extended playtime, and a comfortable, secure fit. This manual will guide you through the setup, operation, and maintenance of your new earbuds.

WHAT'S IN THE BOX

Image: All components included in the YATWIN Wireless Earbuds package.

- YATWIN Wireless Earbuds (Left and Right)
- Portable Charging Case
- USB Charging Cable
- Multiple Pairs of Silicone Ear Tips (various sizes and types)
- User Manual

PRODUCT OVERVIEW

Image: Front view of the YATWIN Wireless Earbuds and their charging case, highlighting the IPX7 water resistance.

The YATWIN Wireless Earbuds feature a compact design with intuitive controls. The charging case provides additional battery life, ensuring your earbuds are always ready for use. Each earbud is equipped with an LED indicator and a multi-function button for control.

Key Features:

- **True Wireless Stereo (TWS):** Enjoy a completely cable-free listening experience.
- **Bluetooth 5.0:** Provides stable connectivity and efficient power consumption.
- **Extended Playtime:** Up to 7 hours on a single charge, with a total of 21 hours using the charging case.

- **IPX7 Water Resistance:** Protects against sweat and splashes, suitable for workouts and outdoor activities.
- **Passive Noise Cancellation:** Ergonomic design helps to reduce ambient noise.

SETUP

1. Initial Charging

Before first use, fully charge the earbuds and the charging case. Place the earbuds into the charging case. Connect the USB charging cable to the charging case and a power source. The LED indicators on the case will show the charging status. Once fully charged, the indicators will change or turn off.

Use all day, whatever
your listening needs

With up to 7 hours of battery on a single charge, and up to 21 hours in total with the included pocket-friendly charging case, your listening needs are met from the start of the day, to its end.

2. Earbud Fit and Comfort

For optimal sound quality and comfort, it is crucial to select the correct ear tips. The YATWIN earbuds come with multiple pairs of silicone ear caps of different types and sizes. Experiment with the various sizes to find the pair that provides a snug and secure fit in your ear canal. A proper seal enhances bass response and passive noise cancellation.

2 Types & 3 Sizes Ear Caps

Fit Snug without falling out. Stay comfortable and relatively stealth in ears and keep background noise out

OPERATING INSTRUCTIONS

1. Power On/Off

- **Power On:** The earbuds will automatically power on when removed from the charging case.
- **Power Off:** Place the earbuds back into the charging case to automatically power them off and begin charging.

2. One-Step Pairing

The YATWIN earbuds are designed for easy, one-step pairing with your device.

1. Ensure Bluetooth is enabled on your smartphone, tablet, or other compatible device.
2. Take both earbuds out of the charging case. They will automatically enter pairing mode.
3. On your device, search for Bluetooth devices and select "F8" (or similar YATWIN model name) from the list to

connect.

