1. INTRODUCTION

This manual provides instructions for the Tork Twin Mini Jumbo Toilet Paper Roll Dispenser, Model 555200. This dispenser is designed for efficient and hygienic toilet paper dispensing in various environments. Please read this manual thoroughly before installation and use to ensure proper function and longevity of your product.

2. PRODUCT FEATURES

- **Dual Roll Capacity:** Accommodates two high-capacity mini jumbo toilet paper rolls, reducing the frequency of refills.
- **Hygienic Design:** Closed dispenser system protects bath tissue from environmental exposure.
- **Optimal Roll Brake:** Prevents free spinning of rolls, minimizing waste and consumption.
- **Refill Indicator Window:** A transparent window allows for easy monitoring of paper levels.
- **Secure Locking Mechanism:** Features a key-operated lock to prevent unauthorized access and tampering.
- **Durable Construction:** Made from plastic for long-lasting use.

**Smart lock –
key or keyless**

**Twin roll
capacity**

**Clear window -
refill indicator**

**Tork Vision
Cleaning enabled**

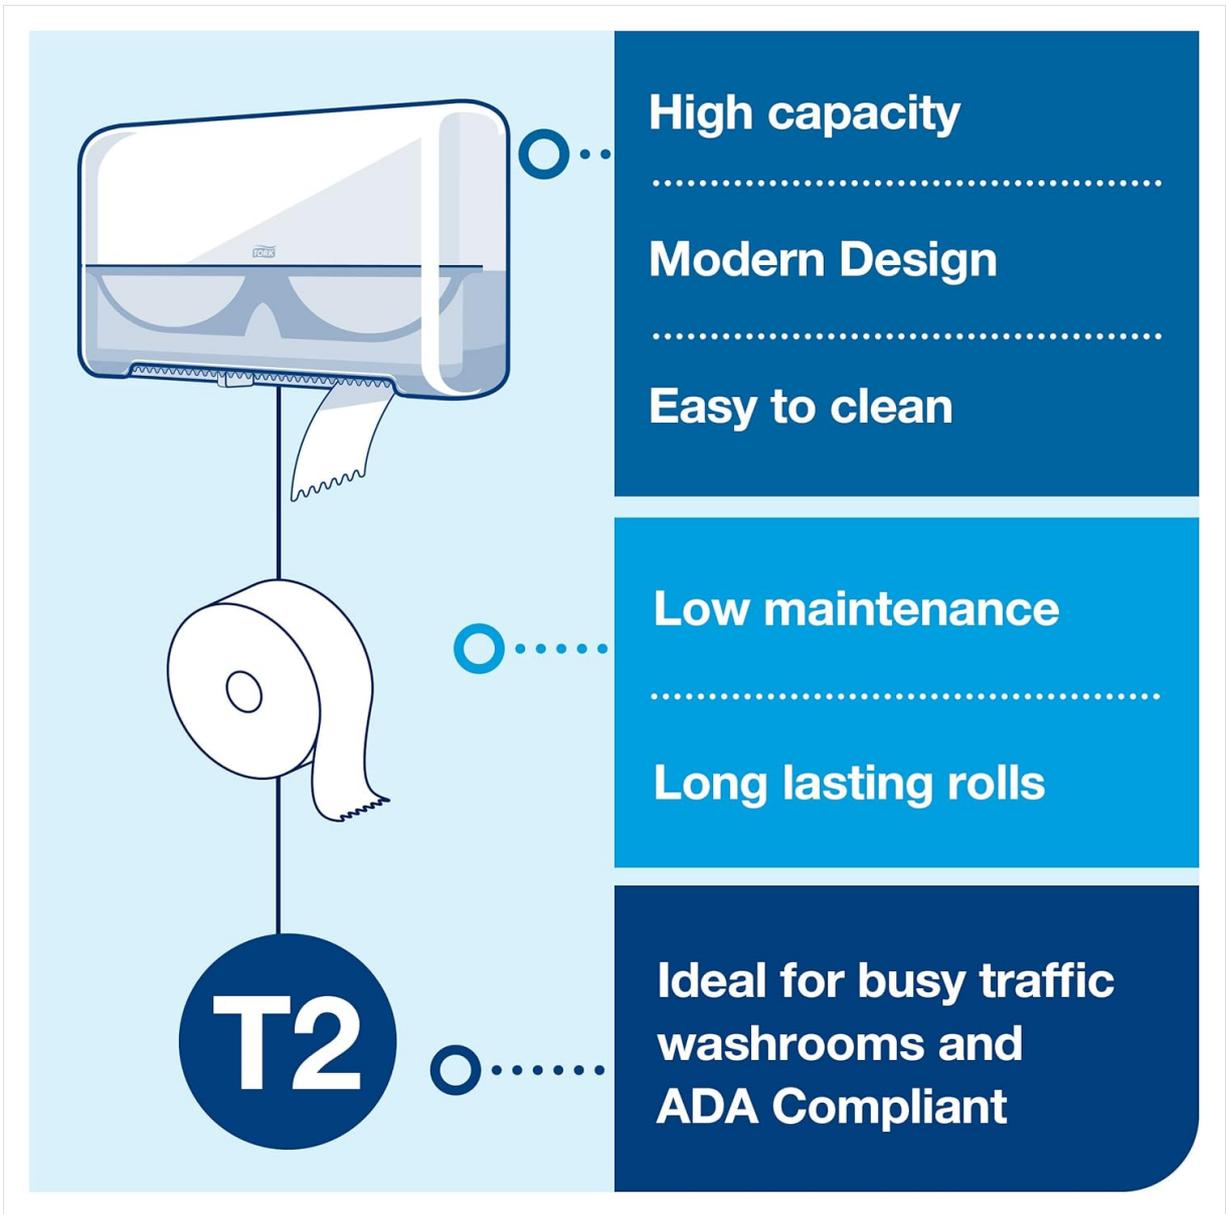

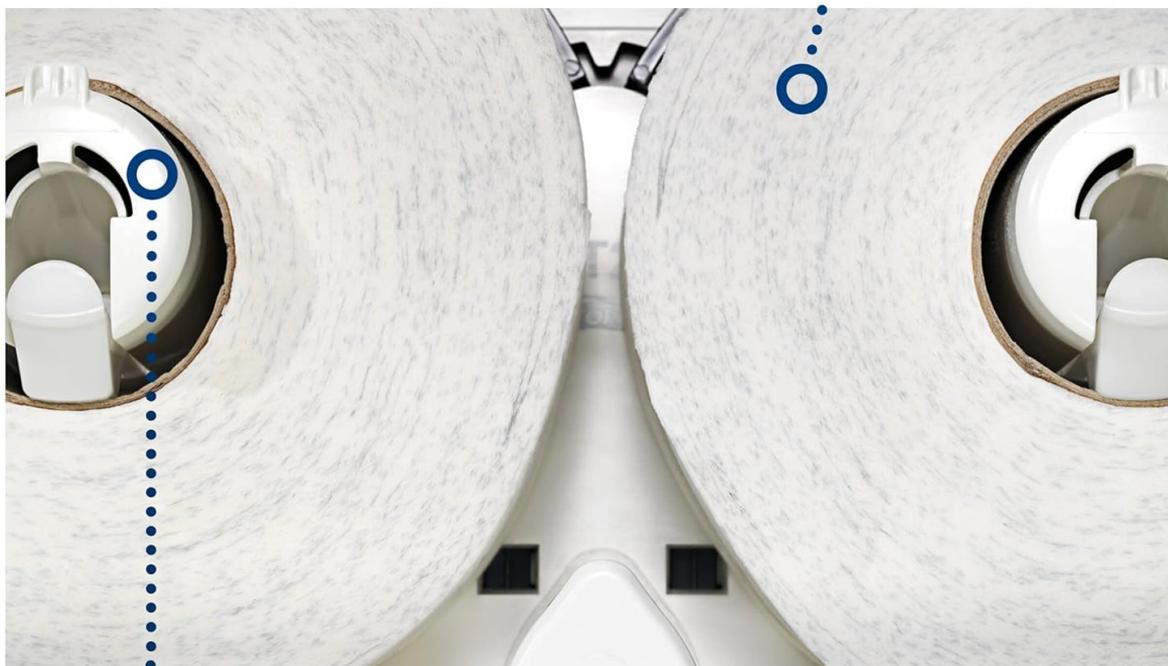

Image 2.2: Benefits of the Tork dispenser, such as high capacity, modern design, ease of cleaning, low maintenance, long-lasting rolls, and ADA compliance.

