MAINTENANCE

To ensure the longevity and cleanliness of your LEGO Harry Potter Hogwarts Clock Tower 75948 set, follow these maintenance guidelines:

- **Cleaning:** Dust your LEGO model regularly with a soft brush or a can of compressed air. For deeper cleaning, gently wash individual bricks with mild soap and lukewarm water (not exceeding 40°C or 104°F). Rinse thoroughly and air dry. Avoid using hot water, harsh chemicals, or abrasive materials, as these can damage the plastic.
- **Storage:** Store your LEGO set away from direct sunlight and extreme temperatures to prevent discoloration and warping of the bricks. Keep it in a clean, dry environment.
- **Handling:** Handle the assembled model with care, especially when moving it, to prevent pieces from detaching.

TROUBLESHOOTING

If you encounter any issues during assembly or play, consider the following common troubleshooting tips:

- **Missing Pieces:** Double-check all packaging materials and the surrounding area. If a piece is genuinely missing, refer to the 'Warranty & Support' section for replacement parts.
- **Difficulty Assembling:** Review the instruction manual step-by-step. Ensure you are using the correct pieces for each stage. Sometimes, a small error in an earlier step can affect later assembly.
- **Loose Connections:** Ensure pieces are firmly pressed together. LEGO bricks are designed to fit snugly. If a connection remains loose, check for any foreign objects or damaged studs/tubes.