4. Once connected, you will hear a confirmation prompt, and the earbud indicator lights will change.

Lastest Bluetooth 5.0 & Auto Paring

Take both earbuds out to enter into pairing mode automatically

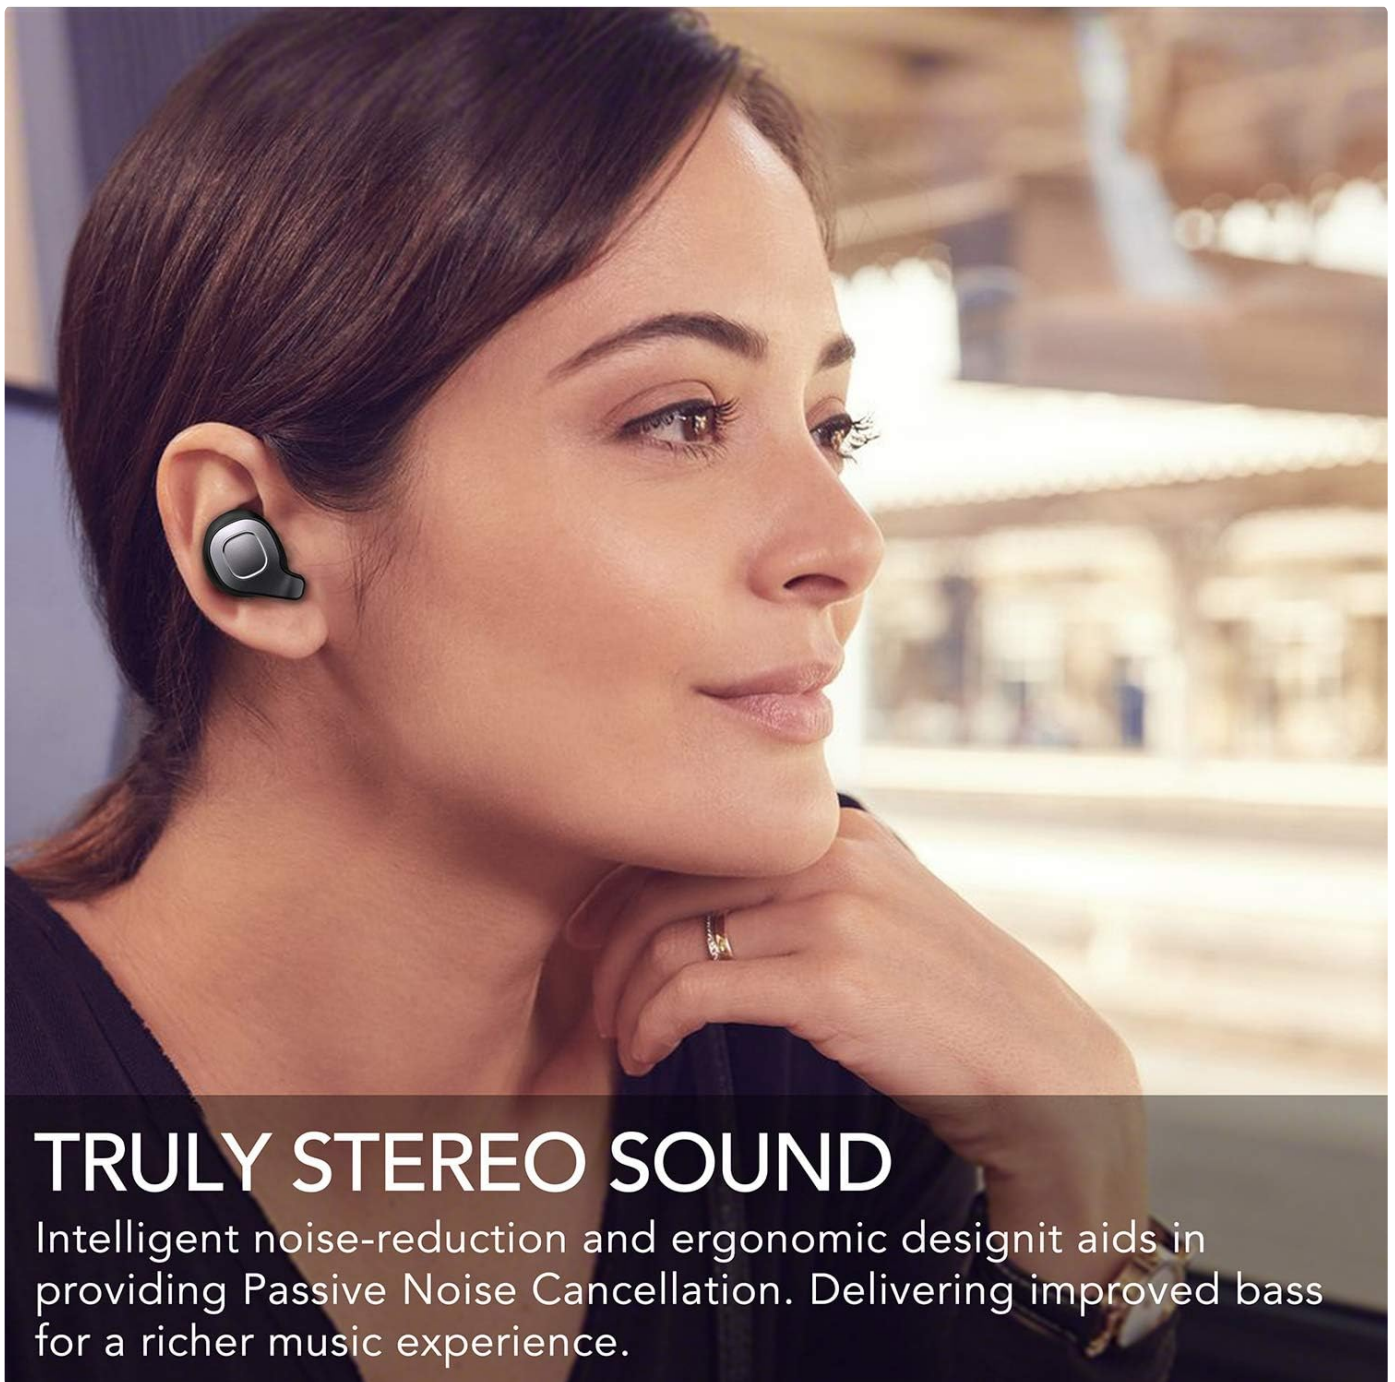

Turn on the bluetooth of your phone and tap "F8" to pair

Image: Visual guide demonstrating how to pair the YATWIN Earbuds by taking them out of the case and selecting them from your device's Bluetooth list.

3. Multi-System Compatibility

These earbuds are compatible with a wide range of Bluetooth-enabled devices, including iOS and Android smartphones, smartwatches, tablets, laptops, and computers. They feature an inbuilt microphone for calls.

TRULY STEREO SOUND

Intelligent noise-reduction and ergonomic design aids in providing Passive Noise Cancellation. Delivering improved bass for a richer music experience.

MAINTENANCE

1. Cleaning

Regular cleaning helps maintain sound quality and hygiene. Use a soft, dry, lint-free cloth to wipe the earbuds and charging case. For ear tips, remove them from the earbuds and clean with a mild soap solution if necessary, then rinse thoroughly and dry completely before reattaching.

2. Storage

When not in use, store the earbuds in their charging case to protect them and keep them charged. Store the case in a cool, dry place away from extreme temperatures and direct sunlight.

3. Water Resistance (IPX7)