Minimizing waste

both rolls can be used to the end

Optimal roll brake

avoids free spinning rolls, reducing consumption

Image 2.3: The optimal roll brake mechanism helps minimize waste by preventing free spinning of the toilet paper rolls.

3. SETUP & INSTALLATION

The Tork Twin Mini Jumbo Toilet Paper Roll Dispenser is designed for wall-mounted installation. Ensure the mounting surface is sturdy and capable of supporting the dispenser's weight when fully loaded.

3.1. Mounting the Dispenser

1. Select an appropriate location on the wall, ensuring sufficient clearance for operation and refilling.
2. Mark the drilling points on the wall using the dispenser as a template.
3. Drill holes at the marked points. Use appropriate drill bits and wall anchors for your wall type (e.g., drywall, concrete).
4. Secure the dispenser to the wall using screws. Ensure it is firmly attached and level.

3.2. Initial Loading of Toilet Paper Rolls

1. Unlock the dispenser using the provided key. The top cover will open.
2. Place two Tork Mini Jumbo toilet paper rolls onto the designated spindles inside the dispenser. Ensure the paper feeds from the bottom of the roll.

3. Thread the leading edge of the first roll through the dispensing slot at the bottom of the dispenser.
4. Close the top cover and lock it securely.

4. OPERATION

4.1. Dispensing Toilet Paper

To dispense toilet paper, simply pull the exposed paper downwards from the dispensing slot. The serrated edge will assist in tearing off the desired amount.

4.2. Switching Rolls

When the first roll is depleted, the dispenser is designed to automatically or manually switch to the second roll. If manual intervention is required, slide the mechanism to expose the second roll's paper, then thread it through the dispensing slot.

Video 4.1: This video demonstrates how to easily fill the Tork Twin Mini Jumbo Toilet Paper Roll Dispenser.

Video 4.2: This video provides a general overview of the Tork Toilet Paper Dispenser's operation and features.

5. MAINTENANCE

5.1. Refilling Toilet Paper

Monitor the paper level through the transparent indicator window. When a roll is low or empty:

1. Unlock the dispenser with the key and open the top cover.
2. Remove any remaining core from the empty roll.
3. Place a new Tork Mini Jumbo toilet paper roll onto the empty spindle.
4. Ensure the paper is correctly threaded through the dispensing mechanism.
5. Close and lock the dispenser cover.

5.2. Cleaning Instructions

The dispenser's smooth plastic surface is easy to clean. Use a soft cloth dampened with mild soap and water. Avoid abrasive cleaners or solvents, as these can damage the finish.

6. TROUBLESHOOTING

Problem	Possible Cause	Solution
Paper not dispensing or jamming	Incorrect roll placement, paper not threaded properly, foreign object.	Unlock and open the dispenser. Check that rolls are correctly seated and paper is threaded through the slot. Remove any obstructions.
Difficulty tearing paper	Paper pulled at an incorrect angle, worn serrated edge (unlikely for new product).	Ensure paper is pulled straight down against the serrated edge. If issue persists, inspect the tearing mechanism for damage.

Problem	Possible Cause	Solution
Dispenser cover not closing/locking	Rolls not seated correctly, obstruction, lock mechanism misalignment.	Ensure rolls are fully seated and there are no obstructions preventing the cover from closing. Check the lock mechanism for any visible damage or misalignment.

7. SPECIFICATIONS

Attribute	Detail
Brand	Tork
Model Number	5555200
Material	Plastic
