SETUP GUIDE

Initial Setup (Bluetooth Only)

For basic control of up to 10 lights in one room:

1. Install your Philips Hue A19 LED bulbs into standard E26 light fixtures.
2. Download the Philips Hue Bluetooth app from your device's app store.
3. Open the app and follow the on-screen instructions to discover and connect your bulbs via Bluetooth.

Two easy ways to set up

**Option 1:
Use the Hue
Bluetooth app**

**Option 2:
Use a voice assistant***

***Requires a Hue compatible voice device sold separately**

Advanced Setup (with Hue Bridge)

To unlock full Hue capabilities, including control of up to 50 light points, home and away control, timers, and routines:

1. Connect a Philips Hue Bridge (sold separately) to your Wi-Fi router.
2. Open the Philips Hue app and follow the instructions to connect your Bridge and discover your bulbs.

MAINTENANCE AND CARE

To ensure the longevity and optimal performance of your Philips Hue Smart A19 LED Bulbs, follow these guidelines:

- Ensure the power is off before installing or removing bulbs.
- Clean bulbs with a soft, dry cloth. Do not use liquid or abrasive cleaners.
- Do not disassemble the bulbs.
- Use in appropriate fixtures and environments. These bulbs are designed for indoor use, but please refer to the full specifications for any outdoor compatibility.

TROUBLESHOOTING

If you encounter issues with your Philips Hue Smart A19 LED Bulbs, consider the following:

- **Bulb not responding:** Ensure the bulb is securely screwed into the fixture and the power switch is on. Check Bluetooth connection or Hue Bridge connection in the app.
- **Connectivity issues:** Move closer to the bulb (for Bluetooth) or ensure your Hue Bridge is properly connected to your router and powered on.
- **Dimming problems:** Use the Philips Hue app for dimming. Traditional dimmer switches may not be compatible and can cause issues.
- For further assistance, refer to the official Philips Hue support website or contact customer service.