The earbuds feature an IPX7 sweat and splash-resistant coating, making them suitable for exercise and light rain. However, they are not designed for swimming or submersion in water. Ensure the charging port is dry before charging to

prevent damage.

IPX 7 Sweat and Splash Resistant

Sweat resistant coating protects speakers from sweat, rain or splashing when exercising or wearing during outdoor activities.

TROUBLESHOOTING

Problem	Possible Solution
Earbuds not pairing with device.	<ul style="list-style-type: none"> ◦ Ensure earbuds are fully charged. ◦ Make sure Bluetooth is enabled on your device. ◦ Forget "F8" (or similar) from your device's Bluetooth list and try pairing again. ◦ Place earbuds back in the case, close, then reopen to reset. ◦ Ensure no other Bluetooth devices are interfering.
Only one earbud is playing sound.	<ul style="list-style-type: none"> ◦ Place both earbuds back into the charging case, close the lid, wait a few seconds, then take them out again. ◦ Ensure both earbuds are charged. ◦ Check if the earbuds are connected in stereo mode on your device.
Poor sound quality or low volume.	<ul style="list-style-type: none"> ◦ Adjust the volume on both your device and the earbuds. ◦ Ensure ear tips provide a proper seal in your ear canal. ◦ Clean any debris from the earbud nozzles. ◦ Move closer to your connected device to avoid interference.
Charging case not charging.	<ul style="list-style-type: none"> ◦ Check the USB cable and power adapter for damage. ◦ Try a different USB port or power source. ◦ Ensure the charging cable is fully inserted into the case.
