## SPACEKEEPER SPKSC401

# SPACEKEEPER Slim 4-Tier Rolling Storage Cart (Model SPKSC401) Instruction Manual

## INTRODUCTION

Thank you for choosing the SPACEKEEPER Slim 4-Tier Rolling Storage Cart. This versatile unit is designed to provide efficient storage in narrow spaces within your home, such as kitchens, bathrooms, laundry rooms, offices, or between appliances. Constructed entirely from durable plastic, this cart offers a practical and mobile storage solution.

## SAFETY INFORMATION

Please read and understand all safety instructions before assembly and use.

- Always use the storage cart for its intended purpose.
- To prevent tipping, never allow children to climb or hang on the shelves or frame.
- Ensure the cart is placed on a stable, level surface.
- Do not exceed the maximum weight capacity of 20 pounds (approximately 9 kg) per shelf. Distribute items evenly to maintain stability.
- Engage the wheel brakes when the cart is stationary to prevent unintended movement.

## PACKAGE CONTENTS

---

Verify that all components are present before beginning assembly:

- 4 x Shelf Trays
- 8 x Connecting Rods (for 4-tier assembly)
- 4 x Wheels (2 with locking brakes)
- 4 x Side Hooks
- 1 x Instruction Manual

## SETUP AND ASSEMBLY

---

The SPACEKEEPER Slim Rolling Storage Cart features a quick and easy snap-together assembly process. No tools are required.

1. **Attach Wheels:** Insert the four wheels into the designated slots on the bottom shelf. Ensure the two wheels with brakes are positioned on the same side for easier access.
2. **Connect First Tier:** Insert four connecting rods into the corner holes of the bottom shelf. Apply firm, even pressure until they snap securely into place.
3. **Add Subsequent Shelves:** Place the next shelf tray onto the top of the installed rods, aligning the corner holes with the rods. Press down firmly until it clicks into position.
4. **Repeat for Remaining Tiers:** Continue adding connecting rods and shelf trays until all four tiers are assembled.
5. **Install Side Hooks:** Attach the four side hooks to the edges of the shelf trays as desired for additional hanging storage.

**Adjustable Configuration:** The cart can be assembled as a 2-tier or 3-tier unit by omitting some connecting rods and shelves. This allows for use on countertops or in areas with limited vertical space.

## OPERATING INSTRUCTIONS

### Movement and Placement

- The cart is equipped with four easy-glide wheels for smooth movement.
- To move the cart, ensure the wheel brakes are disengaged.
- When the cart is in its desired position, engage the brakes on the two locking wheels to secure it and prevent accidental rolling.

### Storage Capacity

- Each shelf has a load-bearing capacity of 20 pounds (approximately 9 kg).
- Distribute items evenly across the shelves to maintain stability and prevent overloading.
- Utilize the four side hooks for hanging smaller items, such as towels, brushes, or kitchen utensils.

## MAINTENANCE

To ensure the longevity and appearance of your SPACEKEEPER storage cart, follow these simple maintenance guidelines:

- **Cleaning:** Wipe the cart surfaces with a dry cloth. For tougher stains, a damp cloth with mild soap can be used, followed by drying thoroughly. Avoid abrasive cleaners.
- **Inspection:** Periodically check all snap-together connections to ensure they remain secure.
- **Wheel Care:** Keep the wheels free of debris to ensure smooth rolling.

## TROUBLESHOOTING

If you encounter any issues with your storage cart, refer to the following common solutions:

- **Cart is Wobbly:**
  - Ensure all connecting rods are fully inserted and snapped into place.
  - Verify that items are distributed evenly on the shelves and that the weight limit is not exceeded.

- Engage the wheel brakes when the cart is stationary to enhance stability.
- **Wheels Not Rolling Smoothly:**
  - Check for any hair, dust, or debris caught in the wheel mechanisms.
  - Ensure the wheels are correctly installed and not jammed.

## SPECIFICATIONS

<b>Model Number</b>	SPKSC401
