Artestia Ceramic Pot Insert (Model AR-89034) Instruction Manual

For use with Artestia Electric Chocolate & Cheese Fondue Sets AR-89002, AR-89008, and AR-89017

1. PRODUCT OVERVIEW

The Artestia Ceramic Pot Insert, Model AR-89034, is a high-quality replacement or additional pot designed to enhance your fondue experience. This 8-inch diameter, 1000ml volume ceramic pot is specifically crafted for seamless integration with compatible Artestia Electric Chocolate & Cheese Fondue Sets, including models AR-89002, AR-89008, and AR-89017. Its ceramic construction ensures even heating and is ideal for melting and warming various fondue ingredients, from rich chocolates to savory cheeses.

2. SAFETY INFORMATION

- Always handle the ceramic pot with care, especially when hot. Use oven mitts or appropriate heat-resistant gloves.
- Avoid sudden temperature changes (thermal shock) which can cause the ceramic to crack. Do not place a hot pot on a cold surface or add cold liquids to a hot pot.
- Ensure the ceramic pot is properly seated within your compatible Artestia Electric Fondue Set before adding ingredients or turning on the heating element.
- Keep out of reach of children and pets when in use.
- Do not use the ceramic pot over direct flame or on a stovetop unless explicitly stated by the manufacturer of your main fondue unit.

3. PACKAGE CONTENTS

- 1 x Artestia Ceramic Pot Insert (Model AR-89034)

4. COMPATIBILITY

This ceramic pot insert is designed for use with the following Artestia Electric Chocolate & Cheese Fondue Sets:

- Artestia Electric Chocolate & Cheese Fondue Set AR-89002
- Artestia Electric Chocolate & Cheese Fondue Set AR-89008
- Artestia Electric Chocolate & Cheese Fondue Set AR-89017

Ensure your main fondue unit is one of these compatible models for optimal performance and safety.

5. SETUP

1. Unpack the ceramic pot insert and inspect it for any damage.
2. Before first use, wash the ceramic pot thoroughly with warm, soapy water and dry completely.
3. Place your compatible Artestia Electric Fondue Set (e.g., AR-89002) on a stable, heat-resistant surface.
4. Carefully place the clean and dry ceramic pot insert into the designated heating well of your electric fondue base. Ensure it sits securely and is level.

6. OPERATING INSTRUCTIONS

6.1 Filling the Pot

- Add your desired fondue ingredients (chocolate, cheese, etc.) directly into the ceramic pot. Do not overfill; leave adequate space to prevent spills during stirring or dipping.

6.2 Melting and Warming

- Refer to the operating instructions of your specific Artestia Electric Fondue Set (AR-89002, AR-89008, or AR-89017) for details on selecting the 'Melt' or 'Warm' setting.
- For melting, select the 'Melt' setting on your electric fondue base. Stir the ingredients periodically to ensure even melting and prevent scorching.
- Once melted, switch the electric fondue base to the 'Warm' setting to maintain the desired temperature for dipping.

6.3 Types of Fondue

- **Chocolate Fondue:** Ideal for melting various types of chocolate. Serve with fruits, marshmallows, cake pieces, or pretzels.
- **Cheese Fondue:** Perfect for keeping cheese sauces warm. Serve with bread, vegetables, or cooked meats.

7. CLEANING AND MAINTENANCE

- Always allow the ceramic pot to cool completely before cleaning.
- The Artestia Ceramic Pot Insert (AR-89034) is **dishwasher safe** for convenient cleaning.
- Alternatively, hand wash with warm, soapy water and a non-abrasive sponge. Rinse thoroughly and dry completely before storing.
- Do not use harsh abrasive cleaners or scouring pads, as these can damage the ceramic surface.

8. TROUBLESHOOTING

- **Fondue not melting/warming:** Ensure the ceramic pot is correctly placed in the electric fondue base and that the main unit is plugged in and set to the appropriate 'Melt' or 'Warm' setting. Refer to your main fondue set's manual for specific electrical troubleshooting.
- **Ingredients sticking to the bottom:** Stir ingredients frequently, especially during melting. Ensure the heat setting on your electric fondue base is not excessively high.
