MARVO KM409

MARVO Scorpion KM409 Gaming Keyboard & Mouse Bundle User Manual

Model: KM409

INTRODUCTION

Thank you for purchasing the MARVO Scorpion KM409 Gaming Keyboard & Mouse Bundle. This bundle is designed to enhance your gaming experience with its responsive keyboard and precise optical mouse, both featuring vibrant LED backlighting. This manual provides essential information for setup, operation, maintenance, and troubleshooting to ensure optimal performance of your new gaming peripherals.

SETUP

1. **Unpack the Devices:** Carefully remove the keyboard and mouse from their packaging.
2. **Connect the Keyboard:** Locate an available USB 2.0 port on your computer. Insert the USB connector of the keyboard into the USB port. The operating system will automatically detect and install the necessary drivers.
3. **Connect the Mouse:** Locate another available USB 2.0 port on your computer. Insert the USB connector of the mouse into the USB port. The operating system will automatically detect and install the necessary drivers.
4. **Verify Installation:** Once connected, the LED backlighting on both the keyboard and mouse should illuminate, indicating successful connection. Test basic functionality by typing on the keyboard and moving/clicking the mouse.

OPERATING INSTRUCTIONS

Keyboard (Model K409)

- **LED Backlighting:** The keyboard features 7-color rainbow LED backlighting. The lighting is always on when connected. Specific controls for brightness or modes are typically managed via function key combinations (e.g., Fn + Scroll Lock for lighting effects, if available, or Fn + Page Up/Down for brightness, refer to keyboard legends).
- **Anti-Ghosting:** The keyboard supports anti-ghosting for up to 19 simultaneous key presses, ensuring accurate input during intense gaming sessions.
- **Multimedia Functions:** Utilize the Fn key in combination with the F-keys (F1-F12) for various multimedia controls such as volume adjustment, media playback, and more. Refer to the icons printed on the F-keys for specific

functions.

Mouse (Model M409)

- **DPI Adjustment:** The mouse features an optical sensor with adjustable sensitivity. Press the DPI button (usually located behind the scroll wheel) to cycle through the available DPI settings: 800, 1200, 1600, and 2400 DPI. This allows for quick sensitivity changes to suit different gaming scenarios.
- **LED Lighting:** The mouse also features 7 recurring LED colors that cycle automatically, providing a dynamic visual effect that complements the keyboard.
- **Ergonomics:** The sculpted shape of the mouse is designed for comfort, particularly for right-handed users.

MAINTENANCE

- **Cleaning:** Use a soft, dry cloth to wipe down the surfaces of the keyboard and mouse. For stubborn dirt, a slightly damp cloth with mild soap can be used, ensuring no liquid enters the device. Do not use harsh chemicals or abrasive cleaners.
- **Keyboard Keycaps:** For deeper cleaning, keycaps can be carefully removed using a keycap puller (not included) to clean underneath. Reinstall them firmly.
- **Mouse Sensor:** Periodically clean the optical sensor on the underside of the mouse with a cotton swab to ensure

accurate tracking.

- **Storage:** When not in use for extended periods, store the devices in a cool, dry place away from direct sunlight and extreme temperatures.

TROUBLESHOOTING

Keyboard or Mouse Not Responding:

- Ensure the USB cables are securely plugged into the computer's USB ports.
- Try plugging the devices into different USB ports on your computer.
- Restart your computer.
- Check Device Manager (Windows) or System Information (macOS) to see if the devices are recognized.

LED Backlighting Not Working:

- Verify the USB connection.
- Ensure your computer's USB ports are providing sufficient power.
- For the keyboard, check if any function key combinations (e.g., Fn + Scroll Lock) are used to toggle lighting.

Mouse Tracking Issues:

- Clean the optical sensor on the underside of the mouse.
- Ensure you are using the mouse on a clean, non-reflective surface. A mouse pad is recommended.
- Adjust the DPI settings using the DPI button on the mouse.

SPECIFICATIONS
