EUHOMY IM-01

EUHOMY Ice Maker Countertop Machine User Manual

Model: IM-01

Brand: EUHOMY

1. Introduction

This manual provides essential information for the safe and efficient operation of your EUHOMY Ice Maker Countertop Machine. This compact and portable ice maker is designed to produce bullet-shaped ice cubes quickly, making it ideal for various settings such as homes, kitchens, offices, and parties. It features a highly efficient compressor for quiet operation and energy saving, along with convenient self-cleaning and intelligent control panel functions.

2. What's in the Box

- EUHOMY Ice Maker Unit
- Ice Basket
- Ice Scoop
- User Manual (this document)

Figure 2.1: Main unit of the EUHOMY Ice Maker with included accessories.

3. Setup

3.1 Unpacking and Placement

Carefully remove all packaging materials. Place the ice maker on a stable, level surface away from direct sunlight and heat sources. Ensure adequate ventilation around the unit. The compact design allows for placement on any countertop in your kitchen, living room, bedroom, or office.

Figure 3.1: Dimensions of the ice maker (12.59"D x 9.64"W x 12.59"H).

3.2 Initial Cleaning

Before first use, it is crucial to clean the ice maker. Remove the ice basket. Add water to the reservoir. Press and hold the ON/OFF button for 5 seconds to activate the self-cleaning mode. This cycle typically runs for 30 minutes. After the cycle, drain the water and wipe down the interior with a soft cloth.

4. Operating Instructions

4.1 Adding Water

Open the top lid and remove the ice basket. Pour clean, potable water into the water reservoir up to the maximum fill line. Do not overfill.

Figure 4.1: Internal view showing the ice basket and water reservoir.

4.2 Powering On and Ice Size Selection

Plug the ice maker into a grounded electrical outlet. Press the "ON/OFF" button on the control panel to turn on the unit. Use the "SELECT" button to choose your desired ice cube size: "S" for small or "L" for large. The indicator light will illuminate next to your selection.

Figure 4.2: Control panel with ON/OFF, SELECT, ADD WATER, and ICE FULL indicators.

4.3 Ice Making Process

The ice maker will begin producing ice cubes. It can produce 9 ice cubes in approximately 8 minutes, with a daily capacity of about 26 lbs. The transparent window allows you to monitor the ice-making process.

Figure 4.3: Freshly made bullet-shaped ice cubes in the removable basket.

4.4 Indicator Lights

- **ICE FULL:** When the ice basket is full, the "ICE FULL" indicator light will illuminate, and the machine will automatically stop making ice to prevent overflow. Empty the ice basket to resume operation.
- **ADD WATER:** If the water level in the reservoir is insufficient, the "ADD WATER" indicator light will illuminate, prompting you to refill the water.

5. Maintenance and Cleaning

5.1 Regular Cleaning

For optimal performance and hygiene, regularly clean your ice maker. The silver stainless steel surface is easy to wipe clean. Periodically clean the interior by running the self-cleaning cycle as described in Section 3.2.

Figure 5.1: The automatic self-cleaning process, activated by holding the power button for 5 seconds.

5.2 Draining Water

When storing the unit or performing a deep clean, ensure all water is drained from the reservoir. Refer to the full user manual for detailed instructions on draining the unit.

6. Troubleshooting

If you encounter any issues with your EUHOMY Ice Maker, please refer to the following common troubleshooting tips:

- **Ice Full Indicator On, but Basket Not Full:** Gently redistribute the ice in the basket to ensure it's not blocking the sensor.
- **Add Water Indicator On, but Water Present:** Ensure the water level is above the minimum line. If it is, try unplugging the unit for a few minutes and plugging it back in to reset the sensor.
- **No Ice Production:** Check if the unit is properly plugged in and powered on. Ensure there is sufficient water in the reservoir. Verify that the ice basket is correctly placed.
- **Unusual Noise:** A highly efficient compressor is designed for quiet operation. If unusual loud noises occur, ensure the unit is on a stable, level surface and not vibrating against other objects.

For more detailed troubleshooting or persistent issues, please consult the comprehensive user manual available in PDF format.

7. Specifications

Feature	Specification
Brand	EUHOMY
Model Name	IM-01
Product Dimensions	12.59"D x 9.64"W x 12.59"H
Ice Production Capacity	26 lbs in 24 Hours
Ice Cube Production Time	9 cubes in 8 Mins
Ice Storage Capacity	1.54 Pounds
Wattage	170 watts
Voltage	120 Volts
Material	Stainless Steel
Special Features	Fast Ice Making, Easy to use, Self-cleaning, Compact Design

8. Warranty and Support

EUHOMY provides a one-year warranty service for this ice maker. If you encounter any issues or require assistance, please contact EUHOMY customer support.
