JLab HBASTUDIORBLK4

JLab Studio Wireless On-Ear Headphones User Manual

Model: HBASTUDIORBLK4

Brand: JLab

INTRODUCTION

Thank you for choosing JLab Studio Wireless On-Ear Headphones. This manual provides essential information for setting up, operating, and maintaining your headphones to ensure optimal performance and longevity. Please read these instructions carefully before use.

WHAT'S IN THE BOX

- JLab Studio Wireless On-Ear Headphones
- Micro USB Charging Cable
- JLab Two Year Warranty Information

PRODUCT OVERVIEW

The JLab Studio Wireless On-Ear Headphones are designed for comfort and convenience, offering a seamless audio experience with advanced features.

Key Features:

- **30+ Hour Bluetooth 5 Playtime:** Enjoy extended listening sessions with reliable wireless connectivity up to 30 feet.
- **EQ3 Sound:** Customize your audio experience with three equalizer modes: JLab Signature, Balanced, and Bass Boost, without needing an app.
- **Total Control:** Manage music playback, volume, and calls directly from the earcup.
- **Built-in Microphone:** Facilitates clear phone calls and voice assistant activation.
- **Music On-The-Go:** Features smooth-sliding metal adjustments, a feather-light build, and 80-degree

rotating ear cups for portability and comfort.

- **Cloud Foam Comfort:** Ultra-plush faux leather and Cloud Foam cushions provide ergonomic comfort for prolonged use.

TOTAL
CONTROL

You're in charge. Easily adjust volume, play or pause, skip tracks, and control ANC via the buttons on the earcup. Accept or reject calls with the universal mic and activate Siri** or Google Assistant while you're on the GO.

SETUP

Charging Your Headphones

1. Connect the Micro USB charging cable to the charging port on the earcup.
2. Plug the other end of the cable into a USB power source (e.g., computer, wall adapter).
3. The LED indicator will show charging status. A full charge provides over 30 hours of playtime.

Bluetooth Pairing

1. Ensure your headphones are powered off.
2. Press and hold the power button on the earcup until the LED indicator flashes blue and red, indicating pairing mode.
3. On your device (smartphone, tablet, computer), enable Bluetooth and search for available devices.
4. Select "JLab Studio Wireless" from the list.
5. Once connected, the LED indicator will turn solid blue.

OPERATING INSTRUCTIONS

Music Control

- **Play/Pause:** Click the multi-function button once.
- **Volume Up:** Click the '+' button.
- **Volume Down:** Click the '-' button.
- **Next Track:** Click and hold the '+' button for 2+ seconds.
- **Previous Track:** Click and hold the '-' button for 2+ seconds.

Call Control

- **Answer/Hang Up Call:** Click the multi-function button once.
- **Reject Incoming Call:** Click and hold the multi-function button for 1 second.

EQ3 Sound Modes

The EQ3 Sound feature allows you to switch between three equalizer settings to match your audio preference:

- **JLab Signature:** Enhanced vocals and bass.
- **Balanced:** Even sound across all frequencies.
- **Bass Boost:** Amplified bass.

To switch modes, press the EQ button on the earcup. The headphones will announce the current mode.

Voice Assistant Activation

Activate your device's voice assistant (Siri or Google Assistant) by clicking the multi-function button twice.

MAINTENANCE

- Clean the headphones with a soft, dry cloth.
- Avoid exposing the headphones to extreme temperatures, moisture, or corrosive substances.
- Store the headphones in a cool, dry place when not in use. The foldable design allows for compact storage.
- Do not attempt to disassemble or modify the headphones, as this will void the warranty.

TROUBLESHOOTING

No Power

- Ensure the headphones are fully charged using the provided Micro USB cable.
- Press and hold the power button for 2+ seconds to turn on.

Cannot Connect to Bluetooth

- Make sure Bluetooth is enabled on your device and the headphones are in pairing mode (flashing blue/red LED).
- Ensure the headphones are within 30 feet of your device.
- Forget/remove "JLab Studio Wireless" from your device's Bluetooth settings and attempt to pair again.
- If connecting to a new device, ensure the headphones are not currently connected to another device.

Poor Sound Quality

- Check the volume levels on both your headphones and your connected device.
- Ensure there are no obstructions between the headphones and your device that could interfere with the Bluetooth signal.
- Try switching EQ3 sound modes to see if a different setting improves the audio.
