Arena 2A595-75

Arena 2A595-75 Women's One-Piece Swimsuit User Manual

Model: 2A595-75

1. PRODUCT OVERVIEW

The Arena 2A595-75 One-Piece Swimsuit is engineered for frequent swimmers, offering durability and comfort. It features Maxlife technology and a PBT coating, providing maximum resistance to chlorine, which significantly extends the lifespan of the garment. This swimsuit has a solid design, a regular cut, and an internal lining for enhanced comfort and fit.

- Designed with Maxlife technology for frequent swimmers.
- Solid design with a regular cut and internal lining.
- Features PBT coating for maximum chlorine resistance, prolonging garment life.
- Available in size 30.

Figure 3: Back view of the Arena 2A595-75 Women's One-Piece Swimsuit. This image displays the back design of the swimsuit, including the strap configuration.

2. PREPARATION FOR USE (SETUP)

Before using your Arena one-piece swimsuit, consider the following:

2.1 Sizing and Fit

Ensure you have selected the correct size for optimal comfort and performance. The swimsuit should fit snugly without restricting movement. Refer to the size chart below for guidance:

MX One-Piece Size Chart

Brand Size	Mexico	United States	Bust (cm)	Hip (cm)	Waist (cm)
32	-	26	71.1	86.4	58.4
34	-	28	76.2	88.9	63.5
36	-	30	78.7	88.9	66
38	-	32	83.8	94	71.1
40	-	34	88.9	99.1	76.2
42	-	36	94	104.1	78.7
44	-	38	99.1	109.2	83.8
46	-	40	104.1	114.3	88.9
48	-	42	109.2	119.4	94

2.2 Initial Rinse

It is recommended to rinse the swimsuit with clean, cool water before its first use. This helps to remove any manufacturing residues.

3. OPERATING (USAGE)

The Arena 2A595-75 One-Piece Swimsuit is designed for frequent swimming activities. Its pull-on closure type ensures ease of wear. Simply step into the swimsuit and pull it up, adjusting the straps for a comfortable fit over your shoulders.

This swimsuit is ideal for training sessions, competitive swimming, or regular recreational use due to its durable Maxlife fabric and chlorine resistance.

4. MAINTENANCE AND CARE

Proper care will significantly extend the life and maintain the quality of your Arena swimsuit. Follow these instructions carefully:

- Hand Wash Only:** Always hand wash your swimsuit. Do not machine wash, tumble dry, iron, or dry clean.
- Rinse Immediately After Use:** After each use, rinse the swimsuit thoroughly with clean, cool tap water. This helps remove chlorine, salt, and body oils that can degrade the fabric over time.
- Do Not Wring:** Gently squeeze out excess water. Avoid wringing or twisting the fabric, as this can damage the fibers and elasticity.
- Dry Flat or Hang Dry in Shade:** Lay the swimsuit flat on a clean towel or hang it in a shaded, well-ventilated area. Avoid direct sunlight or heat sources, as these can cause fading and damage to the fabric.
- Avoid Harsh Chemicals:** Do not use bleach, fabric softeners, or harsh detergents. Use a mild soap specifically designed for swimwear if necessary.
- Storage:** Ensure the swimsuit is completely dry before storing it. Store in a cool, dry place, away from direct sunlight.

Adhering to these care instructions will help preserve the Maxlife technology and chlorine resistance of your swimsuit.

5. TROUBLESHOOTING

While the Arena 2A595-75 swimsuit is designed for durability, here are some common issues and their potential solutions:

- **Issue: Fabric Fading or Discoloration.**

Possible Cause: Prolonged exposure to chlorine, sunlight, or improper rinsing.

Solution: Ensure you rinse the swimsuit immediately and thoroughly with cool, clean water after every use. Dry in the shade and avoid prolonged exposure to direct sunlight when not in use. The Maxlife technology and PBT coating are designed to resist chlorine, but proper care is still essential.

- **Issue: Loss of Elasticity or Stretching.**

Possible Cause: Excessive heat, harsh chemicals, or improper drying/storage.

Solution: Always hand wash in cool water. Avoid hot water, tumble dryers, and direct heat. Do not wring the swimsuit. Store it flat or gently folded when dry.

- **Issue: Uncomfortable Fit.**

Possible Cause: Incorrect size selection or natural wear over time.

Solution: Refer to the size chart in Section 2.1 to confirm you have the appropriate size. If the swimsuit has been used extensively, natural wear may occur. Consider replacing the swimsuit if it no longer provides the desired fit and support.

6. SPECIFICATIONS

Brand	Arena
Model Number	2A595-75
Product ASIN	B07QRS45DF
Department	Women
Fabric Type	Material Blend (Maxlife Technology, PBT Coating)
Care Instructions	Hand Wash
Closure Type	Pull on
Style Type	One-Piece
