KLARSTEIN Bolero

KLARSTEIN Bolero 2-in-1 Ceiling Fan with Light

Model: Bolero (10028291)

INTRODUCTION

This manual provides essential information for the safe and efficient operation of your KLARSTEIN Bolero 2-in-1 Ceiling Fan with Light. Please read these instructions carefully before installation and use, and retain them for future reference.

SAFETY INSTRUCTIONS

- Always disconnect power before installation, cleaning, or maintenance.
- Installation must be performed by a qualified electrician in accordance with local wiring regulations.
- Ensure the ceiling structure can support the fan's weight (approximately 8.5 kg).
- Do not insert objects into the fan blades while in operation.
- Keep children and pets away from the fan during operation.
- Use only E14 bulbs with a maximum wattage of 60W.
- The fan is designed for indoor use only.

PRODUCT OVERVIEW

The KLARSTEIN Bolero is a versatile 2-in-1 ceiling fan and light fixture, designed to provide both air circulation and illumination. It features five maple-veneered wooden blades and a brushed nickel body, controlled by a convenient remote.

2-EN-1

Ventilateur de plafond et éclairage en un seul appareil

Components

- Motor housing (brushed nickel)
- Five wooden blades (maple veneer)
- Frosted glass lampshade
- Ceiling mounting bracket
- Downrod
- Remote control
- Mounting hardware

SETUP AND INSTALLATION

Proper installation is crucial for the safe and efficient operation of your ceiling fan. It is recommended that installation be carried out by a qualified professional.

Pre-Installation Checks

- Verify that all components are present and undamaged.
- Ensure the electrical supply is turned off at the main circuit breaker.
- Confirm the ceiling can support the fan's weight (8.5 kg).

Installation Steps

1. **Mounting Bracket:** Securely attach the ceiling mounting bracket to a sturdy ceiling joist or outlet box capable of supporting the fan's weight.
2. **Downrod Assembly:** Attach the downrod to the motor housing. Ensure all screws are tightened.
3. **Wiring:** Connect the electrical wires from the fan to the household wiring according to the wiring diagram provided in the full PDF manual. Ensure all connections are secure.
4. **Fan Body Attachment:** Carefully lift the fan assembly and attach it to the ceiling mounting bracket.
5. **Blade Installation:** Attach the five wooden blades to the motor housing. Ensure they are securely fastened.
6. **Lampshade Installation:** Install the frosted glass lampshade and insert an E14 bulb (max 60W).

For detailed visual instructions, please refer to the official PDF user manual available for download.

OPERATING INSTRUCTIONS

The KLARSTEIN Bolero fan is operated using the included remote control.

UTILISATION SIMPLE

Télécommande pratique fournie

Image: The remote control allows for easy adjustment of fan speed and light settings.

Remote Control Functions

- **Fan ON/OFF:** Turns the fan on or off.
- **Speed Control:** Select from 3 speeds: low, medium, or high.
- **Light ON/OFF:** Turns the integrated light on or off.
- **Rotation Direction:** Switches the direction of blade rotation for summer or winter mode.

Summer and Winter Modes

The fan offers two rotation directions to optimize air circulation for different seasons:

- **Summer Mode (Downward Airflow):** Blades rotate counter-clockwise, creating a downward breeze that provides a cooling effect.
- **Winter Mode (Upward Airflow):** Blades rotate clockwise, circulating warm air near the ceiling downwards, helping to distribute heat evenly throughout the room.

MAINTENANCE

Regular maintenance ensures the longevity and optimal performance of your fan.

- **Cleaning:** Before cleaning, ensure the power supply is disconnected. Wipe the fan blades and motor housing with a soft, damp cloth. Do not use abrasive cleaners or solvents.
- **Blade Inspection:** Periodically check that all blade screws are tight. Loose blades can cause wobbling and noise.
- **Light Bulb Replacement:** Ensure the power is off before replacing the E14 light bulb. Allow the bulb to cool completely before handling.

TROUBLESHOOTING

Problem	Possible Cause	Solution
---------	----------------	----------

Problem	Possible Cause	Solution
Fan does not start	No power supply; Loose wiring; Remote control battery low.	Check circuit breaker; Verify wiring connections; Replace remote control batteries.
Fan wobbles	Loose blades; Uneven blade weight; Improper mounting.	Tighten blade screws; Balance blades (refer to full manual); Re-check mounting.
Light does not work	Bulb faulty; Loose wiring; No power to light.	Replace bulb; Check wiring connections; Ensure light function is activated on remote.
Remote control not working	Low battery; Obstruction; Remote not paired.	Replace batteries; Remove obstructions; Refer to full manual for pairing instructions.

SPECIFICATIONS

Feature	Detail
Model Name	Bolero
Model Number	10028291 (VTS6-1200-aosl)
Brand	KLARSTEIN
Type	2-in-1 Ceiling Fan with Light
Fan Diameter	134 cm
Height (Ceiling to Lamp Base)	38 cm
Weight	8.5 kg
Max Fan Power	55 W
Airflow	Up to 10212 m ³ /h
Max Noise Level	50 dB
Number of Speeds	3 (Low, Medium, High)
Blade Material	MDF with Maple Veneer
Body Material	Brushed Nickel
Lampshade Material	Frosted Glass
Light Socket	E14; Max 60W
Power Supply	220-240V~ / 50-60Hz
Control Method	Remote Control
Usage	Indoor
