3. ASSEMBLY INSTRUCTIONS

Follow these steps carefully to assemble your Goplus Patio Furniture Set. It is recommended to have two people for easier assembly.

1. **Unpack and Identify Parts:** Carefully remove all components from the packaging. Lay them out on a clean, soft surface to prevent scratches. Identify each part using the provided parts list.
2. **Initial Fastening:** For all connections, insert bolts and tighten them approximately 75% of the way. This allows for slight adjustments and alignment before final tightening. Ensure no plastic bits obstruct screw holes.
3. **Assemble Chairs:** Attach the backrest to the seat frame, then connect the armrests. Secure all connections with the provided hardware, tightening partially.
4. **Assemble Loveseat:** Similar to the single chairs, assemble the loveseat by connecting the backrest, seat frame, and armrests. This may be easier with two people due to its size.
5. **Assemble Coffee Table:** Connect the table legs to the tabletop frame. Once the frame is assembled, carefully place the tempered glass top onto the table, ensuring it aligns with the suction cups for stability.

6. **Final Tightening:** Once all pieces are assembled and aligned, go back and fully tighten all bolts using the Allen wrench. Do not overtighten.

7. **Place Cushions:** Position the soft cushions onto the seats of the chairs and loveseat.

4. USAGE AND CARE

To ensure the longevity and optimal performance of your patio furniture set, please adhere to the following guidelines:

- **Weight Capacity:** Do not exceed the maximum weight capacity for each piece: Loveseat: 800 lbs, Single Chair: 400 lbs, Coffee Table: 165 lbs.
- **Placement:** While weather-resistant, prolonged exposure to extreme weather conditions (heavy rain, strong winds, direct scorching sun) can affect the lifespan of the furniture. Consider using a furniture cover during harsh weather or off-season.
- **Cushion Care:** The cushion covers are removable and zippered for easy cleaning. Hand wash or machine wash on a gentle cycle with cold water. Air dry only. Do not bleach or iron. Store cushions indoors when not in use to prevent fading and prolong their life.

- **Rattan Care:** The PE rattan is low maintenance. For general cleaning, wipe with a damp cloth. For stubborn dirt, use mild soap and water, then rinse thoroughly and dry completely.
- **Glass Tabletop Care:** Wipe the tempered glass tabletop with a damp cloth. For streaks or smudges, use a glass cleaner. Avoid abrasive cleaners or sharp objects that could scratch the surface.

5. MAINTENANCE

Regular maintenance will help preserve the appearance and structural integrity of your furniture set.

- **Seasonal Storage:** During off-seasons or periods of prolonged non-use, especially in areas with harsh winters, it is advisable to store the furniture indoors or cover it with a waterproof, breathable furniture cover.
- **Hardware Check:** Periodically check all bolts and connections to ensure they remain tight. Re-tighten if necessary, but avoid overtightening.
- **Surface Protection:** Use coasters under drinks and placemats under dishes on the coffee table to prevent potential scratches or heat damage to the glass.

6. TROUBLESHOOTING

If you encounter any issues with your furniture set, please refer to the following common solutions:

- **Wobbly Furniture:** Check if all bolts are securely tightened. Ensure the furniture is placed on a flat, even surface. Adjust footpads if available.
- **Difficulty Assembling:** Ensure all parts are correctly oriented as per the diagrams. Do not fully tighten bolts until all connections for a piece are made. Check for any obstructions in screw holes.
- **Damaged Rattan:** Minor fraying can sometimes be carefully trimmed. For significant damage, contact customer support for potential repair advice or replacement parts.
