BIOBUDDI BB-0128

BiOBUDDI BB-0128 Rescue Helicopter Building Set

Instruction Manual

Model: BB-0128 | Brand: BIOBUDDI

Introduction

The BiOBUDDI BB-0128 Rescue Helicopter Building Set is designed to engage children aged 1.5 to 6 years in creative play and skill development. This set allows children to construct a rescue helicopter and interact with accompanying push-out cards, fostering motor, cognitive, and creative abilities.

The building blocks are made from sugarcane plant residues, making them environmentally friendly, recyclable, and durable. They are also compatible with other major building block brands. The packaging is designed to be part of the play experience, featuring FSC-certified cardboard with easy-to-remove push-out cards that can be placed into cardholders for extended play.

This set includes 18 colored building blocks and 9 push-out cards, along with multiple instruction guides to assist in assembly and play.

Package Contents

- 18 x Colored Building Blocks
- 9 x Push-Out Cards
- 1 x Instruction Guide

Setup and Assembly

Follow the included instruction guide to assemble the Rescue Helicopter. The guide provides step-by-step visual instructions for connecting the 18 building blocks.

1. **Unpack Components:** Carefully remove all building blocks and push-out cards from the packaging.
2. **Prepare Push-Out Cards:** The packaging itself contains 9 push-out cards. Gently detach these cards from the cardboard. These cards feature characters and scenery to enhance play.
3. **Assemble Helicopter:** Refer to the detailed instruction guide provided in the box. Connect the colored building blocks according to the diagrams to form the rescue helicopter structure. Ensure all blocks are securely fastened.
4. **Integrate Cards:** Once the helicopter is built, use the included cardholders (if applicable, or stand them freely) to display the push-out cards around the play area, creating a rescue scenario.

Operating Instructions (Play Guide)

Once the Rescue Helicopter is assembled and the push-out cards are set up, children can engage in imaginative play:

- **Role-Playing:** Encourage children to use the helicopter and the characters on the push-out cards to create rescue scenarios. They can pretend to fly the helicopter to save people or transport supplies.
- **Storytelling:** Guide children in developing stories around the rescue theme, using the helicopter as a central element.
- **Skill Development:** Playing with the blocks and cards helps develop fine motor skills, hand-eye coordination, spatial awareness, and imaginative thinking.

Maintenance and Care

To ensure the longevity and hygiene of your BiOBUDDI building set, follow these maintenance guidelines:

- **Cleaning:** The building blocks can be cleaned with a damp cloth and mild soap. Avoid harsh

chemicals or abrasive cleaners. Ensure blocks are completely dry before storage.

- **Storage:** Store the blocks and cards in a clean, dry place away from direct sunlight and extreme temperatures. The original packaging can be used for storage.
- **Inspection:** Periodically inspect all blocks for any signs of wear or damage. Discard any broken pieces to prevent choking hazards.

Troubleshooting

If you encounter any issues during assembly or play, consider the following:

- **Difficulty Connecting Blocks:** Ensure blocks are aligned correctly. Apply gentle, even pressure. If blocks are consistently difficult to connect, check for any debris or manufacturing imperfections.
- **Missing Pieces:** Double-check the packaging and play area. If a piece is genuinely missing, refer to the support section for contact information.
- **Damaged Cards:** The push-out cards are made of cardboard and can be delicate. Handle them with care to prevent bending or tearing.

Specifications

Model Number	BB-0128
Brand	BIOBUDDI
Product Dimensions (L x W x H)	19 x 8 x 24.5 cm
Item Weight	24.5 Grams
Recommended Age	18 months - 8 years
Number of Items	27 (18 blocks, 9 cards)
Material Type	PE. Biobased (made from sugarcane)
Color	Multi-colored
Educational Objectives	Dexterity, Concentration, Spatial Awareness
Country of Origin	Netherlands

Warranty Information

Specific warranty details for the BiOBUDDI BB-0128 Rescue Helicopter Building Set are not provided in the product information. Please refer to the retailer's return policy or contact BiOBUDDI directly for warranty inquiries.
