2. SAFETY INFORMATION

Please read and understand all safety instructions before assembling or using the desk. Failure to follow these instructions may result in injury or damage to the product.

- Always assemble the desk according to the instructions provided.
- Be cautious when operating the roll-top mechanism to avoid injury, especially to fingers.
- Ensure the desk is properly anchored to the wall or floor to prevent tipping, particularly when drawers are fully extended or heavy items are placed on the surface.
- Always supervise children around the desk to prevent accidents.
- Do not overload drawers or shelves beyond their recommended weight capacity (Maximum Weight Recommendation: 250 Pounds for the desk surface).
- Keep liquids away from electrical outlets and USB ports.

3. ASSEMBLY INSTRUCTIONS

The Country Marketplace Roll Top Desk is designed for easy assembly. The top hutch ships fully assembled. The base consists of two drawer pedestals, a back panel, and a center drawer. Assembly typically requires two people for safely positioning the hutch onto the base.

Required Tools:

- Standard #2 Phillips-head screwdriver (not included).

Assembly Steps:

1. **Unpack Components:** Carefully remove all parts from the packaging. Verify that all components are present and undamaged.
2. **Assemble Base Pedestals:** Follow the detailed instructions provided in the separate assembly guide for connecting the two drawer pedestals, back panel, and center drawer to form the desk base.
3. **Position Hutch:** With the assistance of a second person, carefully lift the pre-assembled hutch top and align it with the dowels or mounting points on the assembled desk base. Gently lower the hutch into place, ensuring a secure fit.
4. **Secure Hutch:** Use the provided hardware and a Phillips-head screwdriver to secure the hutch to the base, following the specific instructions in the assembly guide.
5. **Insert Drawers:** Slide all drawers into their respective slots. Ensure they operate smoothly.
6. **Final Check:** Confirm all connections are tight and the desk is stable before use.

4. OPERATING INSTRUCTIONS

4.1. Roll Top Operation

The desk features a solid wood tambour roll top that can be opened to access the work surface and closed to secure or conceal items.

- **To Open:** Insert the key into the lock on the front of the tambour. Turn the key to unlock. Grasp the handle and gently slide the tambour upwards and backwards until it fully retracts into the hutch.
- **To Close:** Grasp the handle of the tambour and gently pull it forward and downwards until it covers the work surface. Insert the key and turn to lock the tambour in place.

5. MAINTENANCE

Proper care and maintenance will ensure the longevity and appearance of your solid oak roll top desk.

- **Cleaning:** Dust regularly with a soft, dry cloth. For deeper cleaning, use a damp cloth with a mild wood cleaner, then immediately wipe dry. Avoid abrasive cleaners or harsh chemicals.
- **Wood Care:** Periodically apply a quality wood polish or wax to maintain the finish and protect the wood. Follow the product manufacturer's instructions.
- **Environmental Conditions:** Avoid placing the desk in direct sunlight or near heat sources (e.g., radiators, vents) to prevent warping, fading, or cracking of the wood. Maintain consistent humidity levels in the room.
- **Protect Surfaces:** Use coasters under drinks and protective pads under hot items to prevent stains and heat damage.
- **Drawer Glides:** If drawers become stiff, apply a small amount of silicone spray or paraffin wax to the metal glides for smoother operation.
- **Roll Top Mechanism:** Keep the tambour track clean and free of debris. If the roll top becomes difficult to operate, ensure the canvas backing is intact and the track is clear.

6. TROUBLESHOOTING

This section addresses common issues you might encounter with your roll top desk.

Issue: Roll Top is Sticking or Difficult to Open/Close

- **Check for Obstructions:** Ensure no items on the desk surface or within the hutch are blocking the tambour's path.

- **Clean Tracks:** Dust and debris can accumulate in the tracks. Use a soft brush or vacuum to clear them.
- **Lubricate:** A small amount of silicone spray applied to the tracks can improve smoothness.
- **Humidity:** Wood can expand or contract with humidity changes. Ensure the room's humidity is stable.

Issue: Drawers are Stiff or Catching

- **Check Alignment:** Ensure drawers are properly seated on their glides.
- **Lubricate Glides:** Apply silicone spray or paraffin wax to the metal glides.
- **Overloading:** Reduce the weight in the drawer if it is overloaded.

Issue: Electrical/USB Ports Not Working

- **Check Power Connection:** Ensure the desk's main power cord is securely plugged into a working wall outlet.
- **Test Devices:** Try different devices or cables to rule out a faulty device.
- **Reset:** Some power strips have a reset button. Check if the integrated unit has one or try unplugging and replugging the desk.
- **Contact Support:** If the issue persists, contact customer support.
