Mr. Coffee BVMC-PO19B

Mr. Coffee BVMC-PO19B All-in-One Pour Over Coffee Maker Instruction Manual

Model: BVMC-PO19B

INTRODUCTION

The Mr. Coffee All-in-One Pour Over Coffee Maker simplifies the pour over brewing method, allowing users to achieve rich, flavorful coffee at home. This system guides you through the process, ensuring optimal brewing temperature and precise coffee-to-water ratios. It is designed to brew 2, 4, or 6 cups of coffee.

PRODUCT COMPONENTS

The Mr. Coffee BVMC-PO19B includes the following components:

- Carafe
- Electric Gooseneck Kettle
- Integrated Scale & Timer
- See-through Dripper

Image: Overview of the Mr. Coffee All-in-One Pour Over Coffee Maker, showing all main components.

SETUP

Before first use, wash all removable parts (carafe, dripper) in warm, soapy water. Rinse thoroughly and dry. Wipe the exterior of the main unit and kettle with a damp cloth. Ensure the unit is placed on a flat, stable surface near a power outlet.

OPERATING INSTRUCTIONS

Follow these steps to brew coffee using your Mr. Coffee All-in-One Pour Over system:

- 1. Prepare the Kettle:** Fill the gooseneck kettle with filtered water. Place it on its heating plate.
- 2. Prepare the Dripper:** Place the carafe on the scale. Insert a #2 cone-pointed paper filter into the dripper.
- 3. Activate Scale and Kettle:** Press the 'SCALE ON/OFF' button to activate the integrated scale. Press 'KETTLE ON/OFF' to begin heating the water to the optimal brewing temperature.
- 4. Select Serving Size:** Use the 'SERVING SIZE' button to choose between 2, 4, or 6 cups. The on-screen guide will indicate the recommended amount of coffee.
- 5. Add Coffee Grounds:** Once prompted by the on-screen guide, add your preferred ground coffee to the filter until the check mark appears on the display, indicating the correct weight.
- 6. Initiate Blooming:** The on-screen guide will instruct you when to pause for blooming. Slowly pour hot water from the gooseneck kettle over the grounds in a circular motion until the progress bar is full. Stop adding water and wait for 30 seconds to allow the coffee grounds to pre-soak and release their flavors.
- 7. Complete Brewing:** Continue pouring water in a circular motion over the grounds until the check mark appears, signaling the completion of the brewing process.
- 8. Serve:** Once brewing is complete, carefully remove the dripper and filter. Pour the freshly brewed coffee from the carafe into your cup and enjoy.

MAINTENANCE AND CLEANING

Regular cleaning ensures optimal performance and taste. The carafe and dripper should be washed after each use. Note that the product is not dishwasher safe. Hand wash all removable parts with warm, soapy water and rinse thoroughly. Wipe the exterior of the main unit and kettle with a damp cloth. Do not immerse the main unit or kettle base in water.

TROUBLESHOOTING

If you encounter any issues with your coffee maker, please refer to the following general troubleshooting tips:

- **No Power:** Ensure the power cord is securely plugged into a working electrical outlet.
- **Water Not Heating:** Verify the kettle is properly seated on its heating plate and the 'KETTLE ON/OFF' button has been pressed.
- **Coffee Not Brewing:** Check that the water reservoir is filled to the appropriate level and that all components are correctly assembled.
- **Incorrect Coffee Strength:** Adjust the amount of coffee grounds used according to your preference and the recommended serving size. Ensure the correct filter type (#2 cone-pointed) is used.

For persistent issues, contact Mr. Coffee customer support.

SPECIFICATIONS

Brand	Mr. Coffee
Model Name	All-in-One
Item Model Number	BVMC-PO19B
Color	Black
Product Dimensions	10.2"D x 18.75"W x 9.7"H
