Peteme 4 Pack

Peteme Smart WiFi Alexa Light Bulb User Manual

Brand: Peteme | Model: 4 Pack

PRODUCT OVERVIEW

The Peteme Smart WiFi Alexa Light Bulb offers a versatile lighting solution for your home. These LED RGB color-changing bulbs are compatible with popular voice assistants like Alexa, Siri, and Google Home, eliminating the need for a separate hub. Enjoy 16 million colors and dimmable brightness to create your desired ambiance.

WHAT'S IN THE BOX

- Light bulb (4 Count)

SETUP GUIDE

1. Installation

1. Carefully screw the Peteme Smart Light Bulb into a standard E26 light socket.
2. Ensure the power is turned off before installation.
3. Turn on the power to the light fixture. The bulb should blink, indicating it's in pairing mode.

2. App Connection (Smart Life App)

1. Download the "Smart Life" app from your smartphone's app store (iOS or Android).
2. Register or log in to your Smart Life account.
3. Open the app and tap the "+" icon in the top right corner to add a device.
4. Select "Lighting" > "Light Source (Wi-Fi)".
5. Confirm the bulb is blinking rapidly. If not, turn the light switch OFF-ON-OFF-ON-OFF-ON (3 times) to reset it.
6. Enter your Wi-Fi network password (2.4GHz network required).
7. The app will connect to the bulb. Once connected, you can rename the bulb for easy control.

MAINTENANCE

- **Cleaning:** Ensure the bulb is off and cool before cleaning. Wipe with a soft, dry cloth. Do not use liquid cleaners.
- **Storage:** Store bulbs in a cool, dry place when not in use for extended periods.
- **Lifespan:** These LED bulbs are designed for long-lasting performance, saving up to 80% energy compared to traditional bulbs.

TROUBLESHOOTING

Problem	Solution
---------	----------

Problem	Solution
Bulb not connecting to Wi-Fi.	◦ Ensure you are on a 2.4GHz Wi-Fi network. ◦ Reset the bulb by turning the light switch OFF-ON-OFF-ON-OFF-ON (3 times). ◦ Move the bulb closer to your Wi-Fi router. ◦ Check your Wi-Fi password for accuracy.
Voice control not working.	◦ Verify the "Smart Life" skill is enabled and linked in your voice assistant app. ◦ Ensure the bulb is online in the Smart Life app. ◦ Use the exact names you assigned to your bulbs in the app.
Bulb frequently disconnects.	◦ Check your Wi-Fi signal strength. ◦ Ensure your router firmware is up to date. ◦ Avoid placing the bulb too far from the router or near interference sources.
