REDCAMP Foldable Duffle Bag with Wheels

REDCAMP Foldable Wheeled Duffle Bag User Manual

Models: 85L, 120L, 140L

Brand: REDCAMP

1. INTRODUCTION

This manual provides essential information for the proper use, care, and maintenance of your REDCAMP Foldable Wheeled Duffle Bag. Please read these instructions carefully before using the product to ensure optimal performance and longevity.

2. PRODUCT FEATURES

The REDCAMP Foldable Wheeled Duffel Bag is designed for durability and convenience, offering various features for travel and storage:

- **Durable Material:** Constructed from high-density waterproof 1680D PVC Oxford and 210D Polyester, providing wear and tear resistance.
- **Reinforced Construction:** Features tough webbing and strategic seam reinforcement in high-stress areas for enhanced strength.
- **Treaded Wheels:** Equipped with sturdy, heavy-duty treaded rubber wheels housed in a protective casing for smooth mobility across various surfaces.
- **Lightweight & Portable:** Designed to be lightweight and foldable into a compact pouch for easy storage when not in use.
- **Versatile Use:** Suitable for various purposes including travel, shopping, gym, sports, hiking, camping, and general storage.

3. SETUP AND FOLDING INSTRUCTIONS

3.1 Unfolding the Duffle Bag

To prepare your duffle bag for use, simply unroll it from its compact storage pouch and allow it to expand to its full dimensions. The material will naturally take its shape.

3.2 Folding for Storage

The duffle bag can be folded into a compact size for convenient storage. Follow these steps:

1. **Step 1:** Lay the bag flat and fold two sides inward towards the middle.

2. **Step 2:** Roll up the bag tightly from the side opposite the wheels.
3. **Step 3:** Continue rolling the bag into a compact cylinder shape.
4. **Step 4:** Place the rolled bag into its designated storage pouch.

STEP 1

Fold two sides toward the middle of the bag.

STEP 2

Roll up from the side without wheels.

STEP 3

Roll the bag into cylinder.

STEP 4

Put the bag into the pouch.

4. OPERATING INSTRUCTIONS

4.1 Carrying Options

The REDCAMP duffel bag offers multiple ways to transport your belongings:

- **Rolling:** Utilize the sturdy wheels for easy maneuverability, especially when the bag is heavy. Pull the bag using the reinforced handles.
- **Hand Carry:** Use the top handles for carrying the bag by hand. The handles are designed for comfort and durability.

Note: The 85L model does not include backpack straps and is not designed for shoulder carrying.

Two Ways to Carry

Note: This 85L duffel does not include backpack straps and cannot be carried on the shoulder

4.2 Packing and Capacity

The duffel bag provides ample storage capacity. When packing, distribute weight evenly to maintain balance and ease of transport. Avoid exceeding the maximum recommended weight to prevent damage to the bag and its components.

85L LARGE CAPACITY

Maximum weight: 40lbs / 18kg

4.3 Airline Baggage Guidelines

Always check with your specific airline for their current baggage size and weight restrictions before travel. The dimensions of the REDCAMP duffel bag vary by volume (85L, 120L, 140L). Ensure your packed bag complies with airline regulations for checked or carry-on luggage.

Airline baggage size rules

45L

22"x9"x14"
55x23x35cm

Sum of

5. MAINTENANCE

5.1 Cleaning Instructions

- For minor dirt or stains, wipe the bag with a damp cloth and mild soap.
- Do not machine wash or tumble dry, as this may damage the material and structural integrity.
- Allow the bag to air dry completely before folding and storing.

5.2 Storage Recommendations

- Store the bag in a cool, dry place away from direct sunlight when not in use.
- Ensure the bag is clean and dry before storing to prevent mold or mildew.
- Utilize the foldable design to store the bag compactly, saving space.

Cluttered trunk

6. TROUBLESHOOTING

If you encounter any issues with your REDCAMP duffel bag, consider the following general troubleshooting tips:

- **Stuck Zippers:** Apply a small amount of zipper lubricant or a graphite pencil to the zipper teeth to help it move smoothly. Avoid forcing the zipper.
- **Wheel Obstruction:** Check the wheels for any debris (e.g., hair, lint, small stones) that might be preventing smooth rotation. Clean as necessary.
- **Unpleasant Odor:** If the bag has a new product odor, air it out in a well-ventilated area for several days. You can also place odor absorbers inside.
- **Bag Instability:** Ensure items are packed evenly to distribute weight. Overloading one side can cause instability when rolling.

7. SPECIFICATIONS

Key specifications for the REDCAMP Foldable Wheeled Duffle Bag:

Feature	Detail
Material	1680D PVC Oxford and 210D Polyester
